**Bilingualism** Natalia A. Gunina,Radislav P. Millrood,2019-08-18 This volume focuses on the recent trend in English language pedagogy of educational bilingualism that is teaching English language contents and cultures in bilingual lessons It draws on the critical revision of the monolingual tradition of language instruction rooted in the outdated direct method once powerful at the turn of the 20th century The realities of education are that the English language is spreading to foreign lands circulating alongside native tongues functioning as a universal communication tool for multinational groups or individuals and emerging as a global language in education This book proves the hypothesis that in the epoch of information breakthroughs and global migration the value of English in education lies in it being the key to innovative knowledge This

leads to its integration with the learners own language providing alternative sources of information and marking cultural self identity     Arabic at a Glance Hilary Wise,1987 Two books in one Phrase book over 1 500 expressions for every travel situation Dictionary bilingual guide to over 2 000 key words Includes emergency phrases pronunciation throughout color maps travel tips food and shopping guides     **Library Journal** ,1992     The Cumulative Book Index ,1907 A world list of books in the English language     **EDN** ,1991     *American Book Publishing Record* ,2001     *Culture Shock!* Meredith Dalton,2000 Gives informative tips on the do s and don ts of custom in the Ukraine and provides interesting insights into the social and business attitudes of the Ukrainian people     Введение в интерлингвокультурологию 2-е изд., испр. и доп.
