British Books ,1843 **Bad Books** Amy S. Wyngaard,2013 Bad Books reconstructs how the eighteenth century French author Nicolas Edme R tif de la Bretonne and his writings were at the forefront of the development of modern conceptions of sexuality and pornography Although certain details are well known for example that R tif s 1769 treatise on prostitution *Le Pornographe* is the work from which the term pornography is derived or that he was an avid foot and shoe fetishist much of this story has been obscured and even forgotten including how the author actively worked to define the category of obscenity and the modern pornographic genre and how he coined the psycho sexual term fetish and played a central role in the formation of theories of sexual fetishism in the late nineteenth and early twentieth centuries Thus this book is also about literary history and how it is written it explores how R tif perceived as a bad author in both senses of the term and his contributions were glossed over or condemned such that the originality of his texts has still not been fully established Placing R tif s novels and short stories in dialogue with his autobiographical writings as well as with contemporary and modern critical commentaries the various chapters of the book examine the author s repeated testing of the limits of censorship to define and redefine the boundaries of obscenity his advancement of the modern form and definition of pornography through a focus on intimacy and female pleasure his detailed narrative explorations of foot and shoe fetichisms that were later appropriated by the sexologists and his development of theories of eugenics and reproduction in his utopian science fiction The history of R tif s texts and their reception reveals an evolution in the criteria of what is considered to be good or worthy literature a category once defined purely on moral grounds that is increasingly seen in cultural terms Bad Books corroborates the recent resurgence of interest in the author by showing the import of his texts which not only designate a number of firsts in the histories of sexuality and pornography but which also illuminate some of the defining moments in the history of French literary studies

The Publishers' Circular and Booksellers' Record ,1929 **Disabled Powers** Robin Howells,2023-10-16 This is a reading of the

Romans et Contes of Voltaire in the light of Bakhtin's concept of the Carnavalesque Part I of this study establishes a paradigm for the twenty six Contes It focuses on generic patterns and a thematics of disablement Part II offers carnivalesque readings of two tales Le Monde comme il va and Candide The last Part considers successively six of the later Contes including L'Ingenu and Jenni and the historical changes in consciousness that they reflect The shift towards bourgeois realism is evident in the rise of sentiment and the patriarchal family on the one hand materialism on the other These tales exhibit an increasingly deep ambivalence towards corporality In conclusion the study traces the changing forms of the carnivalesque figure from geometrical to vitalist within the Contes as a whole

The Secular City T. D. Hemming, 1994 Central to the Enlightenment is the ideal of the Secular City in militant reply to the Civitas Dei of St Augustine The essays in this volume illustrate the elaboration of that vision both in the planning and depiction of actual cities and in the speculation on social justice to which Voltaire in particular devoted himself
