a significant gap in the history of the New Deal South by examining the lives of the men of South Carolina's Civilian Conservation Corps CCC who from 1933 to 1942 built sixteen state parks all of which still exist today Enhanced with revealing interviews with former state CCC members Mielnik's illustrated account provides a unique exploration into the Great Depression in the Palmetto State and the role that South Carolina's state parks continue to play as architectural legacies of a monumental New Deal program In 1933 thousands of unemployed young men and World War I veterans were given the opportunity to work when Emergency Conservation Work ECW one of Franklin Delano Roosevelt's New Deal programs came to South Carolina Renamed the Civilian Conservation Corps in 1937 the program was responsible for planting millions of trees in reforestation projects augmenting firefighting activities stringing much needed telephone lines for fire prevention throughout the state and terracing farmland and other soil conservation projects The most visible legacies of the CCC in South Carolina are many of the state's national forests recreational areas and parks Prior to the work of the CCC South Carolina had no state parks but from 1933 to 1942 the CCC built sixteen Mielnik's briskly paced and informative study gives voice to the young men who labored in the South Carolina CCC and honors the legacy of the parks they built and the conservation and public recreation values these sites fostered for modern South Carolina Hacklebarney and Voorhees State Parks Peter Osborne,2004-10-13 Hacklebarney and Voorhees State Parks recounts the history of two beautiful natural sanctuaries at the southwestern end of New Jersey's Highlands Managed as a single unit by the state park service the two parks are Hacklebarney 977 acres along the Black River corridor and Voorhees 640 acres of gently rolling farmland Their stories are similar both parks were created in the 1920s on privately donated land and were developed by the federally operated Civilian Conservation Corps With more than two hundred unique photographs many published here for the first time Hacklebarney and Voorhees State Parks shows life at the CCC camps the building of trails and roads by hand and the repair of forests Historical Dictionary of the Great Depression, 1929-1940 James S. Olson,2001-09-30 Today when most Americans think of the Great Depression they imagine desperate hoboes riding the rails in search of work unemployed men selling pencils to indifferent crowds bootleggers hustling illegal booze to secrecy shrouded speakeasies FDR smiling or Judy Garland skipping along the yellow brick road Hard times have become an abstraction But there was a time when economic suffering was real when hunger stalked the land and Americans tried to forget their troubles in movie theaters or in front of a radio From the stock market crash of October 1929 to Germany's invasion of Norway France and the Low Countries in 1940 the Great Depression blanketed the world economy Its impact was particularly deep and direct in the United States This was the era when the federal government became a major player in the national economy and Americans bestowed the responsibility for maintaining full employment and stable prices on Congress and the White House making the Depression years a major watershed in U S history In more than 500 essays this book provides a ready reference to those hard times covering the diplomacy popular culture intellectual life economic problems public policy issues and prominent individuals of

the era **Understories** Jake Kosek,2006-12-08 A lively engaging ethnography that demonstrates how a volatile politics of race class and nation animates the infamously violent struggles over forests in the U S Southwest **The Star That Set**
Samuel B. Hand,2003-01-01 For over a century from 1854 the year the party was organized until 1958 Vermonters never failed to elect Republicans to its state and national offices and every four years they returned a slate of electors pledged to the Republican presidential nominee The Vermont GOP was trumpeted as the star that never set in the Republican Party s political firmament until the decline of family farms and the influx of Democrat leaning urbanites in the 1960s and 1970s eroded the bedrock of Vermont s GOP base Encompassing the years 1854 to 1974 Samuel Hand s superb historical study documents the rise and fall of Vermont republicanism exploring the personalities and the religious political and social institutions that constituted the Vermont Republican Party More than simply the authoritative telling of a remarkable century of hegemony for the Vermont GOP The Star That Set is a compelling story of the waning importance of party in modern American political life **The Forestry News Digest** ,1926
