Sacred Games:

Sacred Games Vikram Chandra, 2008-05-14 WINNER OF THE HUTCH CROSSWORD BOOK AWARD 2006 FOR BEST WORK IN ENGLISH FICTION Seven years in the making Sacred Games is an epic of exceptional richness and power Vikram Chandra's novel draws the reader deep into the life of Inspector Sartaj Singh and into the criminal underworld of Ganesh Gaitonde the most wanted gangster in India This is a sprawling magnificent story of friendship and betrayal of terrible violence of an astonishing modern city and its dark side Drawing on the best of Victorian fiction mystery novels Bollywood movies and Chandra's years of first hand research on the streets of Mumbai Sacred Games reads like a potboiling page turner but resonates with the intelligence and emotional depth of the best of literature Jesus and the Temple Simon J. Joseph, 2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus' arrest but the precise relationship between Jesus and the Temple's administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system Simon J. Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus' enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus' conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death Hindu Pluralism Elaine M. Fisher, 2017-02-24 Much has been written about the historical origins of the unity of Hinduism Hindu difference has been read through the lens of the term sectarianism a concept that translates devotion as dissent and community as a potential precursor to communalism In Hindu Pluralism Elaine M. Fisher argues that it is the plurality of Hindu religious identities and their embodiment and contestation in public space that first reveals the emergence of Hinduism as a unified religion in south India and an integral feature of a distinctively Indic early modernity prior to British Colonialism Provided by publisher In Search of the Greeks James Renshaw, 2008-05-16 Offers an introduction to the societies of Classical Greece This book introduces six key areas of ancient Greece Greek religion the Olympic Games Athenian drama Athenian society Athenian democracy and Sparta It reflects on some of the social political and cultural issues of classical Greece **A Companion to Sport and Spectacle in Greek and Roman Antiquity** Paul Christesen, Donald G. Kyle, 2014-01-07 A Companion to Sport and Spectacle in Greek and Roman Antiquity presents a series of essays that apply a socio-historical perspective to myriad aspects of ancient sport and spectacle Covers the Bronze Age to the Byzantine Empire Includes contributions from a range of international scholars with various Classical antiquity specialties Goes beyond the usual concentrations on Olympia and Rome to examine sport in cities and territories throughout the Mediterranean basin Features a variety of illustrations maps

Family Relationships in Contemporary Crime Fiction Bill Phillips,2019-04-23 Behind every crime novel there is a family The author s the hero s or the heroine s and that of the villains themselves Some families organise themselves into crime syndicates controlling drugs prostitution and illegal gambling Others are simply dysfunctional tearing themselves apart fathers against sons mothers against daughters sisters against brothers husbands against wives Not everyone escapes alive However families do not exist in a vacuum They are an important part of our society for many one of its most essential building blocks That being said society itself can impinge disastrously on personal relationships War that greatest of crimes leaves children bereft of parents Generations of children are stolen by cynical racist administrators in supposedly civilised countries Religion requires its followers to flourish and multiply while abandoning all including family for their faith All of these issues and more are explored in this collection of essays about crime fiction and the family

Dutch,2005-06-04 This book examines the educated elite in 1 Corinthians through the development and application of an ancient education model The research reads Paul s text within the social world of early Christianity and uses social scientific criticism in reconstructing a model that is appropriate for first century Corinth Pauline scholars have used models to reconstruct elite education but this study highlights their oversight in recognising the relevancy of the Greek Gymnasium for education Topics are examined in 1 Corinthians to demonstrate where the model advances an understanding of Paul s interaction with the elite Corinthian Christians in the context of community conflict This study demonstrates the important

contribution that this ancient education model makes in interpreting 1 Corinthians in a Graeco Roman context This is Volume 271 of JSNTS
