**A Cultural History of Sexuality in the Middle Ages** Ruth Evans, 2012-03-01

Historians of sexuality have often assumed that medieval people were less interested in sex than we are. But people in the Middle Ages wrote a great deal about sex in confessors' manuals, in virginity treatises, and in literary texts. This volume looks afresh at the cultural meanings that sex had throughout the period, presenting new evidence and offering new interpretations of known material. Acknowledging that many of the categories that we use today to talk about sexuality are inadequate for understanding sex in premodern times, the volume draws on important recent work in the historiography of medieval sexuality to address the conceptual and methodological challenges the period presents. *A Cultural History of Sexuality in the Middle Ages* presents an overview of the period with essays on heterosexuality, homosexuality, sexual variations, religious and legal issues, health concerns, popular beliefs about sexuality, prostitution, and erotica.

**Twenty-First-Century Children's Gothic** Chloe

Germaine Buckley, 2018-01-09

Brings Ben Jonson to the twenty-first century by reading *Volpone* through psychoanalysis, poststructuralism, and Marxism.

**Attachment and Psychoanalysis** Morris N. Eagle, 2013-01-01

Although attachment theory was originally rooted in psychoanalysis, the two areas have since developed quite independently. This incisive book explores ways in which attachment theory and psychoanalysis have each contributed to understanding key aspects of psychological functioning, including infantile and adult sexuality, aggression, psychopathology, and psychotherapeutic change, and what the two fields can learn from each other. Morris Eagle critically evaluates how psychoanalytic thinking can aid in

expanding core attachment concepts such as the internal working model and how knowledge about attachment can inform clinical practice and enrich psychoanalytic theory building Three chapters on attachment theory and research are written in collaboration with Everett Waters

**Learning Curves** Beth Younger, 2009-07-09 Adolescence is a time of growth change and confusion for young women During this transition from childhood to adulthood sex and gender roles become more important Meanwhile depictions of females—from the hyper sexualized girls of music videos to the chaste repression of Purity Balls—send mixed messages to young women about their bodies and their sexuality Over the last several decades authors of young adult novels have been challenged to reflect this concern in their work and have responded with varying degrees of success In *Learning Curves: Body Image and Female Sexuality in Young Adult Literature* Beth Younger examines how cultural assumptions and social constraints are reinforced and complicated through common representations of young women Each chapter analyzes a recurrent theme in the history of young adult literature including issues of body image pregnancy abortion lesbianism and romance By examining selected novels for their sexual content situating them within their social and historical context and analyzing their discursive qualities the author reveals the multitude of complex ways that society depicts teenagers and their sexualities and offers a critique of patriarchal culture that gives value to the female experience

Sacred Music, Religious Desire and Knowledge of God Julian Perlmutter, 2020-02-20 Many people find sacred choral music profound and deeply evocative even in societies that seem to be turning away from religious belief In this book Julian Perlmutter examines how in light of its wide appeal sacred music can have religious significance for people regardless of their religious convictions By differentiating between doctrinal belief and the desire for God Perlmutter explores a longing for the spiritual that is compatible with both belief and interested non belief He describes how sacred music can elicit this kind of longing thereby helping the listener to grow in religious openness The work of Thomas Merton is also analyzed in order to show that musically elicited desire for God can be incorporated into the Christian practice of contemplative prayer aimed ultimately at a union of love with God By exploring connections between desire knowledge and religious practice this engaging account illustrates how sacred music can have a transformative effect on one's wider spiritual life Of particular interest to philosophers and theologians the book makes a novel contribution to several topics including religious

epistemology the philosophy of emotion and aesthetics

**Romance Revisited** Lynne Pearce, Jackie Stacey, 1995-10 After decades of feminism and deconstruction romance remains firmly in place as a central preoccupation in the lives of most women Divorce rates skyrocket the traditional family is challenged from all sides and yet romance seems indestructible In terms of its cultural representation the popularity of romance also appears unchallenged Popular fiction Hollywood cinema television soap operas and the media in general all display a seemingly bottomless appetite for romantic subjects The trappings of classic romance white weddings love songs Valentine's Day are as commercially viable as ever In this anthology of original essays romance is revisited from a wide spectrum of perspectives not just in fiction and film but in a whole range

of cultural phenomena Essays range over such issues as Valentine's Day interracial relationships medieval erotic visions and modern romance fiction the relationship between the lesbian poet H D and Bryher the pervasive whiteness of romantic desire lesbian erotica in the age of AIDS and the public romance of Charles and Diana *Romantic Passion* William Jankowiak, William R. Jankowiak, 1997-02-13

Observers from the West the book contends have incorrectly projected rigid ethnocentric notions of love and marriage onto cultures around the world Contributors look beyond each society's official institutions to explore expressions of love offering new perspectives on arranged marriages and polygamy and reexamining as well the other side of the equation rejection and grief **Love Across Borders** Kelly Chong, 2020-09-29 High rates of intermarriage especially with Whites have been viewed as an indicator that Asian Americans are successfully assimilating signaling acceptance by the White majority and their own desire to become part of the White mainstream Comparing two types of Asian American intermarriage interracial and interethnic Kelly H Chong disrupts these assumptions by showing that both types of intermarriages in differing ways are sites of complex struggles around racial ethnic identity and cultural formations that reveal the salience of race in the lives of Asian Americans Drawing upon extensive qualitative data Chong explores how interracial marriages far from being an endpoint of assimilation are a terrain of life long negotiations over racial and ethnic identities while interethnic intra Asian unions and family making illuminate Asian Americans ongoing efforts to co construct and sustain a common racial identity and panethnic culture despite interethnic differences and tensions Chong also examines the pivotal role race and gender play in shaping both the romantic desires and desirability of Asian Americans spotlighting the social construction of love and marital choices Through the lens of intermarriage *Love Across Borders* offers critical insights into the often invisible racial struggles of this racially in between model minority group particularly its ambivalent negotiations with whiteness and white privilege and on the group's social incorporation process and its implications for the redrawing of color boundaries in the U S [Listen to us at last!](#) Natalie Christine Walther, 2025-01-17 What remains when the space for our children becomes increasingly limited and creativity curiosity and playful learning no longer have a place When Artificial Intelligence is suddenly supposed to be our future This book is a passionate plea for all children It makes the silent cries for help of our children and adolescents audible who struggle daily with physical and mental challenges In 37 works from conception to 18 years from desire for children birth or adoption to topics such as school neurodermatitis ADHD autism depression vaccinations or ChatGPT a deep look behind the scenes is taken This book is also addressed to all those who are searching for the causes of their own childhood wounds and want to understand how we can together create a worthwhile future with our children [Love's Knowledge](#) Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of

ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements **The Death-ego and the Vital Self** Gavriel

Reisner,2003 This volume presents original views of the relationship between desire and romance It begins by looking anew at the nature of desire citing its central theoretical text as Freud's Beyond the Pleasure Principle It traces the struggle between myth and romance between the ego on its way to death and the self in search of life through close readings of poems and letters of John Keats and in detailed considerations of a series of novels including Frankenstein Wuthering Heights Jane Eyre and Sons and Lovers **The Structure of Concern: A Challenge for Thinkers** Neil LaChapelle,2008-12-08 This

book has two goals It introduces a pattern of 4 interlocking constraints which I call the structure of concern and it issues a challenge to all of the thinkers of world to find the best level of description for it the level at which it might be explained concern structure models turn up everywhere including discussions of knowledge management methodologies suicide yoga information systems sex multi agent networking ethics nervous system organization drama military planning speech pragmatics forest conservation education and even philosophy Some concern structure models are quite specialized and obscure but some others count among the most widely used conceptual frameworks we have My main goal in this book is simply to compare all of these frameworks to point out the similarities between them This catalog itself is the argument I make in this book the argument that some universal pattern lurks among all these models a universal pattern that needs description **Illumination** Christopher Alan Anderson,2012-09-13 A metaphysical account as well as the author's own

experience of illumination This writing is a step into the light of a procreative metaphysics as well as being the author's most autobiographical statement The Man and Woman Spiritual Center is only expressed in an actual touch between a man and a woman It cannot be expressed in any other way That touch may range from a momentary conscious recognition to a full embrace but a touch one to another it is The Spiritual Center is not expressed through belief pledge worship ritual or the paying of alms It is not something that can be institutionalized dogmatized or ratified There isn't any prescribed path to take master to follow or status to attain for its expression There is only a man and a woman touching and expressing creation together Illumination Author Bio Christopher Alan Anderson 1950 received the basis of his education from the University of Science and Philosophy Swannanoa Waynesboro Virginia He resides in the transcendental romantic tradition that vein of

spiritual creativity of the philosopher and poet His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love Mr Anderson began these writings in 1971 The first writings were published in 1985 On a personal note when Mr Anderson was asked to describe the writings and what he felt their message was he responded Spiritual procreation Mankind has yet to distinguish the two sexes on the spiritual level In this failure lies the root of our problems and why we cannot yet touch the eternal together The message of man and woman balance brings each of us together in love with our eternal other half right now keywords Illumination Procreation Metaphysics Spirit Sexual Touch Male And Female Consciousness **Never Meant to Be Alone** Justin Hendrix,2024-12-27 We tend to think of singleness as simply the absence of marriage We think its value comes from the freedom that entails Yet singleness is not empty We perceive it as such because we struggle to articulate its real worth Singleness and marriage are complements not opposites Both point toward union with God in Christ They rest on the same promises and they participate in the same reality There are distinct elements of God s character and purposes that are revealed in singleness just as there are in marriage The goal of this book is to see his beauty more clearly from the vantage that singleness offers **Lawyers at Play** Jessica Winston,2016 Many early modern poets and playwrights were also members of the legal societies the Inns of Court and these authors shaped the development of key genres of the English Renaissance especially lyric poetry dramatic tragedy satire and masque But how did the Inns come to be literary centers in the first place and why were they especially vibrant at particular times Early modernists have long understood that urban setting and institutional environment were central to this phenomenon in the vibrant world of London educated men with time on their hands turned to literary pastimes for something to do Lawyers at Play proposes an additional more essential dynamic the literary culture of the Inns intensified in decades of profound transformation in the legal profession Focusing on the first decade of Elizabeth s reign the period when a large literary network first developed around the societies this study demonstrates that the literary surge at this time developed out of and responded to a period of rapid expansion in the legal profession and in the career prospects of members Poetry translation and performance were recreational pastimes however these activities also defined and elevated the status of inns of court men as qualified learned and ethical participants in England s legal magistracy those lawyers judges justices of the peace civic office holders town recorders and gentleman landholders who managed and administered local and national governance of England Lawyers at Play maps the literary terrain of a formative but understudied period in the English Renaissance but it also provides the foundation for an argument that goes beyond the 1560s to provide a framework for understanding the connections between the literary and legal cultures of the Inns over the whole of the early modern period Sex and Love in the Home, Second Edition David M. McCarthy,2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of

Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne
