Now reinstated as a police officer in his Bavarian hometown despite being a Jew, he throws himself back into his work seeking to uncover evidence that will remove a corrupt Nazi party official. The Gestapo have their own agenda and despite orders from above to eliminate this troublesome Jewish policeman, they hide Konrad in the Totenkopf Death's Head Division of the Waffen SS. In a fight to survive in the snowy wastes of Russia while the tide of war turns against Germany, Konrad experiences tank battles, ghetto clearances, partisans and death camps, this time as a guard as well as the fierce battles where his Division is badly outnumbered and on the defence. Through it all, Konrad strives to live by his conscience and resist taking part in the atrocities happening all around him. He still thinks of himself as a policeman, but his desire to bring the corrupt Nazi official to justice seems far removed from his present reality. If he is to find the necessary evidence against his enemy, he must first survive. **Rick Steves**
