Mininger,2017-09-19 Past study of Rom 1 16 3 26 focuses on individual salvation or on social relations and also produces a host of interpretative quandaries Marcus A Mininger develops a new approach which includes but goes beyond these foci by unearthing the theme of revelation that runs throughout Paul s argument largely unnoticed More than a proof of sin or of social equality Paul provides a survey of numerous visible revelations in which otherwise invisible realities like God s wrath the power of sin and God s righteousness are seen through the observable effects they produce in different people Read this way the rationale of Paul s argument becomes quite clear including for problem texts like Rom 2 and 3 1 8 as Paul proves that the gospel not the law overcomes sin s power and that God s righteousness always exists in contrast to the human condition in this age From publisher s description **Romans** Susan G. Romans: Three Exegetical Interpretations and the History of Reception Daniel Patte, 2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul's teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one's interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis

God is One' Christopher R. Bruno, 2014-03-27 In discussions of Paul's letters much attention has been devoted to statements that closely identify Christ with Israel's God i.e. 1 Cor 8:6 However in Rom 3:30 and Gal 3:20 Paul uses the phrase God is one to link Israel's monotheistic confession and the inclusion of the Gentiles in the people of God Therefore this study traces the OT and early Jewish backgrounds of the phrase God is one and their possible links to Gentile inclusion Following this Christopher Bruno examines the two key Pauline texts that link the confession of God as one with the inclusion of the Gentiles Bruno observes a significant discontinuity between the consistent OT and Jewish interpretations of the phrase and Paul's use of God is one in relation to the Gentiles In the both the OT and early Jewish literature the phrase functions as a boundary marker of sorts distinguishing the covenant people and the Gentiles The key exception to this pattern is Zech 14:9 which anticipates the confession of God as one expanding to the nations Similarly in Romans and Galatians the phrase is not a boundary marker but rather grounds the unity of Jew and Gentile The context and arguments in Rom 3:30 and Gal 3:20 lead to the conclusion that Paul's monotheism must now be understood in light of the Christ event moreover Zech 14:9 may play a significant role in the link between Paul's eschatological monotheism and his argument for the inclusion of the Gentiles in Romans and Galatians

Christ Is King Joshua W. Jipp, 2015-12-01 Until recently many scholars have read Paul's use of the word Christos as more of a proper name Jesus Christ than a title Jesus the Messiah One result Joshua W. Jipp argues is that important aspects of Paul's thinking about Jesus messiahship have gone unrecognized Jipp argues that kingship discourse is an important source for Paul's christological language Paul uses royal language to present Christ as the good king Jipp surveys Greco-Roman and Jewish depictions of the ideal king and argues for the influence of these traditions on several aspects of Paul's thought king and law Galatians 5:6 Romans 13:15 1 Corinthians 9 hymning to the king Colossians 1:15-20 the just and faithful king the royal roots of Paul's language of participation in Christ and the enthroned king Romans 1:3-4 1 Corinthians 15:20-28 Jipp finds that Paul's use of royal tropes is indeed significant Christos is a royal honorific within Paul's letters and Paul is another witness to ancient discussions of monarchy and ideal kingship In the process Jipp offers new and noteworthy solutions to outstanding questions concerning Christ and the law the pistis Christou debate and Paul's participatory language
