Romano British Coin Hoards

David Shotter

Romano British Coin Hoards:

Romano-British Coin Hoards Richard Abdy, 2008-03-04 The best testament to Britain's participation in Graeco-Roman civilisation is its hidden monuments hoards of household valuables or decorations and also rich hoards of gold silver and bronze coins This book provides an introduction to Romano-British coin hoards and places major discoveries in the story of the Roman province's monetary system *An Inventory of Romano-British Coin Hoards* Anne S. Robertson, 2000-01-01

Iron Age and Roman Coin Hoards in Britain Roger Bland, Adrian Chadwick, Colin Haselgrove, David Mattingly, 2020-06-30 More coin hoards have been recorded from Roman Britain than from any other province of the Empire This comprehensive and lavishly illustrated volume provides a survey of over 3260 hoards of Iron Age and Roman coins found in England and Wales with a detailed analysis and discussion Theories of hoarding and deposition and examined national and regional patterns in the landscape settings of coin hoards presented together with an analysis of those hoards whose findspots were surveyed and of those hoards found in archaeological excavations It also includes an unprecedented examination of the containers in which coin hoards were buried and the objects found with them The patterns of hoarding in Britain from the late 2nd century BC to the 5th century AD are discussed The volume also provides a survey of Britain in the 3rd century AD as a peak of over 700 hoards are known from the period from AD 253-296 This has been a particular focus of the project which has been a collaborative research venture between the University of Leicester and the British Museum funded by the AHRC The aim has been to understand the reasons behind the burial and non-recovery of these finds A comprehensive online database <https://finds.org.uk/database> underpins the project which also undertook a comprehensive GIS analysis of all the hoards and field surveys of a sample of them *Coin Hoards and Hoarding in the Roman World* Jerome Mairat, Andrew Wilson, Chris Howgego, 2022-08-04 *Coin Hoards and Hoarding in the Roman World* presents fourteen chapters from an interdisciplinary group of Roman numismatists historians and archaeologists discussing coin hoarding in the Roman Empire from c. 30 BC to AD 400 The book illustrates the range of research themes being addressed by those connected with the Coin Hoards of the Roman Empire Project which is creating a database of all known Roman coin hoards from Augustus to AD 400 The volume also reflects the range of the Project's collaborations with chapters on the use of hoard data to address methodological considerations or monetary history and coverage of hoards from the west centre and east of the Roman Empire essential to assess methodological issues and interpretations in as broad a context as possible Chapters on methodology and metrology introduce statistical tools for analysing patterns of hoarding explore the relationships between monetary reforms and hoarding practices and address the question of value emphasizing the need to consider the whole range of precious metal artefacts hoarded Several chapters present regional studies from Britain to Egypt conveying the diversity of hoarding practices across the Empire the differing methodological challenges they face and the variety of topics they illuminate The final group of chapters examines the evidence of hoarding for how long coins stayed in circulation

illustrating the importance of hoard evidence as a control on the interpretation of single coin finds the continued circulation of Republican coins under the Empire and the end of the small change economy in Northern Gaul

Coin Hoards and Hoarding in Roman Britain Ad 43 - C498 Roger Bland, 2000-04 Britain has a uniquely rich heritage of coin hoards of the Roman period with over 3 400 known from the Iron Age through to the fifth century ad This book is the product of a lifetime's work studying these hoards and is the first comprehensive survey for eighty years There are chapters on the study of hoards on hoarding in general on the Iron Age to Roman transition to ad 69 the denarius period ad 69 238 radiate hoards ad 238 96 the fourth and fifth centuries ad 296 c 491 and late Roman precious metal hoards It also contains a full checklist of all Iron Age and Roman coin hoards The book is an expanded version of the author's Presidential Addresses to the British Numismatic Society with two new chapters About the author Roger Bland was President of the British Numismatic Society from 2011 to 2016 He retired from the British Museum in 2015 where he was Keeper of the Department of Britain Europe and Prehistory and Head of the Portable Antiquities Scheme Before that he was curator of Roman coins at the Museum

The Oxford Handbook of Roman Britain Martin Millett, Louise Revell, Alison Jane Moore, 2016 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online Roman Britain is a critical area of research within the provinces of the Roman empire Within the last 15 20 years the study of Roman Britain has been transformed through an enormous amount of new and interesting work which is not reflected in the main stream literature

The Normanby

Hoard and Other Roman Coin Hoards Roger Bland, Andrew M. Burnett, British Museum, 1988 Retro 2017 includes bibliographical references

Coin Hoards from Roman Britain Andrew Burnett, Roger Bland, John Orna-Ornstein, 1997 This volume presents details of 57 coin hoards from Roman Britain all but two of which were discovered within the last ten years They include a unique group of 110 plated denarii from northern Suffolk a rare hoard of 2nd C gold aurei from Didcot Suffolk and a late 4th C hoard of nearly 7 500 coins from Bishops Cannings Wiltshire All the hoards are listed in detail and the catalogues are complemented by pot drawings discussions where relevant and plates

Archaeology in Hertfordshire Kris Lockyear, 2015-10-01 Celebrating the rich heritage of archaeology and of archaeological research in Hertfordshire the 15 papers collected in this work focus on various aspects of the region including the Neolithic to the post Medieval periods and include a report on the important excavations at the formative henge at Norton Several chapters focus new attention on the Iron Age and Roman periods both from a landscape perspective and through detailed studies of artefacts while a discussion of the rare early Saxon material recently excavated at Watton at Stone makes a vital contribution to the existing corpus of knowledge about this little understood period All of the papers in the volume focus on the local scene with an understanding

of wider issues in each period and as a result the papers are of importance beyond the boundaries of the county and will be of interest to scholars with wide ranging interests Romano-British Remains Francis Haverfield,1906 *The Romano-British Villa at Castle Copse, Great Bedwyn* E. P. Allison,1997 These efforts have shed light not only on the history of the villa itself but also on the shifting focus of power over the course of a millennium at the sites associated with Castle Copse in the immediate region the Iron Age hillfort of Chisbury a post Roman settlement and a Saxon village destined to become an urban center **Coin Hoards from Roman Britain** Robert Andrew Glendinning Carson,1979 *The Numismatic Evidence of Romano-British Coin Hoards* Anne S. Robertson,1956 *Roman Britain* David Shotter,2004-08-02 From renowned and respected author David Shotter this updated and expanded edition of Roman Britain offers a concise introduction to this period drawing on the wealth of recent scholarship to explain the progress of the Romans and their objectives in conquering Britain Key topics discussed include the Roman conquest of Britain the evolution of the frontier with Scotland the infrastructure the Romans put in place the place of religion in Roman Britain Taking account of recent research this second edition includes an expanded bibliography and a number of new plates which illustrate the various aspects of the Roman occupation of Britain The Metallurgy of Roman Silver Coinage Kevin Butcher,Matthew Ponting,2015-04-02 The fineness of Roman imperial and provincial coinage has been regarded as an indicator of the broader fiscal health of the Roman Empire with the apparent gradual decline of the silver content being treated as evidence for worsening deficits and the contraction of the supply of natural resources from which the coins were made This book explores the composition of Roman silver coinage of the first century AD re examining traditional interpretations in the light of an entirely new programme of analyses of the coins which illustrates the inadequacy of many earlier analytical projects It provides new evidence for the supply of materials and refining and minting technology It can even pinpoint likely episodes of recycling old coins and when combined with the study of hoards hints at possible strategies of stockpiling of metal The creation of reserves bears directly on the question of the adequacy of revenues and fiscal health **An Imperial Possession** David Mattingly,2008-05-27 Part of the Penguin History of Britain series An Imperial Possession is the first major narrative history of Roman Britain for a generation David Mattingly draws on a wealth of new findings and knowledge to cut through the myths and misunderstandings that so commonly surround our beliefs about this period From the rebellious chiefs and druids who led native British resistance to the experiences of the Roman military leaders in this remote dangerous outpost of Europe this book explores the reality of life in occupied Britain within the context of the shifting fortunes of the Roman Empire *Coin Hoards from Roman Britain* A. M. Burnett,1981 *Roman Finds* Richard Hingley,Steven Willis,2007-04-10 Studies on finds in Roman Britain and the Western Provinces have come to greater prominence in the literature of recent years The quality of such work has also improved and is now theoretically informed and based on rich data sets Work on finds over the last decade or two has changed our understanding of the Roman era in profound ways and yet despite such

encouraging advances and such clear worth there has to date been little in the way of a dedicated forum for the presentation and evaluation of current approaches to the study of material culture The conference at which these papers were initially presented has gone some way to redressing this and these papers bring the very latest studies on Roman finds to a wider audience Twenty papers are here presented covering various themes The Roman Monetary System Constantina Katsari, 2011-02-24 The Roman monetary system was highly complex It involved official Roman coins in both silver and bronze which some provinces produced while others imported them from mints in Rome and elsewhere as well as in the East a range of civic coinages This is a comprehensive study of the workings of the system in the Eastern provinces from the Augustan period to the third century AD when the Roman Empire suffered a monetary and economic crisis The Eastern provinces exemplify the full complexity of the system but comparisons are made with evidence from the Western provinces as well as with appropriate case studies from other historical times and places The book will be essential for all Roman historians and numismatists and of interest to a broader range of historians of economics and finance **Roman Imperial Coinage II.3** Richard Abdy, Peter Mittag, 1-01-01 The standard reference work for Roman Imperial coinage of Hadrian now occupies a fully revised and greatly expanded standalone volume to cover the last epoch of what many consider the apogee of Roman coinage begun with Nero's reform of AD 64 when great effort was taken over their iconographic designs It is also a long overdue attempt to reconcile our increased 21st century understanding of this otherwise lightly documented reign of one of the key figures in Roman history The rich symbolism of the reign is also expressed in prodigious issues of Hadrian's medallic pieces many covered in RIC for the first time

Immerse yourself in heartwarming tales of love and emotion with is touching creation, **Romano British Coin Hoards** . This emotionally charged ebook, available for download in a PDF format (Download in PDF: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.
