Romantic Novel In England:

A Natural History of the Romance Novel Pamela Regis, 2013-08-31 The romance novel has the strange distinction of being the most popular but least respected of literary genres While it remains consistently dominant in bookstores and on best seller lists it is also widely dismissed by the critical community Scholars have alleged that romance novels help create subservient readers who are largely women by confining heroines to stories that ignore issues other than love and marriage Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers offer any true definition of the romance novel or discuss the nature and scope of the genre Presenting the counterclaim that the romance novel does not enslave women but on the contrary is about celebrating freedom and joy Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary sexy and entertaining Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree Regis asserts that it is also a very old stable form She traces the literary history of the romance novel from canonical works such as Richardson s *Pamela* through Austen s *Pride and Prejudice* Bront s *Jane Eyre* and E M Hull s *The Sheik* and then turns to more contemporary works such as the novels of Georgette Heyer Mary Stewart Janet Dailey Jayne Ann Krentz and Nora Roberts New Directions in the History of the Novel P. Parrinder, A. Nash, N. Wilson, 2014-02-25 New Directions in the History of the Novel challenges received views of literary history and sets out new areas for research A re examination of the nature of prose fiction in English and its study from the Renaissance to the 21st century it will become required reading for teachers and students of the novel and its history **The Oxford History of the Novel in English** Cyrus R. K. Patell, Deborah Lindsay Williams, 2024-03-05 *The Oxford History of the Novel in English* is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public s

attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States

History of the Gothic: Gothic Literature 1764-1824 Carol Margaret Davison, 2009-12-01 Offers an introduction to British Gothic literature This book examines works by Gothic authors such as Horace Walpole Matthew Lewis Ann Radcliffe William Godwin and Mary Shelley against the backdrop of eighteenth and nineteenth century British social and political history

Encyclopedia of the Romantic Era, 1760–1850 Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism

The Oxford Handbook of British Romanticism David Duff, 2018 This Handbook provides a comprehensive overview of British Romantic literature and an authoritative guide to all aspects of the movement including its historical cultural and intellectual contexts and its connections with the literature and thought of other countries All the major Romantic writers are covered alongside lesser known writers

Encyclopedia of the Novel Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only form analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world

Caricature and Realism in the Romantic Novel Olivia Ferguson, 2023-10-25 What was caricature to novelists in the Romantic period Why does Jane Austen call Mr Dashwood's wife a strong caricature of himself Why does Mary Shelley describe the body of Frankenstein's creature as in proportion but then distorted in its proportions and does caricature have anything to do with it This book answers those questions shifting our understanding of caricature as a literary critical term in the decades when the English novel was first defined and canonised as a distinct literary entity Novels incorporated caricature talk and anti caricature rhetoric to tell readers what different realisms purported to show them Recovering the period's concept of caricature Caricature and Realism in the Romantic Novel sheds light on formal realism's self reflexivity about the caricature of artifice exaggeration and imagination

History Steven Moore,2013-09-17 Encyclopedic in scope and heroically audacious The Novel An Alternative History is the first attempt in over a century to tell the complete story of our most popular literary form Contrary to conventional wisdom the novel did not originate in 18th century England nor even with Don Quixote but is coeval with civilization itself After a pugnacious introduction in which Moore defends innovative demanding novelists against their conservative critics the book relaxes into a world tour of the pre modern novel beginning in ancient Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining The Novel An Alternative History is a landmark in literary criticism that will encourage readers to rethink the novel **The Historical Novel in**

Nineteenth-Century Europe Brian Hamnett,2011-11-24 Even at the height of its popularity in the early nineteenth century the historical novel faced criticism at many levels After its predominance in the 1810s and 1820s writers and historians shunned it as a travesty of their respective disciplines Even so the historical novel has frequently attracted a wide ranging public right up to the present day Brian Hamnett examines key novels by authors including Scott Balzac Manzoni Dickens Eliot Flaubert Fontane Gald s and Tolstoy revealing the contradictions inherent in this form of fiction and exposing the challenges writers faced in attempting to represent a reality that linked past and present He argues that the historical novel in the nineteenth century was a common European phenomenon with considerable interconnection of themes and periods Accordingly the book ranges from the British Isles and France through the Germanic territories Italy and Spain to the Russian Empire identifying the different objectives and phases of the historical novel Although historical novels did appear in the two previous centuries the form came to maturity in the nineteenth century a consequence of the developing nature of history as a discipline distinct from literature and philosophy and the increasing primacy of the novel for writers and the reading public Yet the frontiers between history and literature remained blurred and the two disciplines continued to influence one another as each sought a faithful representation of human experience [A Reference Guide for English](#)

[Studies](#) Michael J. Marcuse,1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and

cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal

Travel Literature and the Evolution of the Novel Percy G. Adams, 2014-07-15 Although much has been written about how the novel relates to the epic the drama or autobiography no one has clearly analyzed the complex connections between prose fiction as it evolved before 1800 and the literature of travel which by that date had a long and colorful history Percy Adams skilfully portrays the emergence of the novel in the fiction of the seventeenth and eighteenth centuries and traces in rich detail the history of travel literature from its beginnings to the time of James Cook contemporary of Richardson and Fielding And since the recit de voyage and the novel were then so international he deals throughout with all the literatures of Western Europe one of the book s chief themes being the close literary ties among European nations Equally important in the present study is its demonstration that just as early travel accounts were often a combination of reporting and fabrication so prose fiction is not a dichotomy to be divided into the adult novel on the one hand and the childish romance on the other but an ambivalence the marriage of realism and romanticism *Travel Literature and the Evolution of the Novel* not only shows the novel to be amorphous and changing it also proves impossible the task of defining the recit de voyage with its thousand forms and faces Often the two types of literature are almost indistinguishable even before Don Quixote Adams writes many travel accounts could have been advertised as having the endless fascination of a wonderfully observed novel This study by Percy Adams will both modify opinions about the novel and its history and provide an excellent introduction to the travel account a form of literature too little known to students of belles lettres

The English Novel in History, 1700-1780 John J. Richetti, 1999 The English Novel in History 1700 1780 provides students with specific contexts for the early novel in response to a new understanding of eighteenth century Britain It traces the social and moral representations of the period in extended readings of the major novelists as well as evaluating the importance of lesser known ones John Richetti traces the shifting subject matter of the novel discussing scandalous and amatory fictions criminal narratives of the early part of the century the more disciplined realistic and didactic strain that appears in the 1740 s and 1750 s novels promoting new ideas about the nature of domestic life novels by women and how they relate to the shift of subject matter This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century

Chamber's Cyclopædia of English Literature Robert Chambers, 1902

The Novel: An Alternative History, 1600-1800 Steven Moore, 2013-08-29 Winner of the Christian Gauss Award for excellence in literary scholarship from the Phi Beta Kappa Society Having excavated the world s earliest novels in his previous book literary historian Steven Moore explores in this sequel the remarkable flowering of the novel between the years 1600 and 1800 from Don Quixote to America s first big novel an homage to Cervantes entitled Modern

Chivalry This is the period of such classic novels as Tom Jones Candide and Dangerous Liaisons but beyond the dozen or so recognized classics there are hundreds of other interesting novels that appeared then known only to specialists Spanish picaresques French heroic romances massive Chinese novels Japanese graphic novels eccentric English novels and the earliest American novels These minor novels are not only interesting in their own right but also provide the context needed to appreciate why the major novels were major breakthroughs The novel experienced an explosive growth spurt during these centuries as novelists experimented with different forms and genres epistolary novels romances Gothic thrillers novels in verse parodies science fiction episodic road trips and family sagas along with quirky unclassifiable experiments in fiction that resemble contemporary avant garde works As in his previous volume Moore privileges the innovators and outriders those who kept the novel novel In the most comprehensive history of this period ever written Moore examines over 400 novels from around the world in a lively style that is as entertaining as it is informative Though written for a general audience The Novel An Alternative History also provides the scholarly apparatus required by the serious student of the period This sequel like its predecessor is a zestfully encyclopedic avidly opinionated and dazzlingly fresh history of the most elastic of literary forms

Booklist **The French Revolution Debate and the British Novel, 1790-1814** Morgan Rooney, 2013 This study examines how debates about history during the French Revolution informed and changed the nature of the British novel between 1790 and 1814 During these years intersections between history political ideology and fiction as well as the various meanings of the term history itself were multiple and far reaching Morgan Rooney elucidates these subtleties clearly and convincingly While political writers of the 1790s Burke Price Mackintosh Paine Godwin Wollstonecraft and others debate the historical meaning of the Glorious Revolution as a prelude to broader ideological arguments about the significance of the past for the present and future novelists engage with this discourse by representing moments of the past or otherwise vying to enlist the authority of history to further a reformist or loyalist agenda Anti Jacobin novelists such as Charles Walker Robert Bisset and Jane West draw on Burkean historical discourse to characterize the reform movement as ignorant of the complex operations of historical accretion For their part reform minded novelists such as Charlotte Smith William Godwin and Maria Edgeworth travesty Burke s tropes and arguments so as to undermine and then redefine the category of history As the Revolution crisis recedes new novel forms such as Edgeworth s regional novel Lady Morgan s national tale and Jane Porter s early historical fiction emerge but historical representation largely the legacy of the 1790s novel remains an increasingly pronounced feature of the genre Whereas the representation of history in the novel Rooney argues is initially used strategically by novelists involved in the Revolution debate it is appropriated in the early nineteenth century by authors such as Edgeworth Morgan and Porter for other often related ideological purposes before ultimately developing into a stable nonpartisan aestheticized feature of the form as practiced by Walter Scott The French Revolution Debate and the British Novel 1790 1814 demonstrates that the transformation of the novel at this fascinating juncture of British political and literary

history contributes to the emergence of the historical novel as it was first realized in Scott's Waverley 1814 **Weird English** Evelyn Nien-Ming Ch'ien, 2005-10-31 The third book in the seventh series of the exciting adventure stories that are as gripping as a computer game Great for boys with a huge collectability factor bolstered by the collectors cards in the back of the books and links to an excellent interactive website Evil Wizard Malvel is steering the land of Tavana towards total destruction Tom must stop him by defeating six rampaging Beasts and sending them back to their rightful homes Krestor the Crushing Terror awaits him Don't miss CONVOL THE COLD BLOODED BRUTE HELLION THE FIERY FOE MADARA THE MIDNIGHT WARRIOR ELLIK THE LIGHTNING HORROR CARNIVORA THE WINGED SCAVENGER **Indian English Poetry and Fiction** Amar Nath Prasad, Rajiv K.
