Looted Democracy The Philippines After The Bases:

Historical Dictionary of the Philippines Artemio R. Guillermo, 2012 The Historical Dictionary of the Philippines Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries

Beyond Liberal Democracy Daniel A. Bell, 2009-01-10 Is liberal democracy appropriate for East Asia In this provocative book Daniel Bell argues for morally legitimate alternatives to Western style liberal democracy in the region Beyond Liberal Democracy which continues the author's influential earlier work is divided into three parts that correspond to the three main hallmarks of liberal democracy human rights democracy and capitalism These features have been modified substantially during their transmission to East Asian societies that have been shaped by nonliberal practices and values Bell points to the dangers of implementing Western style models and proposes alternative justifications and practices that may be more appropriate for East Asian societies If human rights democracy and capitalism are to take root and produce beneficial outcomes in East Asia Bell argues they must be adjusted to contemporary East Asian political and economic realities and to the values of nonliberal East Asian political traditions such as Confucianism and Legalism Local knowledge is therefore essential for realistic and morally informed contributions to debates on political reform in the region as well as for mutual learning and enrichment of political theories Beyond Liberal Democracy is indispensable reading for students and scholars of political theory Asian studies and human rights as well as anyone concerned about China's political and economic future and how Western governments and organizations should engage with China

East Meets West Daniel A. Bell, 2000-05-08 Is liberal democracy a universal ideal Proponents of Asian values argue that it is a distinctive product of the Western experience and that Western powers shouldn't try to push human rights and democracy onto Asian states Liberal democrats in the West typically counter by questioning the motives of Asian critics arguing that Asian leaders are merely trying to rationalize human rights violations and authoritarian rule In this book written as a dialogue between an American democrat named Demo and three East Asian critics Daniel A Bell attempts to chart a middle ground between the extremes of the international debate on human rights and democracy Bell criticizes the use of Asian values to justify oppression but also draws on East Asian cultural traditions and contributions by contemporary intellectuals in East Asia to identify some powerful challenges to Western style liberal democracy In the first part of the book Bell makes use of colorful stories and examples to show that there is a need to take into account East Asian perspectives on human rights and democracy The second part a fictitious dialogue between Demo and Asian senior statesman Lee Kuan Yew examines the pros and cons of implementing Western style democracy in Singapore The third part of the book is an argument for an as yet unrealized Confucian political institution that justifiably differs from Western style liberal democracy This is a thought provoking defense of distinctively East Asian challenges to Western style liberal democracy that will stimulate interest and debate among students of political theory Asian studies and international human rights

Dictatorships Hal Marcovitz, 2011-01-01

This title examines dictatorships in world history from early Rome to more modern dictatorships in France Russia Germany Italy Japan China North Korea Cuba Swaziland and Serbia How dictatorships work the political systems in which they thrive and the methods dictators use to gain and maintain control are discussed Also covered are methods to depose dictators and life for citizens both during and after dictatorship Important dictators are covered including both those of ancient civilizations such as Lucius Cornelius Sulla and Julius Caesar as well as more modern dictators such as Napoleon Bonaparte Joseph Stalin Adolf Hitler Benito Mussolini Fulgencio Batista Hideki Tojo and Mao Zedong Kim Jung il Muammar al Qaddafi Mohammad Reza Pahlavi Saddam Hussein King Mswati III Haile Selassie Pol Pot and Omar al Bashir Critics of dictatorships such as Alexander Solzhenitsyn are also introduced Exploring World Governments is a series in Essential Library an imprint of ABDO Publishing Company

Looted Donald Kirk,1998 This volume focuses on the state of democracy in the Philippines since the American withdrawal from its military bases there in 1991 and 1992 and examines the corruption that exists there The author details the Philippine role in the stripdown of Clark Air Base and the subversion of Subic Bay and analyzes the efforts to resolve Muslim and communist revolt

Poverty and the Critical Security Agenda Pauline Eadie,2017-11-30 Poverty and the Critical Security Agenda argues that poverty should be a central concern of security studies and critiques existing methodological approaches to poverty and well being Using the Philippines as a case study this book is critical of approaches to poverty that portray the poor as passive objects as opposed to dynamic actors With this in mind the relationship between poverty and democracy as a means to facilitating human security is central Poverty acts as a major behavioural force in international relations not least for the state and therefore merits increased visibility within the research agenda This text is highly relevant for courses on international relations methodology and critical theory development studies security studies and international political economy

The Limits of Alignment John D. Ciorciari,2010-08-16 The Limits of Alignment is an engaging and accessible study that explores how small states and middle powers of Southeast Asia ensure their security in a world where they are overshadowed by greater powers John D Ciorciari challenges a central concept in international relations theory that states respond to insecurity by either balancing against their principal foes bandwagoning with them or declaring themselves neutral Instead he shows that developing countries prefer limited alignments that steer between strict neutrality and formal alliances to obtain the fruits of security cooperation without the perils of undue dependency Ciorciari also shows how structural and normative shifts following the end of the Cold War and the advent of U S primacy have increased the prevalence of limited alignments in the developing world and that these can often place constraints on U S foreign policy Finally he discusses how limited alignments in the developing world may affect the future course of international security as China and other rising powers gather influence on the world stage

Governance and Public Sector Reform in Asia Anthony Cheung,Ian Scott,2003-08-29 Based on new field research this book assesses the current state of governance and public sector reforms in eleven Asian countries and jurisdictions especially in the wake of

the recent regional financial crisis that seriously affected some of them. It analyses reform efforts comparatively against a backdrop of governance problems and seeks to establish whether these efforts represent a substantive shift in attitudes towards reform or whether they serve simply to reinforce existing practices. The authors explore a number of important themes that are central to governance and public sector reform issues. These include the role of the state, the success or failure of organizational reforms, corruption, the applicability of the new public management model in the Asian context and the governance values and reform models promoted by regional and international agencies.

Dictionary of the Modern Politics of Southeast Asia Joseph Chinyong Liow, 2014-11-20

The past two decades since the end of the Cold War have been years of remarkable change and transformation for Southeast Asia. Long seen as an arena for superpower rivalry, Southeast Asia is increasingly coming into its own by locating itself at the forefront of regional integration initiatives that involve not only the Association of Southeast Asian Nations but major external powers such as the United States, China, India, Japan and Australia as well. At the same time, the past two decades have seen the revival of old animosities as well as the emergence of new security challenges confronting the region. Old animosities include unresolved territorial disputes while new challenges range from regional and global financial crises, terrorism and pandemics. Significant changes within the ten Southeast Asian countries covered in this book have also transpired that have affected not only the complexion of domestic politics but have also impacted regional diplomacy as well, such as the creation of potentially the eleventh Southeast Asian country, Timor-Leste. Extensively updated and revised in light of these changes and developments, this fourth edition of *Dictionary of the Modern Politics of Southeast Asia* contains profiles of each Southeast Asian country. Following this, it provides more than 450 alphabetically arranged individual entries providing detailed accounts and analyses on major episodes and treaties, political parties and institutions, civil society movements and regional and international organizations. Biographies of significant political leaders and personalities, both past and present, are also provided. Entries are comprehensively cross-referenced and an index by country directs readers to all entries concerning a particular country. The Dictionary also includes an extensive bibliography that serves as a guide to further reading. It is an essential reference tool for all scholars and students of Asian politics and international affairs and a vital resource for journalists, diplomats, policy makers and others with an interest in the region.

Dictionary of the Modern Politics of Southeast Asia Michael Leifer, 2013-05-13

This comprehensive Dictionary provides descriptive and analytical coverage of the turbulent political history and striking changes which have occurred both regionally and in key countries since the end of the Second World War. Substantially rewritten to take into account the dramatic political events and developments since 1995, the third edition of this acclaimed Dictionary will provide non-specialists and specialists alike with an essential resource on this constantly changing and volatile region. Including new entries, updated country profiles on Indonesia, Malaysia and Cambodia and a revised reading list, leading authority and commentator on this rapidly developing region, Michael Leifer has brought this

Dictionary fully up to date Changes in government the rise of new leaders and the knock on effect on economy and society are covered including the death of key figures such as Pol Pot and the rise of a new generation of leaders dramatic changes of government in Indonesia Thailand and the Philippines and elections in Malaysia Countries covered include Brunei Burma Myanmar Cambodia Kampuchea Indonesia Laos Malaysia the Philippines Singapore Thailand and Vietnam Key features include Individual entries provide detailed information and authoritative commentary on the central figures political parties and organizations political systems and structures major events and key documents For each state covered an extended narrative analyses its recent history and political and social development Extensive cross referencing and a subject index lead the reader to the vital material Subject bibliographies refer researchers to source and secondary matter

Politics and Society in Southeast Asia Peter A. Poole, 2014-11-18 The Asian financial crisis of 1997 1998 caused severe hardship in Southeast Asia and many countries tightened their regulation of banks and other financial institutions adopted more conservative fiscal policies and made themselves less vulnerable to Western market fluctuations by forming closer trade and investment ties with their neighbors This book analyzes the major political and economic reforms that resulted from the Asian financial crisis looking particularly at how such reforms helped to prepare Asian countries for coping with the 2009 global recession In each of the ten country chapters the historical background social and political system economic development and foreign relations of each country are analyzed and compared with those of neighboring countries The concluding chapter looks ahead at the prospects for Southeast Asia in a more integrated Asian region Instructors considering this book for use in a course may request an examination copy here

The Contested State Amy Blitz, 2000-08-16 From a scholar's first hand account of the fall of Marcos comes *The Contested State* an inquiry into the international causes and consequences of civil war the different types of regimes that emerge from such conflict and the implications for American foreign policy Tracing the battle for control of the Philippines back to the Spanish era *The Contested State* presents a historical transnational picture of regime change offering insights into the broader transnational issues that are increasingly important in an ever more globalized world

Curbing Corruption in Asia Jon S. T. Quah, 2003 This academic study examines how corruption is controlled in six Asian countries namely Hong Kong India Mongolia the Philippines Singapore and South Korea These countries illustrate between them three patterns of corruption control in Asian countries Pattern 1 is demonstrated by Mongolia which has anti corruption laws but no independent agency Pattern 2 is illustrated by India and the Philippines as they have many anti corruption laws and anti corruption agencies Pattern 3 refers to the implementation of anti corruption legislation by an independent anti corruption agency and is best exemplified by Singapore and Hong Kong South Korea has moved from Pattern 1 to Pattern 3 with the formation of the Korean Independent Commission against Corruption in 2002
