Romans Christianity On Trial:

Romans Carolyn Nystrom,1980 *The Trial of the Gospel* Alexandru Neagoe,2002-05-16 For many years Luke Acts has been studied as a work of history and theology The Trial of the Gospel sets out to examine Luke s writings as an apologetic work by focusing on those parts of Luke s story where the apologetic overtones seem most prominent the trial narratives By analysing the trials of all major Lukan characters Jesus Peter Stephen and Paul Alexandru Neagoe argues that the narratives are best understood when viewed as part of Luke s apologia pro evangelio a purpose which is in keeping with the author s declared aim to give his readers assurance about the matters in which they had been instructed Luke 1 4 Neagoe concludes that the specific role of the trial narratives is to provide the framework within which important tenets of the Christian faith are themselves put on trial before the reader with the intended result of the gospel s confirmation *Anti-Judaism in Early Christianity: Paul and the Gospels* Peter Richardson,David Granskou,Stephen G. Wilson,Canadian Corporation for Studies in Religion,1986-04-30 The period since the close of World War II has been agonizingly introspective not least because of the pain of reassessing Christianity s attitude to Judaism The early Christian materials have often been examined to assess their role in the long standing negative attitude of Christians to Jews The motivation for the early church s sometimes harsh attitude was partly theological it needed to define itself over against its parent and partly sociological it needed to make clear the line that divided the fledgling group of Christian believers from the group with which it was most likely to be confused This collection of studies emphasizes the context and history of early Christianity in reconsidering many of the classic passages that have contributed to the development of anti Judaism in Christianity The volume opens with an essay that clearly delineates the state of the question of anti Judaism in early Christianity Then follow discussions of specific passages in the writings of Paul as well as the Gospels **A History of Christianity in Japan: Roman Catholic and Greek Orthodox missions** Otis Cary,1909 *Christianity and the Roman Government* Ernest George Hardy,1910 Christian and Pagan in the Roman Empire Tertullian,2001-09 In this volume Robert D Sider undertakes a judicious pruning of the original texts and brings a fresh accessibility to the important writings of Tertullian Christians at Rome in the First Two Centuries Peter Lampe,2006-06-01 A groundbreaking work broad in scope and closely detailed study of the true nature of early Christianity in Rome Journal of Greco-Roman Christianity and Judaism, Volume 16 Stanley E. Porter,Matthew Brook O'Donnell,Wendy Porter,2021-09-03 Volume 16 2020 This is the sixteenth volume of the hard copy edition of a journal that has been published online www.jgrchj.net since 2000 As they appear the hard copy editions replace the online materials The scope of JGRChJ is the texts language and cultures of the Greco Roman world of early Christianity and Judaism The papers published in JGRChJ are designed to pay special attention to the larger picture of politics culture religion and language engaging as well with modern theoretical approaches Christian Origins and Greco-Roman Culture Stanley E. Porter,Andrew W. Pitts,2013 In *Christian Origins and Greco Roman Culture* Stanley Porter and Andrew Pitts assemble an international team of scholars

whose work has focused on reconstructing the social matrix for earliest Christianity through the use of Greco Roman materials and literary forms Each essay moves forward the current understanding of how primitive Christianity situated itself in relation to evolving Hellenistic culture Some essays focus on configuring the social context for the origins of the Jesus movement and beyond while others assess the literary relation between early Christian and Greco Roman texts *Journal of Greco-Roman Christianity and Judaism, Volume 19* Stanley E. Porter, Matthew Brook O'Donnell, Wendy J. Porter, 2024-04-10 This is the nineteenth volume of the hard copy edition of a journal that has been published online www.jgrchj.net since 2000 The scope of JGRChJ is the texts languages and cultures of the Greco Roman world of early Christianity and Judaism The papers published in JGRChJ are designed to pay special attention to the larger picture of politics culture religion and language engaging as well with modern theoretical approaches

Christianity and the Roman Empire Ralph Martin Novak, 2001-02-01 The rise of Christianity during the first four centuries of the common era was the pivotal development in Western history and profoundly influenced the later direction of all world history Yet for all that has been written on early Christian history the primary sources for this history are widely scattered difficult to find and generally unknown to lay persons and to historians not specially trained in the field In *Christianity and the Roman Empire* Ralph Novak interweaves these primary sources with a narrative text and constructs a single continuous account of these crucial centuries The primary sources are selected to emphasize the manner in which the government and the people of the Roman Empire perceived Christians socially and politically the ways in which these perceptions influenced the treatment of Christians within the Roman Empire and the manner in which Christians established their political and religious dominance of the Roman Empire after Constantine the Great came to power in the early fourth century CE Ralph Martin Novak holds a Masters Degree in Roman History from the University of Chicago For Undergraduates seminarians general audiences

The Roman Martyrs Michael Lapidge, 2018 *The Roman Martyrs* contains translations of forty Latin *passiones* of saints who were martyred in Rome or its near environs during the period before the peace of the Church c 312 Some of the Roman martyrs are universally known SS Agnes Sebastian or Laurence for example but others are scarcely recognized outside the ecclesiastical landscape of Rome itself Each of the translated *passiones* is accompanied by an individual introduction and commentary the translations are preceded by an Introduction which describes the principal features of this little known genre of Christian literature and are followed by five Appendices which present translated texts which are essential for understanding the cult of Roman martyrs This volume offers the first collection of the Roman *passiones martyrum* translated into a modern language They were mostly composed during the period 425 675 by anonymous authors who were presumably clerics of the Roman churches or cemeteries which housed the martyrs remains It is clear that they were composed in response to the explosion of pilgrim traffic to martyrial shrines from the late fourth century onwards at a time when authentic records protocols of their trials and executions had long since vanished and the authors of the *passiones* were obliged to imagine the circumstances in

which martyrs were tried and executed The passiones are works of fiction and because they abound in ludicrous errors of chronology they have been largely ignored by historians of the early Church Although they cannot be used as evidence for the original martyrdoms they nevertheless allow a fascinating glimpse of the concerns which animated Christians during the period in question for example the preservation of virginity or the ever present threat posed by pagan practices As certain aspects of Roman life will have changed little between the second century and the fifth the passiones shed valuable light on many aspects of Roman society not least the nature of a trial before an urban prefect and the horrendous tortures which were a central feature of such trials The passiones are an indispensable resource for understanding the topography of late antique Rome and its environs as they characteristically contain detailed reference to the places where the martyrs were tried executed and buried Arnold Prize Essay, 1861. The Christians in Rome during the first three centuries George Herbert MOBERLY,1861

Acts Verse by Verse Grant R. Osborne,2019-03-13 The events in the book of Acts changed our world forever Following his account of Jesus life and ministry in his Gospel Luke recounts the formation of the early church in Acts And while the apostles appear to be at the center of this narrative all of their work is done through the presence and guidance of the Holy Spirit In every chapter in Acts we see Spirit empowered apostles sharing the gospel reality of the risen Christ to the ends of the earth In Acts Verse by Verse Grant Osborne guides readers through these crucial events in history He shows us that by sending his Holy Spirit the risen and exalted Lord was acting through the apostles and through us today to transform human history Osborne skillfully explains the significance of these events and shows us how we can draw inspiration from them today 'And So We Came to Rome ' Paul W. Walaskay,2005-10-06 This book raises questions about Luke s apology and refutes the traditional view that he was writing an apologia pro ecclesia

Representatives of Roman Rule Joshua Yoder,2014-11-10 Luke Acts contains a wealth of material that is relevant to politics and the relationship between Jesus and his followers and the Roman Empire becomes an issue at a number of points The author s fundamental attitude toward Rome is hard to discern however The complexity of Luke s task as both a creative writer and a mediator of received tradition and perhaps as well the author s own ambivalence have left conflicting evidence in the narrative Scholarly treatments of the issue have tended to survey in a relatively short scope a great amount of material with different degrees of relevance to the question and representing different proportions of authorial contribution and traditional material This book attempts to make a contribution to the discussion by narrowing the focus to Luke s depiction of the Roman provincial governors in his narrative interpreted in terms of his Greco Roman literary context Luke s portraits of Roman governors can be seen to invoke expectations and concerns that were common in the literary context By these standards Luke s portrait of these Roman authority figures is relatively critical and demonstrates his preoccupation with Rome s judgment of the Christians more than a desire to commend Roman rule Marginalized Religion and the Law in the Roman Empire K. P. S. Janssen,2024-11-20 The Roman Empire s approach to religion has traditionally been described in paradoxical terms On the

one hand Rome has often been regarded as almost proverbially tolerant as well as highly flexible in its dealings with the diverse range of religious cults and practices within its territories On the other hand the Roman religious landscape was not without its limits and there were certain groups who found themselves for one reason or another on the outside The legal interactions between these groups and the Roman authorities have largely been studied in isolation In *Marginalized Religion and the Law in the Roman Empire* K P S Janssen instead takes a comparative approach and investigates how members of various marginalized religious groups were embedded in and interacted with the wider Roman legal system The legal positions of private diviners Jewish communities and early Christians are compared and contrasted to provide a broader perspective on the legal treatment of marginalized religion in the Roman world Janssen argues that the known interactions between these respective groups and the Roman authorities are best understood within the wider context of Roman law and administration and that they furthermore shared a number of important characteristics While the treatment these groups received was certainly not in all respects identical the procedural socio political and ideological mechanisms that underpinned the relevant legal measures were nonetheless conspicuously similar

Judaism and Christianity in First-century Rome Karl P. Donfried, Peter Richardson, 1998 Judaism and Christianity in the first century is a broad but also immensely important subject This collection of eleven papers is the mature product of the five year work of the Seminar on New Testament Texts in Their Cultural Environment sponsored by the Studiorum Novi Testamenti Societas Wide ranging in subject matter and deep in scholarship this volume includes archaeological and epigraphic contributions social and historical contributions and developmental studies Written by leading scholars in the field these essays elucidate more precisely the social historical and religious character of Judaism and Christianity in first century Rome

Taking Caesar Out of Jesus Robert M. Wills, 2013-10 Jesus is the center of Christian faith and the Bible is its holy book its sacred scriptures For hundreds of years this meant that Jesus was divine and the Bible was a divine product This remains the primary perspective for many Christians today However it has mutated appreciably for others It is not that Jesus is no longer thought of as the center of Christian faith or the Bible as Christianity's sacred scriptures Those remain true for everyone However studies in biblical criticism and the historical Jesus suggest Jesus was a Palestinian Jew a human being not different in that respect from you and me Divinity was bestowed upon him by his followers and eventually took the form of imperial divinity after the example of Caesar This presents a conundrum for Christianity What for instance is Christianity to do with a human being at its center How has Christianity accommodated imperial rule What do we do with those imperial titles by which he is known Lord Savior Redeemer and Son of God Taking Caesar out of Jesus presents a new portrait of Jesus based on solid historical evidence assembled from the works of hundreds of critical biblical scholars As the subtitle proclaims Jesus emerges from this book as a new figure relevant to the 21st century Some will say this new perspective destroys Christianity Others will find Jesus to be far more believable and compelling Anyone will find this progressive approach to uncovering the historical Jesus thought

provoking This book however goes beyond biblical criticism and a new portrait of the historical Jesus It confronts the Christian proclamation that Jesus is humanity s savior including the notion that it needs a savior It suggests that the historical Jesus never embraced the well known notion of divine salvation To the contrary Jesus embraced Judaism s wisdom tradition In the wisdom tradition a person deals with the exigencies of life by developing a new vision of reality and by acting differently Jesus did not provide an instruction manual for living rather he pointed us in the direction of self management As described in this book this new way of living taken from Jesus s parables and aphorisms will startle some and stir others toward greater maturity and responsibility for their own lives

Rulers, Nomads, and Christians in Roman North

Africa Brent D. Shaw, 2024-10-28 The studies collected in this volume cover three broad areas of the history of North Africa as part of the Roman Empire Studies devoted to the history of political institutions are followed by ones that detail aspects of interactions between nomad and sedentary communities in the African provinces The book concludes with two studies on African christianity In all of these special attention is given to the indigenous institutions economies and beliefs that informed the confrontation between African and Roman The studies in general argue for a strongly interactionist approach to historians reconstruction of the history of the period and the region a perspective that would emphasise the continuous conflict between the two world of African and Roman
