heavily from both but expanded the plot by developing a number of supporting characters particularly Mercutio and Paris. Believed to have been written between 1591 and 1595, the play was first published in a quarto version in 1597. The text of the first quarto version was of poor quality, however, and later editions corrected the text to conform more closely with Shakespeare's original. Shakespeare's use of his poetic dramatic structure, especially effects such as switching between comedy and tragedy to heighten tension, his expansion of minor characters, and his use of subplots to embellish the story, has been praised as an early sign of his dramatic skill. The play ascribes different poetic forms to different characters, sometimes changing the form as the character develops. Romeo, for example, grows more adept at the sonnet over the course of the play. *Romeo and Juliet* has been adapted numerous times for stage, film, musical, and opera venues. During the English Restoration, it was revived and heavily revised by William Davenant. David Garrick's 18th-century version also modified several scenes, removing material then considered indecent, and Georg Benda's *Romeo und Julie* omitted much of the action and added a happy ending. Performances in the 19th century, including Charlotte Cushman's, restored the original text and focused on greater realism. John Gielgud's 1935 version kept very close to Shakespeare's text and used Elizabethan costumes and staging to enhance the drama.
