The Romantic Fairy Tale. Seeds of Surrealism ... Translated by Mary B. Corcoran* Marianne THALMANN, Mary B. CORCORAN, 1964 **Sacred Surrealism, Dissidence and International Avant-Garde Prose** Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Collège de Sociologie 1937-39 as a critical tool in shedding new light on the literary oeuvre of non-French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed

through this Bretonian lens The Coll ge de Sociologie and Georges Bataille s theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Coll ge and Bataille s dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille s theoretical ideas of excess and inner experience and the Coll ge s thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre

The Short Story Ian Reid, 2017-07-20 First published in 1977 this book examines the short story which is one of the most widely read of all modern genres The study begins by examining some preliminary problems of definition before going on to trace the emergence of what is usually meant by the modern short story and examine the various kinds of narrative from which it derives such as the sketch the yarn M rchen parable and fable The final chapter considers the possibility that there are certain structural properties belonging distinctively to the short story This book will be of interest to those studying literature and creative writing

Ludwig Tieck Dwight Klett, 2020-02-04 When originally published in 1993 this was the first bibliography of the secondary literature on Tieck Given as much secondary literature surrounding Tieck s life and works has been generated outside of his native Germany as within this bibliography focuses particularly on his life and work from an international perspective In order to make the information surrounding Tieck accessible the book provides a detailed table of contents with corresponding text divisions rather than a subject index It therefore highlights Tieck s achievements in their various national contexts so that not only students of German can get an accurate feel for Tieck s versatility and range

Fantasy Rosemary Jackson, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study

Children's Literature in Hitler's Germany Christa Kamenetsky, 2019-06-17 Between 1933 and 1945 National Socialists enacted a focused effort to propagandize children s literature by distorting existing German values and traditions with the aim of creating a homogenous folk community A vast censorship committee in Berlin oversaw the publication revision and distribution of books and textbooks for young readers exercising its control over library and bookstore content as well as over new manuscripts so as to redirect the cultural consumption of the nation s children In particular the Nazis emphasized Nordic myths and legends with a focus on the fighting spirit of the saga heroes their community loyalty and a fierce spirit of revenge elements that were then applied to the concepts of loyalty to and sacrifice for

the Father and the fatherland They also tolerated select popular series even though these were meant to be replaced by modern Hitler Youth camping stories In this important book first published in 1984 and now back in print Christa Kamenetsky demonstrates how Nazis used children's literature to selectively shape a Nordic Germanic worldview that was intended to strengthen the German folk community the Father and the fatherland by imposing a racial perspective on mankind Their efforts corroded the last remnants of the Weimar Republic's liberal education while promoting an enthusiastic following for Hitler

Emily Dickinson and Her Culture Barton Levi St. Armand, 1986-06-27 Attempts to place Dickinson's works in their cultural context by exploring her attitudes toward death romance the afterlife art and nature

The Crises of "Language and Dead Signs" in Ludwig Tieck's Prose Fiction William Crisman, 1996 Critical account of the works of Ludwig Tieck the German Romantic writer from a linguistic viewpoint Although twentieth century literary criticism has focused on language as a topic of discussion critical evaluations of Romanticism and Romantic writers rarely deal with it in terms derived from the philosophy of language This book evaluates the most prolific German Romanticist Ludwig Tieck 1773-1853 from such a linguistic viewpoint arguing that concerns in his work can be seen as forerunners of later language analysis from speech act theory to theories of reference It covers Tieck's whole career from his youth to his final novel Vittoria Accorombona providing a comprehensive analysis of this major author's work it will also be of interest to those interested in the linguistic aspects of Romanticism

Building a City Sheila E. Jelen, Jeffrey Saks, Wendy Zierler, 2023-08-15 The fiction of Nobel Laureate Shmuel Yosef Agnon is the foundation of the array of scholarly

essays as seen through the career of Alan Mintz visionary scholar and professor of Jewish literature at the Jewish Theological Seminary of America Mintz introduced Agnon's posthumously published *Ir Umeloah A City in Its Fullness* a series of linked stories set in the 17th century and focused on Agnon's hometown Buczacz a town in what is currently western Ukraine to an English reading audience and argued that Agnon's unique treatment of Buczacz in *A City in its Fullness* navigating the sometimes tenuous boundary of the modernist and the mythical was a full throated self conscious literary response to the Holocaust This volume is an extension of a memorial dedicated to Mintz's memory who died suddenly in 2017 which combines selections of Alan's work from the beginning middle and end of his career with autobiographical tributes from older and younger scholars alike The essays dealing with Agnon and Buczacz remember the career of Alan Mintz and his contribution to the world of Jewish studies and within the world of Jewish communal life

Fantasy Dr Rosemary Jackson, 2008-03-07 This study argues against vague interpretations of fantasy as mere escapism and seeks to define it as a distinct kind of narrative A general theoretical section introduces recent work on fantasy notably Tzvetan Todorov's *The Fantastic A Structural Approach to a Literary Genre* 1973 Dr Jackson however extends Todorov's ideas to include aspects of psychoanalytical theory Seeing fantasy as primarily an expression of unconscious drives she stresses the importance of the writings of Freud and subsequent theorists when analysing recurrent themes such as doubling or multiplying selves mirror images metamorphosis and bodily disintegration l Gothic fiction classic Victorian fantasies the fantastic realism of Dickens and Dostoevsky tales by Mary Shelley James Hogg E T A Hoffmann George Eliot Henry James Joseph Conrad R L Stevenson Franz Kafka Mervyn Peake and Thomas Pynchon are among the texts covered Through a reading of these frequently disquieting works Dr Jackson moves towards a definition of fantasy expressing cultural unease

These issues are discussed in relation to a wide range of fantasies with varying images of desire and disenchantment
