Holdem Paul Ratchford, My biggest strength at the poker table is my ability to adapt in real time to my opponents Exploitive No Limit Holdem was written not just to help you understand advanced NLHE theory but more importantly to help you apply that knowledge exploitively at the poker table I focus more on the attacking side of poker than the defending side In many ways I feel like a good defense will come naturally for those who have a good offense If you understand how and why you are targeting an opponent you will also notice when you are the mark When you finish reading this book I am confident that you will be a better player Wherever possible I try to give you real world examples of the concepts I am discussing Theory without applications is useless and I recognize that my readers need more than just theory to help them improve Included in Exploitive No Limit Holdem is an extensive discussion of how to improve you red line the mental game math expected value game theory and risk management Very little in poker is solved and that makes teaching the game challenging Exploitive No Limit Holdem focuses not only on how to fix leaks in your game and attack opponents weaknesses but also on how you can keep growing as a player after reading this book Exploitive No Limit Holdem can help you deepen your understanding of No Limit Holdem which will enable you to adapt and stay profitable in a dynamic and rapidly changing industry like poker
