Romain Rolland Par Lui Meme:

Romain Rolland and the Politics of the Intellectual Engagement David Fisher, 2017-07-05 This intellectual portrait of Romain Rolland 1866 1944 French novelist musicologist dramatist and Nobel prizewinner in 1915 focuses on his experiments with political commitment against the backdrop of European history between the two world wars Best known as a biographer of Beethoven and for his novel *Jean Christophe* Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War and who consciously worked to discredit and reshape that society in the interwar period Analyzing Rolland's itinerary of engaged stands David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement Moving from text to context Fisher organizes the book around a series of debates Rolland's public and private collisions over specific committed stands introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual Fisher presents Rolland's private ruminations extensive research and reexamination of the function and style of the French man of letters He observes that Rolland experimented with five styles of commitment oceanic mysticism linked to progressive democratic politics free thinking linked to antiwar dissent pacifism and ultimately Gandhism antifacism linked to anti imperialism antiracism and all out political resistance to fascism and most controversially fellow traveling as a form of socialist humanism and the positive side of antifascism Fisher views Rolland's engagement historically and critically showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties David James Fisher makes a case for the committed writer and hopes to re ignite the debate about commitment For him Romain Rolland sums up engagement in a striking dialectical formula *Bridging East and West* Chinmoy Guha, 2018-09-10 Dating from 1919 to 1940 these letters and telegrams are being published for the first time in English in their entirety They manage to capture the essence of Tagore and Rolland's friendship in their struggle with the conflict between nationalism and human conscience This volume also presents three important conversations the two engaged in at various points in time as well as letters by Rathindranath Tagore and others and lays out the journey of these two writers towards the imaging of a different world outside jingoistic politics This correspondence presents the finest exchange of thought between the East and the West and scripts the intellectual history of early twentieth century *British and French Writers of the First World War* Frank Field, 1991-01-25 The impact of the Great War on some of France and Britain's most prominent writers **The Oceanic Feeling** J.M Masson, 2012-12-06 By way of a personal note I can reveal to the reader that I was led to Sanskrit by an exposure to Indian philosophy while still a child These early mystical interests gave way in the university to scholarly pursuits and through reading the works of Franklin Edgerton Louis Renou and Etienne Lamotte I was introduced to the scientific study of the past to philology and the academic study of an ancient literature In this period I wrote a number of books on Sanskrit aesthetics concentrating on the sophisticated Indian notions of

suggestion This work has culminated in a three volume study of the Dhvanyaloka and the Dhvanyalokalocana for the Harvard Oriental Series Eventually I found that I wanted to broaden my concern with India to learn what was at the universal core of my studies and what could be of interest to everyone In reading Indian literature I came across so many bizarre tales and ideas that seemed incomprehensible and removed from the concerns of everyday life that I became troubled Vedantic ideas of the world as a dream for example to which I had been particularly partial seemed grandiose and megalomaniac I turned away with increasing scepticism from what I felt to be the hysterical outpourings of mystical and religious fanaticism Le Guide Musical ,1905 *French Intellectuals and Politics from the Dreyfus Affair to the Occupation* D. Drake,2005-04-05 A companion volume to Drake's *Intellectuals and Politics in Post War France* 2002 *French Intellectuals from the Dreyfus Affair to the Occupation* traces the political positions adopted by French writers and artists from the end of the 19th century to the Liberation Drawing on a wide range of primary and secondary sources it offers a clear and accessible analysis of the intellectuals' engagement with nationalism pacifism communism anti communism surrealism fascism and anti fascism which is located within the evolving national and international context of the period **The Great War and the French People** Jean Jacques Becker,1985 A well known authority in the field provides a wide ranging exploration of the repercussions of the First World War upon the French people **Piaget Before Piaget** Fernando Vidal,1994 In his detailed account of Jean Piaget's childhood and adolescence Neuchâtel Vidal reveals a little known Piaget a youth whose struggle to reconcile science and faith adds a new dimension to our understanding of the great psychologist's life thought and work The Living Age ,1922 **Nominations Before the Senate Armed Services Committee, Second Session, 102d Congress** United States.
