The Youth's Companion Nathaniel Willis,Daniel Sharp Ford,1884 Includes music

Preaching the Gospel of Black Revolt Reginald A. Wilburn,2014-05-19 In this comparative and hybrid study Reginald A Wilburn offers the first scholarly work to theorize African American authors rebellious appropriations of Milton and his canon Wilburn engages African Americans transatlantic negotiations with perhaps the preeminent freedom writer in the English tradition Preaching the Gospel of Black Revolt contends that early African American authors appropriated and remastered Milton by completing and complicating England s epic poet of liberty with the intertextual originality of repetitive difference Wilburn focuses on a diverse array of early African American authors such as Phillis Wheatley Frances Ellen Watkins Harper Frederick Douglass and Anna Julia Cooper He examines the presence of Milton in their works as a reflection of early African Americans rhetorical affiliations with the poet s satanic epic for messianic purposes of freedom and racial uplift Wilburn explains that early African American authors were attracted to Milton because of his preeminent status in literary tradition strong Christian convictions and poetic mastery of the English language This tripartite ministry makes Milton an especially indispensable intertext for authors whose writings and oratory were sometimes presumed beneath the dignity of criticism Through close readings of canonical and

obscure texts Wilburn explores how various authors rebelled against such assessments of black intellect by altering Milton's meanings, themes and figures beyond orthodox interpretations and imbuing them with hermeneutic shades of interpretive and cultural difference. However, they remastered Milton: these artists respected his oeuvre as a sacred yet secular talking book of revolt, freedom and cultural liberation. Preaching the Gospel of Black Revolt particularly draws upon recent satanic criticism in Milton studies, placing it in dialogue with methodologies germane to African American literary studies. By exposing the subversive workings of an intertextual Middle Passage in black literacy, Wilburn invites scholars from diverse areas of specialization to traverse within and beyond the cultural veils of racial interpretation and along the color line in literary studies.

The Routledge Companion to Shakespeare and Politics Chris Fitter, 2025-10-31

The Routledge Companion to Shakespeare and Politics challenges and transforms our understanding of the politics of Shakespeare's plays. Through up-to-date essays by historians, biographers and Shakespeare critics, this Companion offers first a systematic examination of dominant institutions and emergent thought in Shakespeare's society, then meditation on Shakespeare's representation of these. Contributors consider the common law and the legally embattled royal prerogative, the functioning of the justice system, the impact of angry Tudor reformers, early capitalism, war, libels, rebellion, populism, religion and cosmological ferment, as well as the class system, Machiavelli, Montaigne and theatrical transgression. Opening chapters discuss the harsh politicisation of childhood, Shakespeare, the subversive practices built into grammar school education and the mythic retirement of Shakespeare to an idyllic Warwickshire. Combining social panorama with sharp critical readings, this synoptic approach allows identification of a political coherence to Shakespeare's drama, identifying commonalities of vision, frequently critical and dissident, returning in different plays. The final section looks at Shakespeare's reception within Marxism, feminism, racial theory, LGBTQ thought and ecocriticism. The collection recovers a lost Shakespeare of substantial political disaffection in very dark times, offering a challenging political redirection of Shakespeare studies and perhaps a Shakespeare for our era. As an authoritative state-of-the-art guide to this resonant topic, it will be of interest to anyone researching or studying Shakespeare.

The Routledge Companion to Literature and Religion Mark Knight, 2016-04-28

This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective. Including discussion of global literature and world religions, this Companion looks at key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9/11. A variety of theoretical approaches to the study of religion and literature. Different ways that religion and literature are connected, from overtly religious writing to subtle religious readings. Analysis of key sacred texts and the way they have been studied, re-written and questioned by literature. Political implications of work on religion and literature. Thoroughly introduced and contextualised, this volume is an engaging introduction to this huge and complex field.
