Montaillou Cathars And Catholics In A French Village 1294 1324:

Montaillou Emmanuel Le Roy Ladurie, 1978 Uses as basic source Le registre d Inquisition de Jacques Fournier Benedict XII *Montaillou* Emmanuel Le Roy Ladurie, 2008-10-01 With a new introduction by author Le Roy Ladurie this special paperback edition offers a fascinating history of a fourteenth century village Montaillou in the mountainous region of southern France almost destroyed by internal feuds and religious heterodoxy Ladurie s portrait is based on a detailed register of Jacques Fournier Bishop of Pamiers and future Pope Benedict XII who conducted rigorous inquisition into heresy within his diocese Fournier was a consummate inquisitor an acute psychologist who was able to elicit from the accused the innermost secrets of their thoughts and actions He was pitiless in the pursuit of error and meticulous in recording that pursuit Le Roy analyzes the behavior demography social mentality and cosmology of the community of peasants and shepherds and vividly evokes the daily life of the village and mountain pastures His portrait of Montaillou is dominated by the personal histories of two men the cur Pierre Clergue a brutal and powerful man who placed his enemies in the hands of the inquisitor and the shepherd Pierre Maury a friend of the Albigensian perfecti and a fatalist who returned from Spain to disappear in the inquisitor s prison in his own country Le Roy Ladurie s *Montaillou* which as received even more praise than his earlier works follows in the tradition of the Annales school of French historiography a tradition which also includes Fernand Braudel s widely acclaimed study of the Mediterranean *Montaillou* Emmanuel Le Roy Ladurie, 1990 A bestseller in France this book is a fascinating sociological study of medieval life in which the well known French historian Le Roy Ladurie used the official court record 1318 1325 of Inquisition Register of Jacques Fournier Bishop of Pamiers in Southern France in the early 14th c and later Pope Benedict XII who determined to eradicate the last traces of the Albigensian heresy from the Pyrenean village of Montaillou meticulously recorded the confessions of the village s shepherds and smallholders wives and maids to reconstruct a detailed and vivid picture of everyday life in this little village **Montaillou : Cathars and Catholics Ina French Village, 1294-1324** e Le roy ladurie, 1978 *The Cathars* Malcolm Barber, 2017-10-03 In the second half of the twelfth century the Catholic Church became convinced that dualist heresy was taking root within Christian society and that it was particularly strong in southern France The nature and extent of this heresy and the reaction of the Church to the perceived threat have been the focus of extensive research since the mid nineteenth century research which has become especially intense in the last decade Malcolm Barber s second edition of *The Cathars* which first appeared in 2000 brings readers up to date with the challenges to previous conclusions of recent scholarship At the same time the wider implications of the subject remain relevant most importantly the fundamental questions raised by the belief in the existence of evil the ethical problems presented by the use of coercion to suppress forms of dissent believed to threaten the social and religious fabric and the distortion of the past to underpin present day policies and arguments **The Lost Teachings of the Cathars** Andrew Phillip Smith, 2015-11-24 A deep dive into the history culture and legacy of the medieval Christian

dualist movement Catharism as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces and their suppression by the Inquisition the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and had some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries offering a sympathetic yet critical examination of its beliefs and practices In addition to investigating the Cathars origin their relationship to Gnosticism and their possible survival of the Inquisition author Andrew Philip Smith also addresses theories and figures from the Cathars recent past Eccentric esotericists initiated a neo Cathar revival in the Languedoc which inspired the philosopher Simone Weil The German Otto Rahn the real life Indiana Jones believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler Meanwhile English psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all been Cathars in previous lives Tourists flock to the Languedoc to visit Cathar country Bestsellers such as Kate Mosse timeslip novel Labyrinth continue to fascinate readers But what did the Cathars really believe and practice *The Transformation of the Year One Thousand* Guy Bois,1992 This is a study of the village of Lournand near Cluny which lies at the heart of the little territory that is probably the best documented in the whole of the West in the late 10th and 11th centuries In tracing the development of the community from antiquity to feudalism the author creates a new model for the European context of feudalism challenging existing interpretations of medieval social and economic development Originally published in French in 1989 Heralded by Georges Duby as a landmark in the study of feudalism **A Short History of Christianity** Geoffrey Blainey,2013-10-24 For two thousand years Christianity has had a varying but immense influence on world history Accomplished historian Geoffrey Blainey leads us through the history of this world changing religion A Short History of Christianity vividly describes many of the significant players in the religion s rise and fall through the ages from Jesus himself to Francis of Assisi Martin Luther Francis Xavier John Wesley and even the Beatles who claimed to be more popular than Jesus Blainey takes us into the world of Christian worshipers through the ages from housewives to stonemasons and traces the rise of the critics of Christ and his followers Eminently readable and written with Blainey s characteristic curiosity and storytelling skill this book often places Christianity at the center of world history Will it remain near the center Blainey s narrative illustrates that Christianity s history is a much repeated story of ups and downs *Church and State in Contemporary Europe* Zsolt Enyedi,John T.S. Madeley,2004-08-02 This volume represents an attempt in integrating a wide range of theoretically relevant issues into the identification and analysis of church state patterns Each chapter focuses on the analysis of a particular theme and its role in shaping and or being shaped by church state relations **The Book Of Women's Love** Carmen Caballero-Navas,2014-07-10 First published in 2005 The first part of this book is an historical study

of the Hebrew written production on women's healthcare and of Jewish women's lives and experiences regarding the care of their bodies during the late Middle Ages in the Mediterranean West. The aim is to restore value to feminine knowledge and practices that were significant then and remain so today. The second part presents an edition translated into English with commentary of the Hebrew compilation *Sefer Ahavat Nashim* the Book of Women's Love. This was compiled in the late Middle Ages and is preserved in a single manuscript from Catalonia. Its contents are concerned with magic, sexuality, cosmetics, and gynecology, areas of knowledge essentially though not exclusively related to women. The author focuses on the relation between women and health care and examines both women's knowledge and knowledge about women. This pioneering work makes a valuable contribution to the history of Jewish culture and Jewish women during the Middle Ages and also makes a substantial contribution to the history of medicine. *World Yearbook of Education 1988* Duncan

Harris, 2012-11-12. Published in the year 2005. *World Yearbook of Education 1988* is a valuable contribution to Major Works.

At the Dawn of Modernity David Levine, 2001-02-19. Looking at a neglected period in the social history of modernization, David Levine investigates the centuries that followed the year 1000 when a new kind of society emerged in Europe. New commercial routines, new forms of agriculture, new methods of information technology, and increased population densities all played a role in the prolonged transition away from antiquity and toward modernity. *At the Dawn of Modernity* highlights both top-down and bottom-up changes that characterized the social experience of early modernization. In the former category are the Gregorian Reformation, the imposition of feudalism, and the development of centralizing state formations. Of equal importance to Levine's portrait of the emerging social order are the bottom-up demographic relations that structured everyday life, because the making of the modern world in his view also began in the decisions made by countless men and women regarding their families and circumstances. Levine ends his story with the cataclysm unleashed by the Black Death in 1348, which brought three centuries of growth to a grim end. *Babatha's Orchard* Philip Francis Esler, 2017. This work considers the story behind papyrus discovered in 1960 in the Cave of Letters by the Dead Sea. The archive contains various contracts and deeds entered into by a Jewish woman named Babatha, daughter of a landowner named Shim'on, at the end of the first century.

The Medieval World Peter Linehan, Janet L. Nelson, 2013-09-13. This groundbreaking collection brings the Middle Ages to life and conveys the distinctiveness of this diverse, constantly changing period. Thirty-eight scholars bring together one medieval world from many disparate worlds, from Connacht to Constantinople and from Tynemouth to Timbuktu. This extraordinary set of reconstructions presents the reader with a vivid re-drawing of the medieval past, offering fresh appraisals of the evidence and modern historical writing. Chapters are thematically linked in four sections: identities, beliefs, social values, and symbolic order; power and power structures; elites, organizations, and groups. Packed full of original scholarship, *The Medieval World* is essential reading for anyone studying medieval history. **Religion and Society in**

Spain, c. 1492 John Edwards, 2024-10-28. The articles in this volume explore both individual and corporate aspects of

religion in Spain during the 15th and 16th centuries Jewish Christian and Muslim John Edwards looks in particular at the status experience and attitudes of the conversos those who had converted to Christianity to avoid expulsion from Spain and at the activities of the Inquisition In the second part of the book he expands his analysis to examine the social economic and political basis of religious conflict in the period The primary focus of the book is on the cities of Andalucia Cordoba above all but its concerns extend to Castile and Aragon as well Farce Jessica Milner Davis,2017-07-05 Farce has always been relegated to the lowest rung of the ladder of dramatic genres Distinctions between farce and more literary comic forms remain clouded even in the light of contemporary efforts to rehabilitate this type of comedy Is farce really nothing more than slapstick the putting out of candles kicking down of tables falling over joynt stools as Thomas Shadwell characterized it in the seventeenth century Or was his contemporary Nahum Tate correct when he declared triumphantly that there are no rules to be prescribed for that sort of wit no patterns to copy and tis altogether the creature of imagination Davis shows farce to be an essential component in both the comedic and tragic traditions Farce sets out to explore the territory of what makes farce distinct as a comic genre Its lowly origins date back to the classic Graeco Roman theatre but when formal drama was reborn by the process of elaboration of ritual within the mediaeval Church the French term farce became synonymous with a recognizable style of comic performance Taking a wide range of farces from the briefest and most basic of fair ground mountebank performances to fully fledged five act structures from the late nineteenth century the book reveals the patterns of comic plot and counter plot that are common to all The result is a novel classification of farce plots which serves to clarify the differences between farce and more literary comic forms and to show how quickly farce can shade into other styles of humor The key is a careful balance between a revolt against order and propriety and a kind of Realpolitik which ultimately restores the social conventions under attack A complex array of devices in such things as framing plot characterization timing and acting style maintain the delicate balance Contemporary examples from the London stage bring the discussion u

Lending and Borrowing in Ancient Athens Paul Millett,2002-05-09 This is a book about the social and economic history of ancient Greece and has as its core a detailed study of credit relations in Athens during the fourth century BC It looks at ancient economy and society in their own terms and demonstrates that the very different system of credit in Athens had its own complexity and sophistication

Sainthood in the Later Middle Ages Andri Vauchez,André Vauchez,2005-02-17 This is a standard work of reference for the study of the religious history of western Christianity in the later middle ages which since its original publication in French in 1981 has come to be regarded as one of the great contributions to medieval studies of recent times Hagiographical texts and reports of the processes of canonisation a mode of investigation into saints lives and their miracles implemented by the popes from the end of the twelfth century are here used for the first time as major source materials The book illuminates the main features of the medieval religious mind and highlights the popes attempts to gain firmer control over the wide variety of expressions of faith towards the saints in order

to promote a higher pattern of devotion and moral behaviour among Christians

The Origins of Inequality Per

Molander, 2022-03-07 This book presents a unified approach to the problem of inequality combining results from a variety of research fields the human life cycle group dynamics networks markets and economic geography Its main message is that inequality emerges as the natural result of mechanisms operating both in individual human development and in social interaction It posits that inequality is not an anomalous deviation from a naturally egalitarian social structure quite to the contrary inequality is to be expected as part of the human condition The author states that the growth of inequality on the other hand is not a natural law the level and character of inequality can be affected by collective decisions This perspective on human inequality has potentially far reaching consequences both for the political philosophy of inequality and for public policy making This book is of interest to a wide interdisciplinary social science readership including public policy decision sciences economic geography and life course studies

Same-sex Sexuality in Later Medieval English Culture Tom

Linkinen, 2025-10-01 This volume investigates the state of same sex relations in later medieval England drawing on a remarkably rich array of primary sources from the period that include legal documents artworks theological treatises and poetry Tom Linkinen uses those sources to build a framework of medieval condemnations of same sex intimacy and desire and then shows how same sex sexuality reflected and was inflected by gender hierarchies approaches to crime and the conspicuous silence on the matter in the legal systems of the period
