Nelson, 1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company **Israeli-Romanian Relations at the End of the Ceaușescu Era** Yosef Govrin, 2002 Yosef Govrin was the Israeli Ambassador to Romania in the twilight of the communist era Govrin describes Israeli Romanian relations as he observed them from 1985 to 1989 after which the leader of Romania was deposed *Israeli-Romanian Relations at the End of the Ceausescu Era* Yosef Govrin, 2014-02-25 Yosef Govrin was the Israeli Ambassador to Romania in the twilight of the communist era Govrin describes Israeli Romanian relations as he observed them from 1985 to 1989 after which the leader of Romania was deposed **The Balkans** Mark Biondich, 2011-02-17 Examines the origins of political violence in the Balkans since the 19th century while treating the region as an integral part of modern European history reminding us that political violence and ethnic cleansing are hardly unique to this region Popular Protest And Political Culture In Modern China Jeffrey N Wasserstrom, 2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsing yuan s eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo one of China s most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras TEXT CONCLUSION To facilitate classroom use the volume has been reorganized into groups of interrelated essays The editors introduce each section and offer a list of suggested readings that complement the material in that section The Soviet Empire Reconsidered Sanford R. Lieberman, David E Powell, Carol R Saivetz, Sarah M Terry, 2019-07-11 The demise of any empire provides an occasion for fresh examination of longaccepted truths about its history and its intrinsic nature What set this particular empire apart from others Why did it develop in the way that it did Could events have taken a different path What legacies has the empire left to its heirs In this volume eminent scholars reflect on the unique and central features of the Soviet empire during its period of consolidation in Europe and speculate on the long term effects of its collapse They reconsider subjects that have absorbed Adam Ulam s attention in his own work the ideologies of central planning of totalitarianism and state terror at home and of intervention abroad and explore their impact on the people who lived under Soviet power at its apogee They also analyze the unraveling of the system on the domestic scene in elite and grassroots politics and in the international arena Concluding chapters focus on the configuration of new domestic and foreign policies

and on prospects for security and cooperation in the region      Balkan Imbroglio Daniel N Nelson,2021-11-28 As Europe underwent extraordinary changes in 1989 1990 the continent's south eastern region the Balkans began once again to draw attention for its ethnic rivalries its political turmoil and its interstate disputes Continuing tensions and instability have fostered images of a Balkan imbroglio where regional instability could affect all of Europe This study offers country specific and comparative assessments of political trends during this transitional era placing emphasis on matters of international security socioeconomic policy and political leadership Also considered are the requisite conditions for democracy in the role of the military in a civil society and the manner in which security can be achieved without overarching hegemonic alliances

*Romania After Tyranny* Daniel N Nelson,2019-06-19 In 1973 Romanians were beginning to recognize that the regime of Nicolae Ceausescu contrary to what his first five or six years in power seemed to imply would bring no respite from communism Instead after a 1971 mini cultural revolution ended hope for a Bucharest spring and intellectual latitude was curtailed further in 1972 73 the ominous possibilities of Ceausescu were becoming evident In 1973 I went to Romania on a dissertation research grant from the International Research and Exchanges Board It was a year in which wide ranging survey research was still possible But it was also a time when historians and writers who had different ideas or workers who gave thought to non party union organization felt the heavy hand of Ceausescu's Securitate As happens to most graduate students and their field research it was a formative experience with indelible impressions that remain today      **Labour Relations in**

**Development** Alex Fernández Jilberto, Marieke Riethof,2002-08-22 This timely and well written collection explores the impact of economic reforms in developing and transitional economies across the world In a first of its kind this book examines such issues as in depth cross regional analysis of the pressures for global integration labour costs and their determinants crucial factors in the success of economic development      *Balkan Strongmen* Bernd Jürgen Fischer,2007 Bernd J Fischer has put together a collection that highlights the impact of Balkan leaders on nationalism ethnic and sociocultural factors economic frameworks and other territorial dynamics that provided the undercurrents that were exposed during the Balkan's recent fragmentation      The Revolutions of 1989 Vladimir Tismaneanu,2005-07-28 The Revolutions of 1989 is a collection of both classic and recent articles examining the causes and consequences of the collapse of communism in East and Central Europe the most important event in recent world history It includes discussion of the economic political and social nature of revolutions the role of dissidents and civil society in encouraging the breakdown of eastern European communist regimes comparisons with other revolutions the extent of the collapse of Leninist regimes in East Central Europe European historians scholars and students will want to make this an integral part of their studies      *Romania Since 1989* Henry F. Carey,2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania's journey from sultanistic national communism to a yet unreached democratic government      *History of Communism in Europe vol. 2 / 2011* Corina Pălășan,Cristian

Vasile,2011-01-01      **Political Leadership in an Era of Decolonisation** Malcolm Murfett,2023-11-10 What is leadership and why is it so important In what ways does it look very different in different contexts and in what ways does it look the same Malcolm Murfett brings together a range of emerging and established scholars to examine these questions in light of some of the mid twentieth century s most intriguing national leaders In a series of striking biographical chapters lessons are drawn from the apartheid era in South Africa Lee s remarkable socio economic transformation of Singapore Castro s revolutionary overhauling of Cuba and the playing out of Bandaranaike s populist agenda in Sri Lanka The book illuminates what Brezhnev and Nixon were looking for in the Cold War and what happened when the people turned against Nyerere in Tanzania the Shah in Iran and Ceau escu in Romania These case studies address what leadership meant for the individuals whose record in power is being examined These are not idealised portraits of how to do leadership but warts and all portrayals of exceptional individuals who scrabbled their way to the top and stayed there for several years during a period of great change Business schools have long studied the theoretical axioms of corporate leadership What this book does however is to move beyond the theory into the practical realm of politics and statecraft This is a fascinating book on leadership that will be of interest for students researchers and practitioners studying leadership in business and politics as well as for students of global history decolonisation and the Cold War      *Nicolae Ceaușescu and the Romanian Political Leadership* Mary Ellen Fischer,1983      *Women in the Politics of Postcommunist Eastern Europe* Marilyn Rueschemeyer,2016-09-16 During the Communist period in most of these contries even women with small children typically worked outside the home and their participation in formal institutions was virtually mandatory Today as they are being disproportionately affected by marketization downsizing the dramatic erosion of social services and as their sons are being drafted to participate in an unending series of border wars have women found a new political voice      **The Romanian Revolution of December 1989** Peter Siani-Davies,2007 The Romanian Revolution of 1989 was the most spectacularly violent and remains today the most controversial of all the East European upheavals of that year Despite or perhaps because of the media attention the revolution received it remains shrouded in mystery How did the seemingly impregnable Ceausescu regime come to be toppled so swiftly and how did Ion Iliescu and the National Salvation Front come to power Was it by coup d tat Who were the mysterious terrorists who wreaked such havoc on the streets of Bucharest and the other major cities of Romania Were they members of the notorious securitate What was the role of the Soviet Union Blending narrative with analysis Peter Siani Davies seeks to answer these and other questions while placing the events and their immediate aftermath within a wider context Based on fieldwork conducted in Romania and drawing heavily on Romanian sources including television and radio transcripts official documents newspaper reports and interviews this book is the most thorough study of the Romanian Revolution that has appeared in English or any other major European language Recognizing that a definitive history of these events may be impossible Siani Davies focuses on the ways in which participants interpreted the events according to

particular scripts and myths of revolution rooted in the Romanian historical experience In the process the author sheds light on the ways in which history and the conflicting retellings of the 1989 events are put to political use in the transitional societies of Eastern Europe     The Political Economy of China's Systemic Transformation V. Mantzopoulos,R. Shen,2011-06-06 The future success of China's rapidly growing economy remains uncertain This book analyzes official documents data and current writings of recognized academicians investigating China's experience with systemic restructuring     Handbook of Political Science Research on the USSR and Eastern Europe Ray Taras,1992-10-23 This critical history of and guide to Soviet studies aims to take stock of the achievements and shortcomings in Western research on the region's politics and to serve as a who's who of Western Sovietologists identifying many prominent political scientists from the former Communist states     Hesitant Histories on the Romanian Screen László Strausz,2017-07-20 This book argues that hesitation as an artistic and spectatorial strategy connects various screen media texts produced in post war Romania The chapters draw a historical connection between films made during the state socialist decades televised broadcasts of the 1989 Romanian revolution and films of the new Romanian cinema The book explores how the critical attitude of new Romanian cinema demonstrates a refusal to accept limiting binary discourses rooted in Cold War narratives Strausz argues that hesitation becomes an attempt to overcome restrictive populist narratives of the past and present day By employing a performative and mobile position audiences are encouraged to consider conflicting approaches to history and social transformation
