White Ethnic Revival in Post-Civil Rights America

Matthew Frye Jacobson

Roots Too White Ethnic Revival In Post Civil Rights American

Andreas Reckwitz

Roots Too White Ethnic Revival In Post Civil Rights American:

Roots Too Matthew Frye Jacobson, 2009-07-01 In the 1970s whites mobilized around a new version of the epic tale of plucky immigrants in the New World Although this turn to ethnicity was for many an individual search for familial and psychological identity Jacobson establishes a broader white social and political consensus responding to the political language of the Civil Rights movement

Roots Too Matthew Frye Jacobson, 2006 *Society of Singularities* Andreas Reckwitz, 2020-04-21 Our contemporary societies place more and more emphasis on the singular and the unique The industrial societies of the early 20th century produced standardized products cities subjects and organizations which tended to look the same but in our late modern societies we value the exceptional unique objects experiences places individuals events and communities which are beyond the ordinary and which claim a certain authenticity Industrial society's logic of the general has been replaced by late modernity's logic of the particular In this major new book Andreas Reckwitz examines the causes structures and consequences of the society of singularities in which we now live The transformation from industrial to cultural capitalism the rise of digital technologies and their culture machine and the emergence of an educated urban new middle class form a powerful engine for the singularization of the social In late modernity what is singular is valorized and stirs the emotions while what is general has to remain in the background and this has profound social consequences The society of singularities systematically produces devaluation and inequality winner takes all markets job polarization the neglect of rural regions and the alienation of the traditional middle class The emergence of populism and the rise of aggressive forms of nationalism which emphasize the cultural authenticity of one's own people thus turn out to be the other side of singularization This prize winning book offers a new perspective on how modern societies have changed in recent decades and it will be of great value to anyone interested in the forces that are shaping our world today

American Jewish Identity Politics Deborah Dash Moore, 2009-12-18 Explores changes among American Jews in their self understanding during the last half of the twentieth century

Black Mirror Eric Lott, 2017-09-25 Blackness is a prized commodity in American pop culture Marketed to white consumers it invites whites to view themselves in a mirror of racial difference while remaining wholly white From sports to literature film and music to investigative journalism Eric Lott reveals the hidden dynamics of this self and other racial mirroring

Routledge International Handbook of Irish Studies Renée Fox, Mike Cronin, Brian Ó Conchubhair, 2020-12-30 Routledge International Handbook of Irish Studies begins with the reversal in Irish fortunes after the 2008 global economic crash The chapters included address not only changes in post Celtic Tiger Ireland but also changes in disciplinary approaches to Irish Studies that the last decade of political economic and cultural unrest have stimulated Since 2008 Irish Studies has been directly and indirectly influenced by the crash and its reverberations through the economy political landscape and social framework of Ireland and beyond Approaching Irish pasts presents and futures through interdisciplinary and theoretically capacious lenses the chapters in this volume reflect the

myriad ways Irish Studies has responded to the economic precarity in the Republic renewed instability in the North the complex European politics of Brexit global climate and pandemic crises and the intense social change in Ireland catalyzed by all of these Just as Irish society has had to dramatically reconceive its economic and global identity after the crash Irish Studies has had to shift its theoretical modes and its objects of analysis in order to keep pace with these changes and upheavals This book captures the dynamic ways the discipline has evolved since 2008 exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland It will appeal to students and scholars of Irish studies sociology cultural studies history literature economics and political science Chapter 3 5 and 15 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Redirecting Ethnic Singularity Yiorgos Anagnostou, Yiorgos D. Kalogeras, Theodora Patrona, 2022-05-03 Winner Vasiliki Karagiannaki Prize for the Best Edited Volume in Modern Greek Studies Promotes the understanding of Italian Americans and Greek Americans through the study of their interactions and juxtapositions Redirecting Ethnic Singularity Italian Americans and Greek Americans in Conversation contributes to U.S. ethnic and immigration studies by bringing into conversation scholars working in the fields of Italian American and Greek American studies in the United States Europe and Australia The work moves beyond the single group approach an approach that privileges the study of ethnic singularity to explore instead two ethnic groups in relation to each other in the broader context of the United States The chapters bring into focus transcultural interfaces and inquire comparatively about similarities and differences in cultural representations associated with these two groups This co-edited volume contributes to the fields of transcultural and comparative studies The book is multi-disciplinary It features scholarship from the perspectives of architecture ethnomusicology education history cultural and literary studies and film studies as well as whiteness studies It examines the production of ethnicity in the context of American political culture as well as that of popular culture including visual representations documentary film TV series and low brow crime fiction It includes analysis of literature It involves comparative work on religious architecture transoceanic circulation of racialized categories translocal interconnections in the formation of pan-Mediterranean identities and the making of the immigrant past in documentaries from Italian and Greek filmmakers This volume is the first of its kind in initiating a multidisciplinary transcultural and comparative study across European Americans

Race in America Patricia Reid-Merritt, 2017-01-23 Focusing on the socially explosive concept of race and how it has affected human interactions this work examines the social and scientific definitions of race the implementation of racialized policies and practices the historical and contemporary manifestations of the use of race in shaping social interactions within U.S. society and elsewhere and where our notions of race will likely lead More than a decade and a half into the 21st century the term race remains one of the most emotionally charged words in the human language While race can be defined as a local geographic or global

human population distinguished as a more or less distinct group by genetically transmitted physical characteristics the concept of race can better be understood as a socially defined construct a system of human classification that carries tremendous weight yet is complex confusing contradictory controversial and imprecise This collection of essays focuses on the socially explosive concept of race and how it has shaped human interactions across civilization The contributed work examines the social and scientific definitions of race the implementation of racialized policies and practices and the historical and contemporary manifestations of the use of race in shaping social interactions primarily in the United States a nation where the concept of race is further convoluted by the nation s extensive history of miscegenation as well as the continuous flow of immigrant groups from countries whose definitions of race ethnicity and culture remain fluid Readers will gain insights into subjects such as how we as individuals define ourselves through concepts of race how race affects social privilege color blindness as an obstacle to social change legal perspectives on race racialization of the religious experience and how the media perpetuates racial stereotypes

Multicultural America Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors

Guitar Makers Kathryn Marie Dudley, 2014-11-10 It whispers it sings it rocks and it howls It expresses the voice of the folk the open road freedom protest and rebellion youth and love It is the acoustic guitar And over the last five decades it has become a quintessential American icon Because this musical instrument is significant to so many in ways that are emotional cultural

and economic guitar making has experienced a renaissance in North America both as a popular hobby and for some a way of life In *Guitar Makers* Kathryn Marie Dudley introduces us to builders of artisanal guitars their place in the art world and the specialized knowledge they've developed Drawing on in depth interviews with members of the lutherie community she finds that guitar making is a social movement with political implications Guitars are not simply made they are born Artisans listen to their wood respond to its liveliness and strive to endow each instrument with an unforgettable tone Although professional luthiers work within a market society Dudley observes that their overriding sentiment is passion and love of the craft Guitar makers are not aiming for quick turnover or the low cost reproduction of commodities but the creation of singular instruments with unique qualities and face to face transactions between makers buyers and dealers are commonplace In an era when technological change has pushed skilled artisanship to the margins of the global economy and in the midst of a capitalist system that places a premium on ever faster and more efficient modes of commerce Dudley shows us how artisanal guitar makers have carved out a unique world that operates on alternative more humane and ecologically sustainable terms

The Strange Career of Racial Liberalism Joseph Darda,2022-03-15 How Americans learned to wait on time for racial change What if Joseph Darda asks our desire to solve racism with science civil rights antiracist literature integration and color blindness has entrenched it further In *The Strange Career of Racial Liberalism* he traces the rise of liberal antiracism showing how reformers faith in time in the moral arc of the universe has undercut future movements with the insistence that racism constitutes a time limited crisis to be solved with time limited remedies Most historians attribute the shortcomings of the civil rights era to a conservative backlash or to the fracturing of the liberal establishment in the late 1960s but the civil rights movement also faced resistance from a liberal frontlash from antiredistributive allies who before it ever took off constrained what the movement could demand and how it could demand it Telling the stories of Ruth Benedict Kenneth Clark W E B Du Bois John Howard Griffin Pauli Murray Lillian Smith Richard Wright and others Darda reveals how Americans learned to wait on time for racial change and the enduring harm of that trust in the clock *The Great Demographic Illusion* Richard Alba,2022-02-22 A book that examines the growing population of mixed minority white backgrounds and society

The Cult of Individualism Aaron Barlow,2013-08-27 American individualism It is the reason for American success but it also tears the nation apart Why do Americans have so much trouble seeing eye to eye today Is this new Was there ever an American consensus *The Cult of Individualism A History of an Enduring American Myth* explores the rarely discussed cultural differences leading to today's seemingly intractable political divides After an examination of the various meanings of individualism in America author Aaron Barlow describes the progression and evolution of the concept from the 18th century on illuminating the wide division in Caucasian American culture that developed between the culture based on the ideals of the English Enlightenment and that of the Scots Irish Borderers The Borderer legacy generally explored only by students of Appalachian culture remains as pervasive and significant in contemporary American culture and politics as it is unfortunately

overlooked It is from the Borderers that the Tea Party sprang along with many of the attitudes of the contemporary American right making it imperative that this culture be thoroughly explored **Freedomland** Annemarie H. Sammartino,2022-04-15

In Freedomland Annemarie H Sammartino tells Co op City s story from the perspectives of those who built it and of the ordinary people who made their homes in this monument to imperfect liberal ideals of economic and social justice Located on the grounds of the former Freedomland amusement park on the northeastern edge of the Bronx Co op City s 35 towers and 236 townhouses have been home to hundreds of thousands of New Yorkers and is an icon visible to all traveling on the east coast corridor In 1965 Co op City was planned as the largest middle class housing development in the United States It was intended as a solution to the problem of affordable housing in America s largest city While Co op City first appeared to be a huge success story for integrated middle class housing tensions would lead its residents to organize the largest rent strike in American history In 1975 a coalition of shareholders took on New York State and against all odds secured resident control Much to the dismay of many denizens of the complex even this achievement did not halt either rising costs or white flight Nevertheless after the challenges of the 1970s and 1980s the cooperative achieved a hard won stability as the twentieth century came to a close Freedomland chronicles the tumultuous first quarter century of Co op City s existence Sammartino s narrative connects planning economic and political history and the history of race in America The result is a new perspective on twentieth century New York City **American Cultural History: A Very Short Introduction** Eric Avila,2018-07-17

The iconic images of Uncle Sam and Marilyn Monroe or the fireside chats of Franklin D Roosevelt and the oratory of Martin Luther King Jr these are the words images and sounds that populate American cultural history From the Boston Tea Party to the Dodgers from the blues to Andy Warhol dime novels to Disneyland the history of American culture tells us how previous generations of Americans have imagined themselves their nation and their relationship to the world and its peoples This Very Short Introduction recounts the history of American culture and its creation by diverse social and ethnic groups In doing so it emphasizes the historic role of culture in relation to broader social political and economic developments Across the lines of race class gender and sexuality as well as language region and religion diverse Americans have forged a national culture with a global reach inventing stories that have shaped a national identity and an American way of life ABOUT THE SERIES

The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Beyond the New Deal Order Gary Gerstle,Nelson Lichtenstein,Alice O'Connor,2019-11-29 Ever since introducing the concept in the late 1980s historians have been debating the origins nature scope and limitations of the New Deal order the combination of ideas electoral and governing strategies redistributive social policies and full employment economics that became the standard bearer for political liberalism in the wake of the Great Depression and commanded Democratic majorities for decades In the

decline and break up of the New Deal coalition historians found keys to understanding the transformations that by the late twentieth century were shifting American politics to the right In *Beyond the New Deal Order* contributors bring fresh perspective to the historic meaning and significance of New Deal liberalism while identifying the elements of a distinctively neoliberal politics that emerged in its wake Part I offers contemporary interpretations of the New Deal with essays that focus on its approach to economic security and inequality its view of participatory governance and its impact on the Republican party as well as Congressional politics Part II features essays that examine how intersectional inequities of class race and gender were embedded in New Deal labor law labor standards and economic policy and brought demands for employment economic justice and collective bargaining protections to the forefront of civil rights and social movement agendas throughout the postwar decades Part III considers the precepts and defining narratives of a post New Deal political structure while the closing essay contemplates the extent to which we may now be witnessing the end of a neoliberal system anchored in free market ideology neo Victorian moral aspirations and post Communist global politics Contributors Eileen Boris Angus Burgin Gary Gerstle Romain Huret Meg Jacobs Michael Kazin Sophia Lee Nelson Lichtenstein Joe McCartin Alice O Connor Paul Sabin Reuel Schiller Kit Smemo David Stein Jean Christian Vinel Julian Zelizer

The Woman Question in Jewish Studies Susannah Heschel, Sarah Imhoff, 2025-02-04 A critical look at the difficulties women face in the field of Jewish studies drawing on quantitative data personal stories and the gendered history of the field The field of Jewish studies has expanded significantly in recent years with increasing numbers of women entering the field These scholars have brought new perspectives from studies of women gender and sexuality Yet they have also faced institutional and individual obstacles In this book Susannah Heschel and Sarah Imhoff examine the place of women and nonbinary people in Jewish studies arguing that for both intellectual and ethical reasons the culture of the field must change Heschel and Imhoff explore quantitative data regarding women as editors of and contributors to academic journals and anthologies examine data regarding citations of women s scholarship and scrutinize women s presence on panels at academic conferences They analyze the wider context of the contemporary academy discussing what is distinctive about Jewish studies They trace the history of the field its connections to traditional religious studies and its growth in US institutions interspersing this with stories of scholars in the field who have experienced harassment and gender discrimination Finally they offer suggestions for a reparative path forward

Conservatism in a Divided America George Hawley, 2022-11-01 George Hawley who has written extensively on conservatism and right wing ideologies in the United States presents a telling portrait of conservatism s relationship with identity politics The American conservative movement has consistently declared its opposition to all forms of identity politics arguing that such a form of politics is at odds with individualism In this persuasive study George Hawley examines the nature of identity politics in the United States how conservatives view and understand it how they embrace their own versions of identity and how liberal and conservative intellectuals and politicians navigate this equally dangerous and potentially

explosive landscape Hawley begins his analysis with a synopsis of the variety both of conservative critiques of identity politics and of conservative explanations for how it has come to define America's current political terrain This historical account of differing conservative approaches to identitarian concerns from the post war era until today including race gender and immigration foregrounds conservatism's lack of consistency in its critiques and ultimately its failure to provide convincing arguments against identity politics Hawley explores the political right's own employment of identity politics particularly in relation to partisan politics and highlights how party identification in the United States has become a leading source of identity on both sides of the political spectrum Hawley also discusses this generation's iteration of American white nationalism the Alt Right from whose rise and fall conservatism may develop a more honest realistic and indeed relevant approach to identity politics

Postwar Anti-Racism Anthony Q. Hazard, 2012-10-31 This book explores the discourse and practice of anti racism in the first two decades following World War II uncovering the ways scientific and cultural discourses of race continued to circulate in the early period of contemporary globalization through the lens on UNESCO *Chosen People* Jacob S. Dorman, 2013-01-31 The first comprehensive examination of the rise of black Judaism in America
