**Roots of Serbian Aggression** Bože Čović, 1993      **Roots of Serbian Aggression** Bože Čović, 1993      **The Foreign Policy of Serbia (1844-1867): Ilija Garašanin's Načertanije** Dušan T. Bataković, 2014 Contemporary analysis of Serbia's foreign policy in the middle of the nineteenth century has remained in a deep shadow of the Načertanije a document conceived in 1844 in Belgrade as a result of collaboration between Serbia's interior minister Ilija Garašanin and F A Zach the representative of the Polish political emigration from Paris led by Prince A Czartoryski in the capital of the autonomous Principality of Serbia Prince Czartoryski author of Councils for Serbia's foreign policy in 1843 considered Serbia the sole semi independent state among Slavs in South Eastern Europe a nucleus of a wider Serbia led South Slav state that might endorse an anti Russian and anti Austrian policy as a support for his wider plans regarding the restoration of independent Poland The over ambitious pan Slav project of F Zach Serbia's Slavic Policy was eventually modified by Garašanin to a more realistic and attainable plan in accordance with Serbia's modest demographic and military potential limited international experience and still humble administrative capacities Planning the unification of the predominantly Serb inhabited lands under Ottoman rule was appropriately adapted to the geopolitical realities of 1844 The foreign policy of Serbia under Garašanin during the rule of the pro Austrian Prince Alexander Karađorđević and Garašanin's premiership under Russophile Prince Michael Obrenović was balancing between various political options that were dominating Europe and the Balkans between the 1848 Revolution and the Crimean War and the first Balkan Alliance Garašanin was continuously prudent and bold in pursuing realistic political ambitions regarding large scale anti Ottoman activities by building a network of confidants and agents throughout Turkey in Europe that was to foment a joint insurrection against the Ottoman rule During its last phase Garašanin's foreign policy gradually evolved into the direction of closer Yugoslav and Balkan cooperation Back cover

**Secessionist Movements and Ethnic Conflict** Beata Huszka, 2013-10-15 This book analyses how national independence movements rhetoric can inflame or dampen ethnic violence It examines the extent to the power of words matters when a region tries to break away to become a nation state Using discourse analysis this book examines how the process of secession affects internal ethnic relations and analyses how politicians interpret events and present arguments with the intention to mobilize their constituencies for independence With in depth case studies on the Slovenian the Croatian and the Montenegrin independence movements and by looking at cases from Indonesia and Spain the author investigates how rhetoric affect internal ethnic relations during secession and how events and debate shape each other The author demonstrates how in some cases of self determination elites push for a higher level of sovereignty in the name of economic advancement whereas in other cases self determination movements refer to ethnic identity and human rights issues Explaining how and why certain discourses dominate some independence movements and not others Secessionist Movements and Ethnic Conflict will be of interest to students and scholars of politics history nationalism ethnic conflict and discourse

Europe These turbulent times in the post Ottoman era are remarkable to examine revealing the nature of that transition its complex dynamics and more specifically how new political economic societal and cultural realities as well as radical modernization processes impacted Bosniak Muslims and to what extent loyalties shifted from one civilization Ottoman to another Austro Hungarian *The Balkan Crisis, 1990-* Sava Peić, British Library.
