

Completed in 1985, the Hundertwasserhaus is an apartment building in Vienna, Austria. When the lead architect was provided the original plans for the structure, he nixed them and came up with an entirely new concept. When the work was completed, he took no payment for the design, saying it was **worth it to prevent something ugly from being built in its place.**

Only three years later in the second half of 1998 Austria assumed its first presidency of the European Union. Its competent conduct of the Union's business enhanced its reputation. The sense that Austria was a role model collapsed overnight after a new conservative People's Party (FPÖ) coalition government was formed in Austria in early February 2000. Austria became Europe's nightmare. This volume has two purposes. The first is to assess Austria's first five years in the European Union. The second is Austria's ongoing struggle with its past. Heinrich Neisser evaluates and assesses Austria's commitment to the European Union. Thomas Angerer offers a long-term perspective of regionalization and globalization trends in Austrian foreign affairs. Waldemar Hummer analyzes contradictions between Austrian neutrality and Europe's emerging common security policy. Johannes Pollak and Sonja Puntscher Rieckmann look at current debates over weighing future voting rights in the European Commission. Michael Huelshoff evaluates Austria's EU presidency in 1998 and compares it to the subsequent 1999 German presidency. Gerda Falkner examines the withering away of the previously much admired Austrian welfare state. Walter Manoschek scrutinizes the Nazi roots of Jörg Haider's Freedom Party. Michael Gehler critiques the EU sanctions and bemoans the absence of mediation through transnational Christian conservative parties. In reviewing how Austria deals with World War II, Richard Mitten investigates discourses on victimhood in postwar Austria and the place of Jews in this process. A Roundtable presents overwhelming evidence of Austrians' deep involvement in Nazi war crimes and includes articles by Sabine Lotfellner and Winfried Garscha. This addition to the Contemporary Austrian Studies series will be welcomed by political scientists, historians, and legal scholars, particularly those with a strong interest in European affairs.

Migration and Irregular Work in Austria, 2009. This meticulously researched study of irregular migrant work in Austria holds many broader lessons for countries all over Europe. The book derives many of its fascinating insights from systematic in-depth interviews with migrants themselves. The authors demonstrate that it is no longer enough to divide the world of foreign employment into legal and illegal work. Instead, over the past few years, particularly in the context of progressive EU enlargement in Europe, new manifestations of irregular migrant work have evolved. Moreover, the authors convincingly argue that irregular migrant work is based on both supply and demand and is therefore unlikely to fade away in the foreseeable future. Publisher's description.

The world was but as she so believed, goodness was all around and this led her to Ace Torane.
