**Intellectual Citizenship and the Problem of Incarnation** Peter Eglin, 2012-11-08 Who has the right to know asks Jean Francois Lyotard Who has the right to eat asks Peter Madaka Wanyama This book asks what does it mean to be a responsible academic in a northern university given the incarnate connections between the university's operations and death and suffering elsewhere Through studies of the neoliberal university in Ontario the imperial university in relation to East Timor the chauvinist university in relation to El Salvador and the gendered university in relation to the Montreal Massacre the author challenges himself and the reader to practice intellectual citizenship everywhere from the classroom to the university commons to the street Peter Eglin argues that the moral imperative to do so derives from the concept of incarnation Here the idea of incarnation is removed from its Christian context and replaced with a political economic interpretation of the embodiment of exploited labor This embodiment is presented through the material goods that link the many's compromised right to eat with the privileged few's right to know

**Challenge the Strong Wind** David Webster, 2020-03-01 In 1975 Indonesian forces overran East Timor just days after it declared independence from Portugal Canadian officials knew the invasion was coming and endorsed Indonesian rule in the ensuing occupation Challenge the Strong Wind recounts the evolution of Canadian government policy toward East Timor from 1975 to its 1999 independence vote During this time Canadian civil society groups and NGOs worked in support of Timorese independence activists by promoting an alternative Canadian foreign policy that focused on self-determination and human rights After following the lead of key pro-Indonesian allies in the 1970s and 80s Ottawa eventually yielded to pressure from these NGOs and pushed like-minded countries to join it in supporting Timorese self-rule David Webster draws on previously untapped government and non-government archival sources to demonstrate that a clear-eyed view of international history must include both state and non-state perspectives The East Timor conflict serves as a model of multilevel dialogue citizen diplomacy and novel approaches to resolving complex disputes

**Fire and the Full Moon** David Webster, 2010-01-01 The history of Canada's postwar foreign policy is dominated by Cold War narratives the Gouzenko Affair UN peacekeeping missions and the Cuban Missile Crisis By contrast the story of Canada's response to decolonization in the Global South is less well known Fire and the Full Moon explores Canadian-Indonesian relations to determine whether Canada's postwar foreign policy was guided by an overarching set of principles Canada a loyal member of the Western alliance wanted developing countries to follow a non-revolutionary model of decolonization and paid little attention to violations of human rights Webster's reassessment of Canada's foreign policy objectives in Indonesia and of its own national image will appeal to students of diplomatic history interested in Asia and the developing world

**Canada Among Nations, 2008** Robert Bothwell, Jean Daudelin, 2009-03-17 The editors take a critical look at the now almost mainstream declinist thesis and at the continued relevance of Canada's relationships with its principal allies the United Kingdom France and the United States Contributors discuss a broad range of

themes including the weight of a changing identity in the evolution of the country's foreign policy the fate of Canadian diplomacy as a profession the often complicated relationship between foreign and trade policies the impact of immigration and refugee procedures on foreign policy and the evolving understanding of development and defence as components of Canada's foreign policy      **Bound by Power** Jeffery Klaehn, 2006 Examines how power operates within the world and the various costs which can ensue from dissent      *Is Oil Thicker Than Blood?* George J. Aditjondro, 1999 Knowledge about Timor's abundant offshore and onshore oil and gas reserves was the main economic rationale for Indonesia's annexation of East Timor and the Western nations' tacit approval of this gross violation of human rights This book outlines Timor's oil history and its underlying role in the present Timor conflict and the U.S. oil interests in this conflict In conclusion the social and environmental impact of those oil and gas exploration and production activities and its implications for an independent East Timor nation state are discussed followed by some recommendations for action      Tok Blong Pasifik, 1997      ASEAN+3 Bond Market Guide 2017 Indonesia Asian Development Bank, 2017-08-01 ASEAN 3 Bond Market Guide is a comprehensive explanation of the region's bond markets It provides information such as the history legal and regulatory framework specific characteristics of the market trading and transaction including settlement systems and other relevant information The Bond Market Guide 2017 for Indonesia is an outcome of the support and contributions of ASEAN 3 Bond Market Forum members and experts particularly from Indonesia      *Looking the Other Way* Malia Southard, South Pacific Peoples Foundation of Canada, 1997      *The Geopolitics of Religious Soft Power* Peter Mandaville, 2023 The Geopolitics of Religious Soft Power represents the first globally comparative study of the varying ways in which states incorporate religion and religious outreach into their external relations Each chapter demonstrates how the history religious culture and geopolitical orientation of a particular country determines its capacity for using religion as part of a soft power strategy while simultaneously dictating the nature and shape of its religious outreach activities its intended audiences and likelihood of success or impact      **Netizenship, Activism and Online Community Transformation in Indonesia** Ario Seto, 2017-09-12 Focusing on the concept of prudence as ethical groundwork for digital practices and activism this book considers digital media expediency and populism as conflicting required experiences that lead digital citizens to discover activism It highlights the importance of digital citizens' experience of being in the digital sphere and encourages the reader to look at the dynamics of online movement as a part of a community's search for significance between the online and offline realms of activism Based on ethnographic research about the largest Indonesian online community Kaskus this book uses Indonesian digital citizenship as an example of online activism in a post-authoritarian state with media viewed as a tool for democratic advancement and a catalyst for social movements among activists students and citizens both in Indonesia and further afield Set at the intersection of media anthropology sociology Asian studies and Citizenship studies this book considers the shape and future of digital democracy in post-authoritarian state      **Kinship, population and social**

**reproduction in the 'new Indonesia'** Roy Ellen, 2018-05-16 Nuauulu people on the Indonesian island of Seram have displayed remarkable linguistic and cultural resilience over a period of 50 years. In 1970 their language and traditional culture was widely considered endangered. Despite this Nuauulu have not only maintained their animist identity and shown a robust ability to reproduce traditional ritual performances but have exhibited both population growth and increasing assertiveness in the projection of their interests through the politics of the New Indonesia. This book examines how kinship organization and marriage patterns have responded to some of these challenges and suggests that the retention of core institutions of descent and exchange are the consequence of population growth which in turn has enabled ritual reproduction and thereby effectively maintained a distinct identity in relation to the surrounding majority culture. Low conversion rates to other religions and the political consequences of Indonesian reformasi have also contributed to a situation in which despite changes in the material basis of their lives Nuauulu have projected a strong independent identity and organisation. In terms of debates around kinship in eastern Indonesia this book argues that older notions of prescriptive social structure are fundamentally flawed. Kinship institutions are real enough but the distinction between genealogical and classificatory relations is often unimportant; all that matters in the end is that the arrangements entered into between clans and houses permit both biological and social reproduction and that the latter ultimately serves the former. An important contribution to the study of the peoples of Eastern Indonesia it highlights a good news story about the successful retention of a traditional way of life in an area that has had a troubled recent history. It will be of interest to academics in various fields of anthropology in particular the study of kinship and Southeast Asian societies.

**Culture and Diversity in the United States** Jack David Eller, 2015-05-15 Knowledge of and sensitivity toward diversity is an essential skill in the contemporary United States and the wider world. This book addresses the standard topics of race, ethnicity, class and gender but goes much further by engaging seriously with issues of language, religion, age, health and disability and region and geography. It also considers the intersections between and the diversities within these categories. Eller presents students with an unprecedented combination of history, conceptual analysis, discussion of academic literature and up to date statistics. The book includes a range of illustrations, figures and tables, text boxes, a glossary of key terms and a comprehensive bibliography. Additional resources are provided via a companion website. **Islam, Women's Sexuality and Patriarchy in Indonesia** Irma Riyani, 2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social cultural

and religious obligation that they need to fulfil that they realise that finding an ideal marriage partner is complicated with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage and that there is a strong tendency with some exceptions for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin, dosa or taboo. Both discourses emphasise obedience towards husbands in marriage.

**Indonesia and the Asian Development**

**Bank** Peter McCawley, 2020-06-01 This publication is a history of the partnership between Indonesia and the Asian Development Bank (ADB). When Indonesia became a founding member of the bank in 1966, the country faced daunting challenges. In the five decades that passed, both Indonesia and ADB have evolved in remarkable ways. Indonesia developed rapidly through the late 1990s yet faced a difficult time of adjustment after the Asian financial crisis of 1997-1998. The country has since resumed growth in the last decade. For its part, ADB has widened its activities in Indonesia, transforming from a project-oriented bank into a broad-based development institution. This effective partnership reflects Indonesia's success in working with the international community in the past 50 years.

**Historical Dictionary of Indonesia** Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world's most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of Historical Dictionary of Indonesia contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

**Feminism** Dennis S. Erasga, Michael Eduard L. Labayandoy, 2023-12-13 By focusing on new materiality this edited volume offers new optics on the affordance of women's physical and objective body The interdisciplinary essays assembled in the book interrogate the concepts of corporeality and embodiment by interpreting them as material enactivism of a woman's physical body geared toward performance and demonstration respectively The book situates body bodily movements as agentic initiatives to make sense of women's bodies in motion Although flesh in its constitution a woman's body is the very material entity that does not only perform what it is expected to do for its many audiences as in spectacle but also its corporeality imputes a demonstrative kinetics hitherto associated with the objective body in recent social theorizing

Indonesia International Monetary Fund. Asia and Pacific Dept, 2013-12-15 This 2013 Article IV Consultation highlights that in recent years the Indonesian economy has benefited from a supportive global

economic environment namely in the form of a rise in commodity prices and strong growth in emerging markets However these conditions have been less supportive lately resulting in slowing export growth Combined with rising net oil and gas imports the current account shifted into a deficit in 2012 Nonetheless real GDP growth in 2012 remained strong at 6.14 percent aided by domestic conditions while inflationary pressures stayed low Going forward the near term outlook reflects the more challenging global environment that Indonesia faces
