Chikamatsu C. Andrew Gerstle,Chikamatsu,2002-09-04 Chikamatsu Monzaemon 1653 1725 often referred to as Japan s Shakespeare and a god of writers was arguably the most famous playwright in Japanese history and wrote more than 100 plays for the kabuki and bunraku theaters Today the plays of this major literary figure are performed on kabuki and bunraku stages as well as in the modern theater and forty nine films of his plays have been made thirty one of them from the silent era Translations of Chikamatsu s plays are available but we have few examples of his late work in which he increasingly incorporated stylistic elements of his shorter contemporary dramas into his longer period pieces Translator C Andrew Gerstle argues that in these mature history plays Chikamatsu depicted the tension between the private and public spheres of society by combining the rich character development of his contemporary pieces with the larger political themes of his period pieces

In this volume Gerstle translates five plays four histories and one contemporary piece never before available in English that complement other collections of Chikamatsu's work revealing new dimensions to the work of this great Japanese playwright and artist

China's Governance Puzzle Jonathan R. Stromseth, Edmund J. Malesky, Dimitar D. Gueorguiev, 2017-02-27 China is widely viewed as a global powerhouse that has achieved a remarkable economic transformation with little political change Less well known is that China's leaders have also implemented far-reaching governance reforms designed to promote government transparency and increase public participation in official policymaking What are the motivations behind these reforms and more importantly what impact are they having This puzzle lies at the heart of Chinese politics and could dictate China's political trajectory for years to come This extensive collaborative study not only documents the origins and scope of these reforms across China but offers the first systematic assessment by quantitatively and qualitatively analyzing the impact of participation and transparency on important governance outcomes Comparing across provinces and over time the authors argue that the reforms are resulting in lower corruption and enhanced legal compliance but these outcomes also depend on a broader societal ecosystem that includes an active media and robust civil society

Fact in Fiction Kristin Stapleton, 2016-08-17 Historical novels can be windows into other cultures and eras but it's not always clear what's fact and what's fiction Thousands have read Ba Jin's influential novel *Family* but few realize how much he shaped his depiction of 1920s China to suit his story and his politics In *Fact in Fiction* Kristin Stapleton puts Ba Jin's bestseller into full historical context both to illustrate how it successfully portrays human experiences during the 1920s and to reveal its historical distortions Stapleton's attention to historical evidence and clear prose that directly addresses themes and characters from *Family* create a book that scholars students and general readers will enjoy She focuses on Chengdu China Ba Jin's birthplace and the setting for *Family* which was also a cultural and political center of western China The city's richly preserved archives allow Stapleton to create an intimate portrait of a city that seemed far from the center of national politics of the day but clearly felt the forces of and contributed to the turbulent stream of Chinese history
