Sacramental Forgiveness As A Gift Of God Thomas Aquinas On The Sacrament Of Penance:

Sacramental Forgiveness as a Gift of God Eric Luijten, 2003 What is the theological place of the Holy Spirit with respect to the forgiveness of sins in the sacrament of penance This study examines the role of the Spirit in the theology of sacramental forgiveness of Thomas Aquinas 1224-1274 who is often blamed for the *Geistvergessenheit* of Western theology In the first part of this study it is shown that in Thomas theology notions like guilt and forgiveness function within the context of a relationship of friendship between God and human beings Constitutive for this relationship is the indwelling of God which is appropriated to the Holy Spirit It is explained that Thomas understands appropriation i e the practice of ascribing to divine Persons individually what belongs to the divine essence in general as a part of proper God talk which takes into account the limitations of our language vis a vis God In the second part of this study it is argued that the notion of the causality of the sacrament of penance i e that it effects the forgiveness of sins that it signifies can only be evaluated properly if the sacrament of penance is not only seen as prolongation of the incarnation i e the visible mission of the Son but also as accompanied by the continuous invisible mission of the Holy Spirit Eric Luijten 1964 has been a research fellow of the Catholic Theological University at Utrecht the Netherlands and at present is rector of studies of the Arienskonvik, the priest seminary of the archdiocese Utrecht and the diocese Groningen

Repentance and Forgiveness Matthew E. Burdette, Victor Lee Austin, 2020-09-24 Reconciliation is at the heart of the Christian faith It is what God accomplishes by the incarnation of his Son by Jesus' cross, resurrection and exaltation that all people be drawn to God in Christ and in being so drawn drawn into fellowship with one another The good news of reconciliation is therefore also a call to repent and to receive forgiveness and then concomitantly to forgive The present volume endeavors to reexamine these most fundamental Christian claims These essays which were first presented at the 2017 annual Pro Ecclesia conference return to the biblical sources to help us understand reconciliation afresh The authors raise questions about repentance and forgiveness from various perspectives Jewish, Roman Catholic, Orthodox and Protestant They also consider our present day context what has been called the technoculture as well as the practice of repentance and forgiveness

Vatican Council II Elizabeth Harrington, David Orr, Carmel Pilcher, 2013-08-31 Sacrosanctum Concilium opened the door to all Christians to understand the contemporary challenge to their life and health and it started with the reform of the liturgy In the words of Paul VI the liturgy is the first source of life communicated to us the first school of our spiritual life the first gift we can give to Christian people by our believing and praying and the first invitation to the world That is surely true for all of us

Rediscovering Aquinas and the Sacraments Matthew Levering, Michael Dauphinais, 2022-01-07 St Thomas Aquinas of the Sacraments offers a brief and readable essay on each of the seven sacraments as presented by St Thomas Aquinas in addition to chapters on his theology of worship and his understanding of liturgical devotion The essays are written for students, scholars and pastors who seek to learn more about Aquinas's sacramental theology Each chapter introduces certain aspects of Aquinas's approach and opens

up avenues for further reflection In recent years philosophical and theological interest in Aquinas's sacramental theology and theology of the liturgy seems to be significantly increasing in ecumenical circles This unique collection featuring the new research of some of expert sacramental theologians sheds new light on the little known the contributions of Aquinas to sacramental theology and the medieval tradition to which he belongs

Maurice Blondel on the Supernatural in Human Action Cathal Doherty, 2017-03-20 How do sacraments differ from superstition For Enlightenment philosophers such as Kant both are merely natural actions claiming a supernatural effect an accusation that has long been ignored in Catholic theology In Maurice Blondel on the Supernatural in Human Action Sacrament and Superstition however Cathal Doherty SJ reverses this accusation through a theological appropriation of Blondel's philosophy of action arguing not only that sacraments have no truck with superstition but that the Enlightened are themselves guilty of that which they most abhor superstitious action Doherty then uses Blondel's philosophical insights as a heuristic and corrective to putative sacramental theologies that would reduce the spiritual or supernatural efficacy of sacraments to the mere human effort of perception or symbolic interpretation

Dancing to the Post-modern Tune Tobias O. Okoro, 2010 Religions and Discourse explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e.g. revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart

The Discovery of Being and Thomas Aquinas Christopher M. Cullen, SJ, Franklin T. Harkins, 2019 While there has been agreement among followers of Aquinas that being insofar as it is being qua being is the subject of metaphysics there is not agreement on how this being qua being is to be understood nor on how we come to know the being that is the object of metaphysical investigation The topic of what being is as the object of the science of metaphysics and how to account for the discovery of the being of metaphysics have emerged as central problems for the contemporary retrieval of Aquinas and for the larger project of post-Leonine Thomism in general This lack of agreement has hampered the retrieval of Aquinas's metaphysics The collection of essays within *The Discovery of Being and Thomas Aquinas* is divided into three major parts the first set of essays concerns the foundation of metaphysics within Thomism the second set exemplifies the use of metaphysics in fundamental philosophical issues within Thomism and the third set employs metaphysics in central theological issues *The Discovery of Being and Thomas Aquinas* allows major scholars of the different types of Thomism to engage in a full scale defense of their position as well as expanding Thomistic metaphysics to the discipline of theology in important ways

Before Forgiveness

David Konstan, 2010-08-09 In this book David Konstan argues that the modern concept of interpersonal forgiveness in the full sense of the term did not exist in ancient Greece and Rome Even more startlingly it is not fully present in the Hebrew Bible nor in the New Testament or in the early Jewish and Christian commentaries on the Holy Scriptures It would still be centuries many centuries before the idea of interpersonal forgiveness with its accompanying ideas of apology remorse and a change of heart on the part of the wrongdoer would emerge For all its vast importance today in religion law politics and psychotherapy interpersonal forgiveness is a creation of the eighteenth and nineteenth centuries when the Christian concept of divine forgiveness was fully secularized Forgiveness was God's province and it took a revolution in thought to bring it to earth and make it a human trait

The Love of God Poured Out: Grace and the Gifts of the Holy Spirit in St. Thomas Aquinas John Meinert, 2018-05-01 What is the relationship between the gifts of the Holy Spirit and the action of grace John Meinert's *The Love of God Poured Out* enters into the major positions and debates within Thomism to forge a new synthesis on this topic within the greater body of scholarship existing today Meinert reads Aquinas's thought on the gifts of the Holy Spirit and grace in an integral and analogous way Not only does *The Love of God Poured Out* aid scholars in understanding Aquinas's thought on these two issues it also once more clarifies the truth that the Holy Spirit and his gifts are neither a devout appendix to moral theology nor a pious nod to tradition They are the heart and height of the moral life a life lived subditus Deo

Religious Life Loan Le, 2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live

Fullness Received and Returned Seng-Kong Tan, 2014 Seng Kong Tan argues that human participation in the divine classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards's theology and it serves to focus and determine the contours of Edwards's thought Fullness Received and Returned situates Edwards's theology within the folds of the classical theological tradition while arguing that Edwards's is a unique and creative form of Reformed theology
