Musa Lapidaria:

Musa Lapidaria Edward Courtney, 1995 **Bringing in the Sheaves** Brent Shaw, 2013-02-27 The annual harvesting of cereal crops was one of the most important economic tasks in the Roman Empire Not only was it urgent and critical for the survival of state and society it mobilized huge numbers of men and women every year from across the whole face of the Mediterranean In *Bringing in the Sheaves* Brent D Shaw investigates the ways in which human labour interacted with the instruments of harvesting what part the workers and their tools had in the whole economy and how the work itself was organized Both collective and individual aspects of the story are investigated centred on the life story of a single reaper whose work in the wheat fields of North Africa is documented in his funerary epitaph The narrative then proceeds to an analysis of the ways in which this cyclical human behaviour formed and influenced modes of thinking about matters beyond the harvest The work features an edition of the reaper inscription and a commentary on it It is also lavishly illustrated to demonstrate the important iconic and pictorial dimensions of the story *Servilia and her Family* Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Iulius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits *A Commentary on Horace: Odes Book III* R. G. M. Nisbet, Niall Rudd, 2004-05-27 This book is a successor to the commentaries by Nisbet and Hubbard on Odes I and II but it takes critical note of the abundant recent writing on Horace It starts from the precise interpretation of the Latin attention is paid to the nuances implied by the word order parallel passages are quoted not

to depreciate the poet's originality but to elucidate his meaning and to show how he adapted his predecessors sometimes major English poets are cited to exemplify his influence on the tradition In expounding the so called Roman Odes the editors reject not only uncritical acceptance of Augustan ideology but also more recent attempts to find subversion in a court poet They show how Greek moralizing particularly by the Epicureans is applied to contemporary social situations Poems on country festivals are treated sympathetically in the belief that the tolerant and inclusive religion of the Romans can easily be misunderstood The poet's wit is emphasized in his addresses both to eminent Romans and to women with Greek names the latter poems are taken as reflecting his general experience rather than particular occasions Though Horace's ironic self presentation must not be understood too literally the editors reject the modern tendency to treat the author as unknowable Although the text of the Odes is not printed separately the headings to the notes provide a continuous text The editors put forward a number of conjectures most of them necessarily tentative and in the few cases where they disagree both opinions are summarized

Latin Literature Susanna Morton Braund, 2005-07-19 This highly accessible user friendly work provides a fresh and illuminating introduction to the most important aspects of Latin prose and poetry Readers are constantly encouraged to think for themselves about how and why we study the texts in question They are stimulated and inspired to do their own further reading through engagement with a wide selection of translated extracts and with a useful exploration of the different ways in which they can be approached Central throughout is the theme of the fundamental connections between Latin literature and issues of elite Roman culture The versatile structure of the book makes it suitable both for individual and class use

A Companion to Roman Rhetoric William Dominik, Jon Hall, 2008-04-15 A Companion to Roman Rhetoric introduces the reader to the wide ranging importance of rhetoric in Roman culture A guide to Roman rhetoric from its origins to the Renaissance and beyond Comprises 32 original essays by leading international scholars Explores major figures Cicero and Quintilian in depth Covers a broad range of topics such as rhetoric and politics gender status self identity education and literature Provides suggestions for further reading at the end of each chapter Includes a glossary of technical terms and an index of proper names and rhetorical concepts

Classical Reception and Children's Literature Owen Hodkinson, Helen Lovatt, 2018-01-30 Reception studies have transformed the classics Many more literary and cultural texts are now regarded as valid for classical study And within this process of widening children's literature has in its turn emerged as being increasingly important Books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world with an audience that constantly changes as it grows up This innovative volume wrestles with that very characteristic of change which is so fundamental to children's literature showing how significant the classics as well as classically inspired fiction and verse have been in tackling the adolescent challenges posed by metamorphosis Chapters address such themes as the use made by C S Lewis in *The Horse and his Boy* of Apuleius' *The Golden Ass* how Ovidian myth frames the Narnia stories classical nonsense in Edward Lear Pan as a powerful symbol of change in children's

literature for instance in *The Wind in the Willows* the transformative power of the Orpheus myth and how works for children have handled the teaching of the classics Ancient Literacies William A Johnson, Holt N Parker, 2009-02-05 Classicists have been slow to take advantage of the important advances in the way that literacy is viewed in other disciplines including in particular cognitive psychology socio linguistics and socio anthropology On the other hand historians of literacy continue to rely on outdated work by classicists mostly from the 1960 s and 1970 s and have little access to the current reexamination of the ancient evidence This timely volume attempts to formulate new interesting ways of talking about the entire concept of literacy in the ancient world literacy not in the sense of whether 10% or 30% of people in the ancient world could read or write but in the sense of text oriented events embedded in a particular socio cultural context The volume is intended as a forum in which selected leading scholars rethink from the ground up how students of classical antiquity might best approach the question of literacy in the past and how that investigation might materially intersect with changes in the way that literacy is now viewed in other disciplines The result will give readers new ways of thinking about specific elements of literacy in antiquity such as the nature of personal libraries or what it means to be a bookseller in antiquity new constructionist questions such as what constitutes reading communities and how they fashion themselves new takes on the public sphere such as how literacy intersects with commercialism or with the use of public spaces or with the construction of civic identity new essentialist questions such as what book and reading signify in antiquity why literate cultures develop or why literate cultures matter The book derives from a conference a Semple Symposium held in Cincinnati in April 2006 and includes new work from the most outstanding scholars of literacy in antiquity e g Simon Goldhill Joseph Farrell Peter White and Rosalind Thomas *A New Method of Studying History, Geography, and Chronology* Nicolas Lenglet Dufresnoy, 1730 **The Oxford Handbook of Roman Egypt** Christina Riggs, 2012-06-21 Roman Egypt is a critical area of interdisciplinary research which has steadily expanded since the 1970s and continues to grow Egypt played a pivotal role in the Roman empire not only in terms of political economic and military strategies but also as part of an intricate cultural discourse involving themes that resonate today east and west old world and new acculturation and shifting identities patterns of language use and religious belief and the management of agriculture and trade Roman Egypt was a literal and figurative crossroads shaped by the movement of people goods and ideas and framed by permeable boundaries of self and space This handbook is unique in drawing together many different strands of research on Roman Egypt in order to suggest both the state of knowledge in the field and the possibilities for collaborative synthetic and interpretive research Arranged in seven thematic sections each of which includes essays from a variety of disciplinary vantage points and multiple sources of information it offers new perspectives from both established and younger scholars featuring individual essay topics themes and intellectual juxtapositions **The Poetry of Statius** Ruud R. Nauta, Harm-Jan van Dam, J.J.L. Smolenaars, 2008-11-30 The Roman poet P Papinius Statius ca 45 96 is the author of two epics the *Thebaid* and the unfinished *Achilleid* and a large corpus of occasional

verse *Silvae* This poetry long seen as derivative or decadent is increasingly appreciated for the daring and originality of its responses both to the Greek and Latin literary tradition and to the contemporary Roman world This volume offers the papers delivered at a symposium on Statius Amsterdam 2005 by leading scholars in the field from Europe and North America These papers demonstrate the fascination of Statius poetry on account of the poet's vast knowledge of Greek and Latin tragedy his rapid narrative psychological acumen brilliant eulogies and pessimistic views on gods and men The focus of the collection is on literary technique in the *Thebaid* on socio historical aspects of the *Silvae* and on the reception of Statius in European literature and scholarship

Latin Forms of Address Eleanor Dickey, 2007-12-06 A lively and engaging study of Roman culture and Latin literature as reflected in the system of address based on a corpus of 15 441 addresses from literary and non literary sources A valuable resource for Latin teachers and active users of the language the text will be enjoyed even by those with no prior knowledge of Latin

Epic and History David Konstan, Kurt A. Raafaub, 2009-10-27 With contributions from leading scholars this is a unique cross cultural comparison of historical epics across a wide range of cultures and time periods which presents crucial insights into how history is treated in narrative poetry The first book to gain new insights into the topic of epic and history through in depth cross cultural comparisons Covers epic traditions across the globe and across a wide range of time periods Brings together leading specialists in the field and is edited by two internationally regarded scholars An important reference for scholars and students interested in history and literature across a broad range of disciplines

Latin Inscriptions in the Kelsey Museum Steven Tuck, 2005 A unique collection of primary source material from the Roman world

Women Writing Latin Laurie J. Churchill, Phyllis R. Brown, Jane E. Jeffrey, 2013-10-11 This book is part of a 3 volume anthology of women's writing in Latin from antiquity to the early modern era Each volume provides texts contexts and translations of a wide variety of works produced by women including dramatic poetic and devotional writing Volume One covers the age of Roman Antiquity and early Christianity

The Oxford Handbook of Roman Epigraphy Christer Bruun, J. C. Edmondson, 2015 The study of inscriptions is critical for anyone seeking to understand the Roman world whether they regard themselves as literary scholars historians archaeologists anthropologists or religious scholars The Oxford Handbook of Roman Epigraphy is the fullest collection of scholarship on the study and history of Latin epigraphy produced to date

The Fragmentary Latin Poets Edward Courtney, 2003 To understand fully the development of Latin poetry one has to consider not only the prominent figures whose works survive entire but also the writers known to us only in fragments usually small from quotations The fragments of the non dramatic poets have been collected by Baehrens Morel and Buchner but only a few have ever received a commentary This book revises the texts taking advantage of much earlier work now largely forgotten and provides the necessary interpretative and illustrative material By building up wherever possible a picture of each writer Professor Courtney places them in relation to the development of Latin poetry and thus gathers together information at present widely scattered and not easy to locate While omitting some material which does not contribute to the focus of the

book he adds some writers not usually included in this corpus particularly Tiberianus the so called De Bello Actiaco and the minor works of Ennius **The Tabula Lugdunensis** ,2020-09-03 Unearthed in 1528 at Lyon the Tabula Lugdunensis preserves the longest speech of a Roman emperor to survive in epigraphic form In AD 48 Claudius addressed the senate to press a petition by elites of north western Gaul to hold senatorial rank and office In support he demonstrated Rome s history of constitutional innovation particularly in integrating outsiders and asserted a commitment to recruiting worthy provincial senators such as he claims the Gauls to be The speech offers important evidence for the history and rhetoric of Roman political integration unparalleled Etruscan testimony about Regal Rome and insight into the Latin language and oratory of the early Principate Uniquely the Tabula can be set beside Tacitus version of Claudius speech in Annals 11 to provide a case study of ancient historiographical practice This edition contains a newly edited text of the Tabula an English translation and a comprehensive introduction and commentary Roman Tombs and the Art of Commemoration Barbara Borg,2019-04-18 Explores four key questions around Roman funerary customs that change our view of the society and its values *Rome Alive Vol. 1* Peter J.
