The Romans on the Riviera and the Rhone William Henry Hall,1898 **The Romans on the Riviera and the Rhone** William Henry Hall,1977 **The Romans on the Riviera and the Rhone - A Sketch of the Conquest of Liguria and the Roman Province** W. H. Hall,2011-07-01 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **The Romans on the Riviera and the Rhone** W. H. Bullock Hall,2015-06-16 Excerpt from The Romans on the Riviera and the Rhone A Sketch of the Conquest of Liguria and the Roman Province Having enjoyed for the last twelve years the privilege of wintering on the north western shores of the Mediterranean I have turned them to account by following up in every direction the tracks left by the Romans on the French and Italian Rivas Nor have my explorations been confined to the coast but have been extended north of the Apennines as far as the Po in Italy and in France have included the seldom visited valleys of the Durance and the Drome It is in the hope of throwing some light of local colouring on to an obscure field of Roman history that I am tempted to offer this sketch to the public For mainly owing to the irreparable loss of the books of Livy s history treating of the conquest of Provence the Roman Provincia we are left very much in the dark on that important episode in Roman history Nothing but the intimate acquaintance with the locality which the writer possesses has rendered it possible to eke out the slender materials available for the construction of any kind of bridge over the gap in Roman history between the narratives of Livy and Caesar and some bridge is indispensable to connect the broken ends of the two narratives For Caesars Gallic War with which the student usually begins his acquaintance with Gaul is really only the second act of the drama of the Roman conquest of that country About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Romans on the Riviera and the Rhone** William Henry Hall,2015-08-23 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or
