In Hindu theology Divine Power is conceived as a divine woman the Goddess Sometimes she is wholly autonomous and sometimes she is the divine spouse of the creator God Siva or Visnu She is also held to be the evolving material source of every created phenomenon Religious texts like Puranas and Tantras have thoroughly investigated the mysterious nature of the Cosmic Goddess Tantra as a religious practice endeavoured to show how through ritual and Yoga one may achieve the realization of the mystery of the Supreme Goddess Authors in Sanskrit and modern Indian languages have poured out their ecstatic devotion to the Goddess She is close to the heart of the passionate devotee who adores her as mother or daughter a mortal emotional bond with the divine so peculiar to Hindus She is also sovereign Power a little part of which reigning royalties covet to possess in order to be good rulers AS the divine woman she is represented in all women Therefore women should be holding a high position amongst Hindus But the question is do they In spite of the

obvious contrary evidence women do succeed in carving out a very important position in Hindu religious practices by having their alternative religious rituals highly valued by Hindu women have a very complex interrelationship The book focuses on the great cosmic Goddess and her ritual worship Tantric theology and praxis in a wider sense the attitude of her devotees towards her authority and the social character of the Tantric practitioners and the position of Bhakti It also figures out the position of women inside the Tantric and non Tantric Hindu religious milieu The Goddess symbolizes the supreme divine authority that activates the creation protection and governance and necessary dissolution of the world in accordance with the ancient Indian concept of cyclical time But She also discharges the divine sovereign privilege of punishing evil doers and rewarding true devotees Finally the relevant forms of the Cosmic Goddess in this book are Sri Tripurasundari Lalita Goddess Kali and Her various emanations and Lakshmi and Her powers in the Pancaratra canonical texts *Puspikā: Tracing Ancient India Through Texts and Traditions* Robert Leach, Jessie Pons, 2015-03-05 Pu pik 3 is the outcome of the third and fourth International Indology Graduate Research Symposia held in Paris and Edinburgh in 2011 and 2012 This volume presents the results of recent research by early career scholars into the texts languages and literary philosophical and religious traditions of South Asia The articles offer a broad range of disciplinary perspectives on a wide array of subjects including classical and medieval philosophy esoteric knowledge and practices in the Vedas K lid sa s great poem Meghad ta The Cloud Messenger soteriology in a 17th century Jain text identity orality and the songs of the Bauls in 20th century Bengal and Sanskrit pedagogy Islamic Sermons and Public Piety in Bangladesh Max Stille, 2020-05-14 Islamic sermon gatherings are a central form of public piety and public expression in contemporary Bangladesh Held since the 19th century waz mahfils became so popular that it is today possible to participate in them on a daily basis in many regions of the country Despite their significance in the rise of popular politics the sermons are often disregarded as Islamist propaganda and very little research is dedicated to them This book provides unprecedented access into these sermon gatherings Based on fieldwork and interviews Max Stille analyses an archive of several dozens of sermons He shows how popular preaching shapes roles and rules of what can be said imagined and felt Waz mahfils are a participatory practice of the labouring classes in which religious political and poetic consensus overlap In them Islamic tenets and morals are part of dramatic narrations vocal art and affective communication ranging from immersion and upheaval to laughter about political jokes and parody Suggesting new ways to interpret musical and performative poetics of Islamic speech this book calls for expanding conceptions of civic participation and public discourse and rethinking the role of the senses and religious aesthetics in Islam *The Oxford Guide to Literature in English Translation* Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing

how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Women, Religion and the Body in South Asia Kristin Hanssen, 2018-04-19 Noted for their haunting melodies and enigmatic lyrics Bauls have been portrayed as spiritually enlightened troubadours traveling around the countryside in West Bengal in India and in Bangladesh As emblems of Bengali culture Bauls have long been a subject of scholarly debates which center on their esoteric practices and middle class imaginaries of the category Baul Adding to this literature the intimate ethnography presented in this book recounts the life stories of members from a single family shining light on their past and present tribulations bound up with being poor and of a lowly caste It shows that taking up the Baul path is a means of softening the stigma of their lower caste identity in that religious practice where women play a key role renders the body pure The path is also a source of monetary income in that begging is considered part of their vocation For women the Baul path has the added implication of lessening constraints of gender While the book describes a family of singers it also portrays the wider society in which they live showing how their lives connect and interlace with other villagers a theme not previously explored in literature on Bauls A novel approach to the study of women the body and religion this book will be of interest to undergraduates and graduates in the field of the anthropology In addition it will appeal to students of everyday religious lives as experienced by the poor through case studies in South Asia The book provides further evidence that renunciation in South Asia is not a uniform path despite claims to the contrary There is also a special interest in Bauls among those familiar with the Bengali speaking region While this book speaks to that interest its wider appeal lies in the light it sheds on religion the body life histories and poverty      **The Bauls of Birbhum** Manas Ray, 1994 On the mystic sect in Birbhum District India
