The Long Sonata of the Dead Michael Robinson, 1969

Beckett's Eighteenth Century F. Smith, 2001-12-17 Beckett's Eighteenth Century is the first book length study of Samuel Beckett's affinity with the British eighteenth century and of the influence of its writers on his work Reading Swift Pope Defoe Fielding Sterne Johnson Gray and other writers of this period this study demonstrates how he was not only influenced by them but interprets them for us in a quite modern way Beckett's uniqueness is not questioned here but this uniqueness is shown paradoxically to have its roots at least in part in his native literature of two centuries ago **Samuel**

Beckett's Library Dirk Van Hulle, Mark Nixon, 2013-06-28 The first study to assess the importance of the marginalia inscriptions and other manuscript notes in the 750 volumes of Samuel Beckett's personal library The Dramatic Works of

Samuel Beckett Charles A. Carpenter, 2011-10-13 A selectively comprehensive bibliography of the vast literature about Samuel Beckett's dramatic works arranged for the efficient and convenient use of scholars on all levels Life Creative Mimesis of Emotion Anna-Teresa Tymieniecka, 2012-12-06 Are emotions feelings sentiments not the stuff of literature That is where they project their inner logic of aesthetic transmutation there beyond the instrument of language that they command This collection explores how the lyrical virtualities of life experience and the elegiac style in literature share a common core lifting the human significance of life from abysmal vitality to esoteric heights from abysmal grief to a serene reconciliation with destiny The elegiac sequence in the play of emotions feelings sentiments brings together life and literary creativity in its transformatory power With papers by A Giuculescu John McGraw R Ellis A Carillo Can n B Watson S Bindeman R J Wilson L Kimmel B Prochaska T Raczka Chr Eykman J S Smith G Scheper S Feshbach I Vayl H Rudnick and others Samuel Beckett's Legacies in American Fiction James Baxter, 2021-11-30 Samuel Beckett's Legacies in American Fiction provides an overdue investigation into Beckett's rich influences over American writing Through in depth readings of postmodern authors such as Robert Coover Donald Barthelme Thomas Pynchon Don DeLillo Paul Auster and Lydia Davis this book situates Beckett's post war writing of exhaustion and generation in relation to the emergence of an explosive American avant garde In turn this study provides a valuable insight into the practical realities of Beckett's dissemination in America following the author's long standing relationship with the countercultural magazine Evergreen Review and its dramatic role in redrawing the possibilities of American culture in the 1960s While Beckett would be largely removed from his American context this book follows his vigorous albeit sometimes awkward reception alongside the authors and institutions central to shaping his legacies in 20th and 21st century America **Beckett's Words** David Kleinberg-Levin, 2015-07-30 At stake in this book is a struggle with language in a time when our old faith in the redeeming of the word and the word's power to redeem has almost been destroyed Drawing on Benjamin's political theology his interpretation of the German Baroque mourning play and Adorno's critical aesthetic theory but also on the thought of poets and many other philosophers especially Hegel's

phenomenology of spirit Nietzsche's analysis of nihilism and Derrida's writings on language Kleinberg Levin shows how because of its communicative and revelatory powers language bears the utopian promise of happiness the idea of a secular redemption of humanity at the very heart of which must be the achievement of universal justice In an original reading of Beckett's plays novels and short stories Kleinberg Levin shows how despite inheriting a language damaged corrupted and commodified Beckett redeems dead or dying words and wrests from this language new possibilities for the expression of meaning Without denying Beckett's nihilism his picture of a radically disenchanted world Kleinberg Levin calls attention to moments when his words suddenly ignite and break free of their despair and pain taking shape in the beauty of an austere yet joyous lyricism suggesting that after all meaning is still possible **Poetics of the Elements in the Human**

Condition: The Sea Anna-Teresa Tymieniecka, 2012-12-06 **The Medieval Presence in Modernist Literature** Jonathan Ulliot, 2016 This book rethinks the influence that early medieval studies and Grail narratives had on modernist literature Through examining several canonical works from Henry James The Golden Bowl to Samuel Beckett's Molloy Ulliot argues that these texts serve as a continuation of the Grail legend inspired by medieval scholarship **The Work of Difference**

Audrey Wasser, 2016-03-01 The Work of Difference addresses a fundamental ontological question What is literature And at the heart of this question it argues is the problem of the new How is it that new works or new forms are possible within the rule governed orders of history language use or the social How are new works in turn recognizable to already existing institutions Tracing the relationship between literature and the problem of newness back to a set of concerns first articulated in early German romanticism this book goes on to mount a critique of romantic tendencies in contemporary criticism in order ultimately to develop an original theory of literary production Along the way it offers new readings of major modernist novels by Samuel Beckett Marcel Proust and Gertrude Stein **Comparative Criticism: Volume 5, Hermeneutic Criticism** E.

S. Shaffer, 1986-04-17 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives **Death** Casey Jarman, 2019-08-01 In this illuminating collection of oral history style interviews Casey Jarman talks to a funeral industry watchdog about the often shady history of the death trade he hears how songwriter David Bazan lost his faith while trying to hold on to his family he learns about cartoonist Art Spiegelman using his college LSD trips to explain death to his children and he gets to know his own grandparents posthumously These are stories of loss rebuilding wonder and wild speculation featuring everyone from philosophers to former death row wardens and hospice volunteers In these moving enlightening and often funny conversations the end is only the beginning

Twentieth-century Poetry, Fiction, Theory Harry Raphael Garvin, John D. Kirkland, 1977 The issues addressed in this volume include the limits of language and the need for linguistic form the significance of creating Listening in Eric Prieto, 2002-01-01 What can music teach a novelist autobiographer or playwright about the art of telling stories The musical play of forms and sounds seems initially to have little to do with the representational function of the traditional narrative

genres Yet throughout the modernist era music has been invoked as a model for narrative in its specifically mimetic dimension Although modernist writers may conceive of musical communication in widely divergent ways they have tended to agree on one crucial point that music can help transform narrative into a medium better adapted to the representation of consciousness Eric Prieto studies the twentieth century evolution of this use of music with particular emphasis on the postwar Parisian avant garde For such writers as Samuel Beckett Michel Leiris and Robert Pinget music provides a number of guiding metaphors for the inwardly directed mode of mimesis that Prieto calls listening in where the object of representation is not the outside world but the subtly modulating relations between consciousness and world This kind of semiotic boundary crossing between music and literature is inherently metaphorical but as Prieto's analyses of Beckett Leiris and Pinget show these interart analogies provide valuable clues for bringing to light the unspoken assumptions obscurely understood principles and extra literary aspirations that gave such urgency to the modernist quest to better represent the mind in action

The Rhetoric of Failure Ewa P?onowska Ziarek, 1995-01-01 This book makes a significant and needed contribution to post structural philosophy and literary theory In this impressive analysis that delicately weaves together philosophical and literary texts Ewa Ziarek powerfully and persuasively demonstrates that the rhetoric of the failure of traditional subject centered rationality does not lead to nihilism or nominalism Kelly Oliver University of Texas at Austin

Unwording the World Carla Locatelli, 2016-11-11 This comprehensive study of Beckett's art proposes a doubly contextualized reading of his later works Carla Locatelli reads late Beckett through his previous writings and relates them to the literary philosophical and critical community which surrounds him To appreciate his contribution as an epistemological rhetorician she proposes a multidisciplinary approach that draws upon a remarkably wide range of theorists including Kierkegaard Husserl Heidegger Peirce Jakobson Deleuze Lacan and Derrida In Part One of this study Locatelli traces the evolution of Beckett's writing proposing that his principal concern devolves more and more upon the essential character of representation and its role in the constitution and signification of the subject Part One also provides a history of this thematic showing how Beckett's writing effects a radical displacement of representation from function to object of discourse In Part Two Locatelli focuses on Beckett's fiction after the Nobel Prize of 1969 and on the epistemological and aesthetic issues in *Company* 1980 *ill seen ill said* 1981 and *Worstward Ho* 1983 She examines his unwording in this Second Trilogy and defines it as a process of subtraction that probes into the most basic mode of our being in the world Here Beckett proposes as Locatelli suggests a very real hermeneutics of experience beyond the schools of suspicion which are still influencing some postmodernist thinking This volume will be of particular value to scholars and students of twentieth century English literature French literature and literary theory

From Dickinson to Dylan Glenn Hughes, 2020-12-01 Glenn Hughes examines the ways in which six literary modernists Emily Dickinson Marcel Proust T.S. Eliot Ezra Pound Samuel Beckett and Bob Dylan have explored the human relationship to a transcendent mystery of meaning Hughes argues that visions of transcendence are perhaps surprisingly a significant feature in modernist literature and that these authors' works account for many of the options for interpreting what transcendent reality might be This work is unique in its extended focus in a comparative study spanning a century on the persistence and centrality in modernist literature of the struggle to understand and articulate the dependence of human meaning on the mystery of transcendent meaning Hughes shows us that each of these authors is a mystic in his or her way and that none are tempted by the modern inclination to suppose that meaning originates with human beings Together they address one of the most difficult and important challenges of modern literature how to be a mystic in modernity
