**Tracks** Gayle Letherby, Gillian Reynolds, 2020-08-25 This book provides an in depth exploration of trains and train travel Letherby and Reynolds have conducted extensive research with all those concerned with trains from leisure travelers and enthusiasts to railway workers and commuters Overturning conventional wisdom they show that the train has a social life in and of itself and is not simply a way to get from A to B The book also looks at the depiction of train travel through cultural media such as music films books and art The authors consider the personal politics of train travel and political discussion surrounding the railways as well as the relationship trains have to leisure and work The media often paints a gloomy picture of the railways and there is a general view that the romance of train travel ended with the steam locomotive Letherby and Reynolds show that this is far from the case *Edgar Snow* John Maxwell Hamilton, 2003-09-25 Edgar Snow 1905-1972 was one of the most notable Western journalists to report on China in both the revolutionary and postrevolutionary periods He first became famous in the mid 1930s when he broke through a Nationalist blockade and reached the Communists in
