Montgomery County Two Centuries Of Change:

Montgomery County, Two Centuries of Change Jane C. Sween, 1984 **Religion and Politics in Maryland on the Eve of the Civil War** David Hein, 2009-05-01 Awarded the Certificate of Commendation of the American Association for State and Local History In this collection of letters written by members of a prominent Maryland family on the eve of and during the Civil War David Hein has found gold in the mine of his state's historical society This book immerses the reader in civilian life as civil war approached fiercely as a wind driven wildfire civilian life personified by the family of Allen Bowie Davis a prosperous farmer legislator from Montgomery County north of Washington D C These letters capture the complexity of the Civil War in a state of abolitionists pro slavery unionists anti slavery southern sympathizers and non slaveholding secessionists We see a pivotal Maryland through the eyes of adults and children and we witness the consequences of war for familial relationships religious values and educational institutions David Hein's crisp editorial commentary knits these letters together enabling the Davis family to tell of life in the tumultuous middle of the nineteenth century We are in the debt of this book and its editor for reminding us that a history with leaders and battles is incomplete without the testimony of sons and daughters of mothers and fathers From the Foreword by Charles W Mitchell editor of *Maryland Voices of the Civil War*

The Washington Aqueduct, 1852-1992 Harry C. Ways, 1996 **The History of Clarksburg, King's Valley, Purdum, Browningsville, and Lewisdale** Dona Cuttler, 2001-01-01 This book details the history of five Maryland areas in Montgomery and Prince Georges counties and their historic sites and buildings *Ellery's Protest* Stephen D. Solomon, 2010-03-25 Solomon's fascinating and sweeping history of the legal fight over mandatory school prayers is compelling judicious and elegantly written Fabulous David Rudenstine Dean Benjamin N Cardozo School of Law Yeshiva University Stephen Solomon's *Ellery's Protest* provides a brilliant analysis of a major Supreme Court decision that redefined the relationship between church and state almost a half century ago This study goes well beyond simply offering a gripping account of the course of litigation that brought before the Justices the contentious issue of prayer and Bible reading in public schools though the thoroughness of that account would merit careful reading by itself Especially impressive is the author's deep probing of hitherto neglected sources and invaluable primary material including extensive direct contact with the plaintiff the *Ellery* of the book's title Finally and perhaps most impressive is Solomon's careful placement of the issue and the case in a far broader context that is as critical to national life and policy today as it was four and a half decades ago when the high Court first tackled these questions Robert O Neil Professor of Law University of Virginia Great legal decisions often result from the heroic actions of average citizens *Ellery's Protest* is the story of how one student's objection to mandatory school prayer and Bible reading led to one of the most controversial court cases of the twentieth century and a decision that still reverberates in the battle over the role of religion in public life *Abington School District v Schempp* began its journey through the nation's courts in 1956 when sixteen year old *Ellery Schempp* protested his public school's compulsory prayer

and Bible reading period by reading silently from the Koran Ejected from class for his actions Schempp sued the school district The Supreme Court's decision in his favor was one of the most important rulings on religious freedom in our nation's history It prompted a conservative backlash that continues to this day in the skirmishes over school prayer the teaching of creationism and intelligent design and the recitation of the Pledge of Allegiance with the phrase under God Author Stephen D Solomon tells the fascinating personal and legal drama of the Schempp case the family's struggle against the ugly reactions of neighbors and the impassioned courtroom clashes as brilliant lawyers on both sides argued about the meaning of religious freedom But Schempp was not the only case challenging religious exercises in the schools at the time and Ellery's Protest describes the race to the Supreme Court among the attorneys for four such cases including one involving the colorful atheist Madalyn Murray Solomon also explores the political cultural and religious roots of the controversy Contrary to popular belief liberal justices did not kick God out of the public schools Bitter conflict over school Bible reading had long divided

Protestants and Catholics in the United States Eventually it was the American people themselves who removed most religious exercises from public education as a more religiously diverse nation chose tolerance over sectarianism Ellery's Protest offers a vivid account of the case that embodied this change and a reminder that conservative justices of the 1950s and 60s not only signed on to the Schempp decision but strongly endorsed the separation of church and state Wartime Washington

Elizabeth Blair Lee,1999-03-15 Elizabeth Blair Lee was raised in Washington's political circles and her husband Samuel Phillips Lee third cousin to Robert E Lee commanded the North Atlantic Blockading Squadron during the Civil War When they married Elizabeth promised to write every day they were apart Of the hundreds of letters with which she kept her promise Virginia Jeans Laas has edited a choice selection that illuminates the functioning of a nineteenth century family and the Mrs Lee's unique perspective on the political and military affairs of the nation's beleaguered capital Maryland ,1984
