Look Again The Process Of Prejudice And Discrimination:

Look Again Tom Morton, John McBride, Reg Plummer, Hugh Foulds, 1977-01-01 Examines the causes effects and forms of discrimination and prejudice and ways to prevent negative perceptions of others Includes review questions Canadiana, 1978 *Canadian Books for Young People/Livres canadiens pour la jeunesse, 3e* Irma McDonough, 1980-12-15 This third completely revised edition contains hundreds of new entries for a total of almost 2 000 children s books and magazines carefully selected and described by a team of children s librarians Entries are arranged by subject with reading levels indicated where necessary and are also listed in a separate author title index A list of prize winning Canadian children s books and a basic book list for librarians teachers and parents are included in this charmingly illustrated volume **In Search of Canadian Materials**, 1979 **The Treatment of the Holocaust in Canadian History and Social Science Textbooks** Yaacov Glickman, Alan Bardikoff, League for Human Rights of B'nai B'rith, 1982 The degree to which Canadian history and social science textbooks inform and sensitize Canadian students to the events of the Holocaust is examined Evaluated by a panel of independent judges and presented in comparative perspectives 72 history and social science textbooks authorized for use in Canada s secondary schools were found to have offered inadequate treatment of the subject matter The findings remained consistent on all measures of which the evaluation scale was comprised and ways in which data were manipulated The poor performance shown by the textbooks analyzed held on both quantitative and qualitative measures employed in the evaluation process In addition 208 high school students of the Toronto area polled for the purposes of this report confirmed the rather meagre contribution of current textbooks to the understanding and knowledge of the Holocaust The causes for the textbook profile unfolded in this report are attributed in part to the structure of domination and power relations in Canada of which the school curriculum is an expression The applicability of the findings to the general character of Canadian educational processes and the way they respond to the plight of other minority groups are also discussed Author LH Tolerance: Teacher-training resource unit Betty Reardon, 1997 **Focus on Collaborative Learning** Jeff Golub, National Council of Teachers of English. Committee on Classroom Practices, 1988 Some article titles found within include Cooperative Learning in the Literature Classroom Group Library Research and Oral Reporting in Freshman Composition *Elementary Social Studies* Ian Wright, 1984 **From Victim to Victor to Victim Again** J. O. Bass, 2004 This provocative publication is a culmination of several years of research interviews and surveys to determine the extent of racism in Thailand The initial study began in 1964 during the Viet Nam War when the author was in Thailand serving as an Industrial Missionary While there he encountered racial bias on a personal level and decided to base his Master s thesis on a study of the degree of prejudice existing in this country Prejudice not only hurts its holder and damages its victim but also creates an atmosphere of suspicion and distrust which tends to destroy all who are touched by it The question therefore arises will the lesson of America s cities also be the lesson of Bangkok Follow up observations were completed 35

years later to determine whether or not any progress had been made since the first study after which Thailand had experienced an unprecedented population growth and the absence of American military personnel Thailand of the year 2000 was positioned to be the most appropriate prototype of the kind of inclusive society that many countries only dream of becoming Between 2001 and 2002 another extensive effort involving interviews and surveys was initiated to measure the social distance between the Africans and Thais racial prejudice has a double edge It damages both its holder and its victim The prejudiced persons are hurt because they lose their ability for critical thought and react blindly in terms of stereotypes they become less Christian less Buddhist less caring and even less productive members of the Thai society as far as creative thinking and change for the best goes The victims of prejudice are hurt because they become the persons created by the false image of themselves that is projected by those prejudiced persons The results and comparisons of the author s research are described in depth in the pages of this book along with his professional analysis of the situation as it existed over the last 50 years and at the present time In 2004 the author will return to Bangkok Thailand to oversee a larger scientific study and the implementation of its findings
