## Long Red Scarf:

**The Long Red Scarf** Nette Hilton,1987 After all his female relatives refuse to knit him a scarf as they go on about their business driving the cows building a crib Grandfather learns to knit himself *Tintin in the New World* Frederic Tuten,2005 Acclaimed author Frederic Tuten boldly revives the well loved character Tintin the eternally youthful protagonist from Belgian artist Herge s popular comic book series The Adventures of Tintin and leads him into an adventure like none he has experienced before Once again joined by Captain Haddock and his little dog Snowy the intrepid world traveler Tintin embarks on a mysterious journey to Machu Picchu in Peru But where danger and intrigue have met him before this voyage brings new perils and enchantments **Werner's Magazine** ,1902 **Goody Hall** Natalie Babbitt,2010-10-12 An out of work actor Hercules Feltwright stumbles into a job tutoring Willet Goody the only child of a widow living in a large lonely house Willet quickly involves his tutor in the search to discover the truth about his father The mystery unfolds with the discovery of hidden treasure a gypsy s ance and the frightening exploration of the tomb of Midas Goody *This is Not Just a Painting* Bernard Lahire,2019-04-15 In 2008 the Mus e des Beaux Arts de Lyon acquired a painting called The Flight into Egypt which was attributed to the French artist Nicolas Poussin Thought to have been painted in 1657 the painting had gone missing for more than three centuries Several versions were rediscovered in the 1980s and one was passed from hand to hand from a family who had no idea of its value to gallery owners and eventually to the museum A painting that had been sold as a decorative object in 1986 for around 12 000 euros was acquired two decades later by the Mus e des Beaux Arts de Lyon for 17 million euros What does this remarkable story tell us about the nature of art and the way that it is valued How is it that what seemed to be just an ordinary canvas could be transformed into a masterpiece that a decorative object could become a national treasure This is a story permeated by social magic the social alchemy that transforms lead into gold the ordinary into the extraordinary the profane into the sacred Focusing on this extraordinary case Bernard Lahire lays bare the beliefs and social processes that underpin the creation of a masterpiece Like a detective piecing together the clues in an unsolved mystery he carefully reconstructs the steps that led from the same material object being treated as a copy of insignificant value to being endowed with the status of a highly prized painting commanding a record breaking price He thereby shows that a painting is never just a painting and is always more than a piece of stretched canvass to which brush strokes of paint have been applied this object and the value we attach to it is also the product of a complex array of social processes with its distinctive institutions and experts that lies behind it And through the history of this painting Lahire uncovers some of the fundamental structures of our social world For the social magic that can transform a painting from a simple copy into a masterpiece is similar to the social magic that is present throughout our societies in economics and politics as much as art and religion a magic that results from the spell cast by power on those who tacitly recognize its authority By following the trail of a single work of art Lahire interrogates the foundations on which our perceptions of value

and our belief in institutions rest and exposes the forms of domination which lie hidden behind our admiration of works of art

**Far as the Eye Can See** Robert Bausch, 2014-11-04 Bobby Hale is a Union veteran several times over. After the war, he sets his sights on California but only makes it to Montana. As he stumbles around the West from the Wyoming Territory to the Black Hills of the Dakotas, he finds meaning in the people he meets: settlers and native people and the violent history he both participates in and witnesses. *Far as the Eye Can See* is the story of life in a place where every minute is an engagement in a kind of war of survival and how two people, a white man and a mixed-race woman, in the midst of such majesty and violence can manage to find a pathway to their own humanity. Robert Bausch is the distinguished author of a body of work that is lively and varied but linked by a thoughtfully complicated masculinity and an uncommon empathy. The unique voice of Bobby Hale manages to evoke both Cormac McCarthy and Mark Twain, guiding readers into Indian country and the Plains Wars in a manner both historically true and contemporarily relevant as thoughts of race and war occupy the national psyche.
