Some Whispers from Eternity Shomik Chaudhuri, 2023-11-07

About the Book: Humans have created artificial vivisections of the society in every conceivable way, be it religion, race, caste, creed, region, nation, and so many others. Religious, national strife is a regular feature; humans show hatred toward their fellow beings over nominal things, and of course, the reasons for dissension. There is limited place for self-improvement or inner introspection or self-development. But life aims and goals should be understood and practiced and included in people's lifestyle along with merriment and having a good time. *Some Whispers from Eternity* was written after seeing and experiencing the total degradation of life on earth and lack of empathy and compassion of humans living here for one another. In the book, author Shomik Chaudhuri enumerates numerous processes that help anyone to practice and evolve into better and more wonderful human beings. These are time-tested and authentic processes that make it possible for anyone to practice. This not only helps you become better but also brings happiness and peace to everything and everyone around you. Studies, work, relationships, experiences, all become much better. Concentration, patience, focus, endurance, calm disposition, body fitness, among so many others, evolve inside you. The quality of life becomes better. Life is short. Start today and do not let any day pass by without practicing the lessons and building your relationship with God. Take one step at a time and practice with your sincerity and love for God. He will make your progress faster, easier, and more enjoyable. It should become a part of life and who you are.
