Theory and Analysis on Homogeneous Spaces Semen Grigor'evich Gindikin, 1994. A combination of new results and surveys of recent work on representation theory and the harmonic analysis of real and p -adic groups. Among the topics are nilpotent homogeneous spaces, multiplicity formulas for induced representations, and new methods for constructing unitary representations of real reductive groups. The 12 papers are from a conference at Rutgers University, February 1993. No index. Annotation copyright by Book News, Inc., Portland, OR. *Middle East Record Volume 1, 1960* Yitzhak Oron, 1960. *The linguistic and historical value of the Irish law tracts* D.A. Binchy, 1946. **The Literature of the American People** Arthur Hobson Quinn, 1951.

Recent Advances in Financial Engineering Masaaki Kijima, Chiaki Hara, Yukio Muromachi, 2011. This book contains the proceedings of the KIER-TMU International Workshop on Financial Engineering 2010, which was held in Tokyo in order to exchange new ideas in financial engineering among industry professionals and researchers from various countries. It has been held for two consecutive years since 2009 as a successor to the Daiwa International Workshop, which was held from 2004 to 2008 and is organized by the Institute of Economic Research of Kyoto University (KIER) and the Graduate School of Social Sciences of Tokyo Metropolitan University (TMU). The workshop serves as a bridge between academic researchers and practitioners. This book consists of eleven papers, all refereed, representing or related to the presentations at the workshop. The papers address the state of the art techniques in financial engineering. The Proceedings of the 2009 workshop were also published by World Scientific Publishing. **My Struggle for Peace, Volume 3 (1956)** Moshe Sharett, 2019-03-19. The third volume of the former Israeli prime minister's journals from the nation's early years. *My Struggle for Peace* is a remarkable political document offering insights into the complex workings of the young Israeli political system.

set against the backdrop of the disintegration of the country's fragile armistice with the Arab states. Replete with Moshe Sharett's candid comments on Israel's first generation leaders and world statesmen of the day, the diary also tells the dramatic human story of a political career cut short by the removal of an unusually sensitive, dedicated and talented public servant. *My Struggle for Peace* is above all an intimate record of the decline of Sharett's moderate approach and the rise of more activist, militant trends in Israeli society culminating in the Suez-Sinai war of 1956. The diary challenges the popular narrative that Israel's confrontation with its neighbors was unavoidable by offering daily evidence of Sharett's statesmanship, moderation, diplomacy and concern for Israel's place in international affairs. This is the third volume in the 3-volume English abridgement of Sharett's *Yoman Ishi* Personal diary. Published in 1978, it maintains the integrity, flavor and impact of the 8-volume Hebrew original and includes additional documentary material that was not accessible at the time. The volumes are also available to purchase as a set or individually. The editors vastly improved on the Hebrew version by adding Sharett's speeches, reports, cabinet minutes and other sources to the text. These additions make this work so important and welcome by all who aspire to understand the foreign and defense policies of Israel in its first decade. *Israel Studies Review*

[The Syllables of Time](#) Teresa Whittington, 2017-07-05 This study reveals reading to be one of the main activities to occupy the inhabitants of the world of Marcel Proust's novel *A la recherche du temps perdu*. Characters do not just read books but have access to the journals and newspapers of a rapidly expanding print industry. They receive letters and postcards from family and friends. The posters of a nascent advertising industry tempt them to spend an evening at the theatre or a holiday by the sea and new forms of communication such as telegraphy enter their lives and require new strategies of deciphering. All human activity is glossed by means of a series of metaphors of reading extending the reader's domain beyond the written text. Through a series of illuminating analyses, Teresa Whittington shows how this web of references builds into a specifically Proustian account of both the outer social context of reading and the inner psychological world of the reader. Proust offers a contribution to the history of reading in France of his own lifetime and suggests that reading is the very condition of the writing of his fiction.

[A Descriptive Catalogue of the Government Publications of the United States, September 5, 1774-March 4, 1881](#) Benjamin Perley Poore, 1953 **Senate documents**, 1885 *Ancient Greek Linguistics* Felicia Logozzo, Paolo Poccetti, 2017-11-07 The volume assembles about 50 contributions presented at the International Colloquium on Ancient Greek Linguistics held in Rome, March 2015. This Colloquium opened a new series of international conferences that has replaced previous national meetings on this subject. They embrace essential topics of Ancient Greek Linguistics with different theoretical and methodological approaches: particles and their functional uses, phonology, tense, aspect, modality, syntax and thematic roles, lexicon and onomastics, Greek and other languages, speech acts and pragmatics.
