Fraser, 2019-01-01 Catastrophic wartime casualties and postwar discomfort with the successes of women who had served in combat roles combined to shatter prewar ideals about what service meant for Soviet masculine identity The soldier had to be re imagined and resold to a public that had just emerged from the Second World War and a younger generation suspicious of state control In doing so Soviet military culture wrote women out and attempted to re establish soldiering as the premier form of masculinity in society Military Masculinity and Postwar Recovery in the Soviet Union combines textual and visual analysis as well as archival research to highlight the multiple narratives that contributed to rebuilding military identities Each chapter visits a particular site of this reconstruction including debates about conscription and evasion appropriate role models for cadets misogynist military imagery in cartoons the fraught militarized workplaces of nuclear physicists and the first cohort of cosmonauts who represented the completion of the project to rebuild militarized masculinity **World War II & the Post-War Years, Grades 4 - 7** Backus, 2002-07-03 Bring history to life for students in grades 4 7 with World War II and the Post War Years This 64 page book covers topics such as the rise of dictators Pearl Harbor victory gardens Rosie the Riveter D day Anne Frank Iwo Jima and the Korean War It enables students to explore American history through fun activities such as word searches fact or opinion questions and creative writing The book also includes answer keys time lines and suggested reading lists **Russia at War, 1941-1945** Alexander Werth, 2017-03-14 In 1941 Russian born British journalist Alexander Werth
