Roman Historical Coins

Clive Foss

Roman Historical Coins:

Historical Roman Coins Sir George Francis Hill, 1909 *Roman History from Coins* Michael Grant, 1958 This 1968 study examines how Rome used currency to inform direct or deceive public opinion and also considers the results of this exploitation

Roman Historical Coins Clive Foss, 1990 *Ancient History from Coins* Christopher Howgego, 2002-09-11 Like other volumes in this series *Ancient History from Coins* demystifies a specialism introducing students from first year upwards to the techniques methods problems and advantages of using coins to do ancient history Coins are a fertile source of information for the ancient historian yet too often historians are uneasy about using them as evidence because of the special problems attaching to their interpretation The world of numismatics is not always easy for the non specialist to penetrate or understand with confidence Dr Howgego describes and analyses the main contributions the study of coins can make to ancient history showing through numerous examples how the character patterns and behaviour of coinage bear on major historical themes Topics range from state finance and economic policy to imperial domination and political propaganda through coins types The period covered by the book is from the invention of coinage ca 600BC to AD 400

Historical References on Coins of the Roman Empire from Augustus to Gallienus Edward Allen Sydenham, 1968 The importance of the scientific study of ancient coins relative to that of history has long been recognised In their historical aspect the coins of the Roman Empire present three phases of interest 1 As contemporary monuments the coins supply corroborative evidence of facts which are recorded by historians 2 In a number of instances the coins fill up gaps in the narrative and supply information which historians have omitted or which for some reason has been lost 3 There are examples of coins which make statements contrary to what is known to be historical fact Such coins must be regarded as having been struck in anticipation of events which were expected or hoped for but not actually accomplished Introduction

The Roman Republic to 49 BCE Liv Maria Yarrow, 2021-05-06 The narrative of Roman history has been largely shaped by the surviving literary sources augmented in places by material culture The numerous surviving coins can however provide new information on the distant past This accessible but authoritative guide introduces the student of ancient history to the various ways in which they can help us understand the history of the Roman republic with fresh insights on early Roman Italian relations Roman imperialism urban politics constitutional history the rise of powerful generals and much more The text is accompanied by over 200 illustrations of coins with detailed captions as well as maps and diagrams so that it also functions as a sourcebook of the key coins every student of the period should know Throughout it demystifies the more technical aspects of the field of numismatics and ends with a how to guide for further research for non specialists

Ancient Coins of the Graeco-Roman World Waldemar Heckel, Richard Sullivan, 2010-10-30 Through the ages coins have been more than a common standard or a means of exchange between peoples for goods and services The development of coinage gave men freedom to move beyond their communities served as a propaganda tool for advancing armies and visually showed people the source of politics which

governed their lives Today these same bits of metal these ancient video disks transmit through time information that might otherwise be lost to us This volume comprises a selection of papers given at a conference held at the Nickle Museum of The University of Calgary Alberta by perhaps the most distinguished gathering of numismatists ever to assemble in North America Topics include specific coins of the Graeco Roman world as well as discussions on coinage and propaganda art architecture and archaeology Archaeologists historians coin collectors students of the Classics in fact anyone who is interested in art and life as it existed in ancient times will be captivated by this collection *A Descriptive Catalogue of Rare and Unedited Roman Coins* John Yonge Akerman, 1834 The Mysterious Spheres on Greek and Roman Ancient Coins Raymond V. Sidrys, 2020-12-31 This book is not a standard coin catalogue but it focuses on quantities and percentages of the mysterious 5950 sphere images on Roman coin reverses and a few Greek coins This research identifies political cultural religious and propaganda trends associated with the coin sphere images and offers a variety of new findings **The Legend of Alexander the Great on Greek and Roman Coins** Karsten Dahmen, 2007-01-24 This outstanding introductory survey collects presents and examines for the very first time the portraits and representations of Alexander the Great on the ancient coins of the Greek and Roman period From 320 BC to AD 400 Karsten Dahmen examines not only Alexander's own coinage and the posthumous coinages of his successors but also the re use of his image by rulers from the Greek world and the Roman empire to late antiquity Also including numismatic material that exceeds all previous published works and well illustrated this historical survey brings Alexander and his legacy to life **Roman Coins and Their Values** David Sear, 2004-12-31 The original edition of this volume was published by Seaby thirty-six years ago and has been through three revisions 1970 1974 and 1981 The only one-volume price guide to the coinage of Republican and Imperial Rome It is an indispensable listing of all major types of gold silver and bronze issued over some seven hundred and fifty years by the greatest militaristic state the world has ever known Over 4 300 coins are included with detailed description and valuations and all major and minor personalities are listed by means of their portrait coins This fourth revised edition takes note of recent work in the field especially that of Professor Michael Crawford **Roman Coins from the Earliest Times to the Fall of the Western Empire** Harold Mattingly, 1928 **Coinage and History of the Roman Empire** David Vagi, 2016-09-16 First Published in 2001 Coinage and History of the Roman Empire is an invaluable study in the fields of Roman history and numismatics Current scholarship is invoked throughout as a corrective to other published sources hundreds of significant updates in chronology historical perspective and numismatic attribution make this book indispensable The book consists of two volumes volume one History volume two Coinage The 550 year period covered The Imperial Age c 82 27 B C and The Roman Empire 27 B C to A D 480 is divided into twelve epochs each prefaced with an overview of the period's social and historical developments Coinage and History of the Roman Empire is fully illustrated including family trees tables maps and includes an extensive bibliography as well alphabetical and chronological indexes Historical

Roman Coins Sir George Francis Hill, 1966 **A History of Ancient Rome in Twelve Coins** Gareth Harney, 2025-01-14

Hold the glory and infamy of ancient Rome in the palm of your hand in this extraordinary and accessible story of history's greatest superpower as told through humanity's most universal object the coin When Gareth Harney was first handed a Roman coin by his father as a child he became entranced by its beauty and its unique ability to connect us with the distant past He soon learned that the Romans saw coins as far more than just currency these were metal canvases on which they immortalized their sacred gods mighty emperors towering monuments and brutal battles of conquest Revealed in those intricate designs struck in gold silver and bronze was the epic story of the Roman Empire Now with his novel and highly readable Philip Matyszak author of *The Blood Red Sunset* voice and engaging research Harney traces ancient Rome's rise from a few huts on an Italian hilltop to an all conquering empire spanning three continents through the fascinating lives of twelve remarkable coins A unique and enthralling work of history for experts and casual history buffs **Historical**

References on coins of the Roman Empire Edward Allen Sydenham, 1968 **Roman History and Coinage, 44 BC-AD 69** Carol Humphrey Vivian Sutherland, 1987 The period covered by this book from Julius Caesar to Vespasian is richly documented in addition to Augustus own *Res Gestae* by the historians Tacitus Suetonius Dio Cassius and Velleius It also saw the development of the profuse Roman imperial coinage The ancient historians presented a generally personal view of the events which they recorded for these years the coinage itself full of succinct historical references gives us a governmental view The book compares these two streams of historical record in relation to fifty events common to both for which the ancient historians are cited and translated in full and the relevant coins all described and mostly illustrated are critically discussed Simply because it was the product of governmental agency the coinage is seen to constitute a valuable source material in its own right *Coinage in the Roman Economy, 300 B.C. to A.D. 700* Kenneth W. Harl, 1996-07-12 In *Coinage in the Roman Economy 300 B C to A D 700* noted classicist and numismatist Kenneth W Harl brings together these two fields in the first comprehensive history of how Roman coins were minted and used **HISTORICAL ROMAN COINS FROM THE**
