Morris, 2020-08-27 The Jewish leftist lawyer Ernst Fraenkel was one of twentieth century Germany s great intellectuals During the Weimar Republic he was a shrewd constitutional theorist for the Social Democrats and in post World War II Germany a respected political scientist who worked to secure West Germany s new democracy This book homes in on the most dramatic years of Fraenkel s life when he worked within Nazi Germany actively resisting the regime both publicly and secretly As a lawyer he represented political defendants in court As a dissident he worked in the underground As an intellectual he wrote his most famous work *The Dual State* a classic account of Nazi law and politics This first detailed account of Fraenkel s career in Nazi Germany opens up a new view on anti Nazi resistance its nature possibilities and limits With grit daring and imagination Fraenkel fought for freedom against an increasingly repressive regime *The Divine Sabotage* Dan Lioy, 2008-08-18 The concept of the divine sabotage is the starting point for this expository journey through Ecclesiastes Dan Lioy notes that on the one hand God has set eternity in the human heart Eccl 3 11a Yet on the other hand no one can fathom what God has done from beginning to end Eccl 3 11b God has imposed limitations on the human race that undermine human efforts to look beyond the present especially to understand the past or probe into the future Expressed differently because people are creatures of time their heavenly imposed finitude subverts their ability to fathom the eternal plan of God The preceding observations help pinpoint why existence often seems vague incongruous and antithetical People are left feeling confused powerless and frustrated And somewhere along the way they begin to ask what life is really all about Solomon who was Israel s wisest and most powerful king also wrestled with these issues and he recorded his observations and conclusions in the book of Ecclesiastes Lioy s objective balanced and affirming examination of Solomon s treatise indicates that the fundamental quality of life is defined by revering God and heeding His commandments Eccl 12 13 He notes that if human existence is likened to a

cord made of three strands an analogy based on Ecclesiastes 4 12 it remains coherent and interconnected when God is at the center of one s inner world at the core of one s understanding of the external world and the basis for the significance one derives from life This volume is appropriate for personal study and is also suitable as a college and seminary textbook
