The Official History of Criminal Justice in England and Wales Paul Rock, 2019-04-30 Volume II of The Official History of Criminal Justice in England and Wales traces for the first time the genesis and early evolution of two principal institutions in the criminal justice system the Crown Court and the Crown Prosecution Service. Mountbatten, Cold War and Empire, 1945-79 Adrian Smith, 2022-11-17 *Mountbatten Cold War and Empire 1945-79* focuses upon Admiral Lord Mountbatten as a commanding if controversial figure in the history of Britain and its empire from

Churchill's wartime coalition through to the Labour governments of the 1960s and forms a sequel to Mountbatten's *Apprentice at War*. Written in three parts focusing on the premierships of Churchill and Attlee, Eden, Macmillan, Douglas Home and Wilson, this book examines the debates over Mountbatten's record in Southern Asia in 1943-6 and 1947-8. Additional chapters focus on Mountbatten's position at the heart of the British state and his pivotal role at key moments in the immediate post-war era, most notably the partition of India, the Suez Crisis and the renewal of an ostensibly independent nuclear deterrent. This book also considers Mountbatten's relationship with Anthony Eden both during and following the Suez Crisis, as well as detailing Mountbatten's achievements as First Sea Lord and Chief of the Defence Staff under Harold Macmillan and his immediate successors. Smith acknowledges Mountbatten's centrality to the history of Britain and its empire in the immediate post-war era and in doing so presents a fascinating picture of one of the most prominent figures of the 20th century. Smith's scrupulous examination of primary sources, including those available in the Broadlands Archives, results in a thorough examination of a controversial figure by eschewing often baseless speculation about Mountbatten's personal life. Smith creates the first comprehensive overview of Admiral Lord Mountbatten's career from 1943 to the mid-sixties. **Manning**

the Law Ngaire Naffine, 2025-09-18 This is a study of elite English men of English law and the methods they used to retain and justify their power and privilege through controlling the story of the legal person. It looks at how these men of legal authority thought of themselves and their institution, how they studied and explained law, and how they put themselves in the middle of it as the standard human in need of legal regulation and protection, and in charge of that regulation and protection, and assigned to women an inferior legal role and being. The main strategy used to do all this was manipulation of the concept of the legal person. From the 1860s to the 1920s, the courts declared that women were not persons who could exercise public power, to vote, to sit in Parliament, to gain degrees, to be lawyers. Up to the end of the 20th century and into the 21st, women's personhood remained precarious in the private sphere: for rape was excused within a marriage and female reproduction remained under state control as it still does. The book examines the active exclusion of women from the means of making legal meaning, especially the ability to shape law's central concept, and shows the epistemological effects of this sex differential of legal power, which are still felt today. Leading legal thinkers who helped to masculinise the concept of the person to the detriment of women are still revered. Law's continuing male orientation is neither seen nor acknowledged, and the legal person is treated falsely as if he had always been and remains anyone. *Millard's Review of the Far East*, 1929 Vol 34 includes Special tariff conference issue Nov 6 1925. **Constitution-Making and the Labour Party** M.

Evans, 2003-10-15 Since coming to power in 1997, the Labour government's programme of constitutional reform represents an historic challenge to both British constitutional doctrine and Labour Party orthodoxy. Mark Evans examines the nature and extent of this challenge and argues that the New Constitutionalism is a key element of a policy agenda that in its most crucial aspects reflects the continuing transformation of the British industrial welfare state into a competition state. Constitution
