New Fields And Other Stones:

Soil Survey of Rockingham County, New Hampshire Russell J. Kelsea, 1994 *Rock Piles and Field Clearing Practices on Historic Farms and Pastures in Northeastern United States* James E. Gage, Mary E. Gage, 2024-11-01 It is hard to imagine that the most controversial subject in 21st century northeastern archaeology concerns rock piles found on historic farm lands Yet rock piles are at the heart of a contentious debate about their cultural affiliation purpose and age Are they agricultural field clearing piles or Indigenous ceremonial features The short answer is some are the byproduct agricultural activities while others were intentionally built as an expression of Indigenous spiritual beliefs How do we distinguish between the two In order to answer that question it is necessary to have a solid historical and scientific understanding of field clearing practices in northeastern United States Using farm manuals and 19th century agricultural journals this book delves into the surprisingly complex topic of stone removal and disposal practices on farms in northeastern United States and beyond It establishes some basic criteria for identifying clearing piles Groups of Indigenous stone features including rock piles cairns have survived on unfarmed lands and old pastures They have largely been misidentified as field clearing piles and attributed to efforts to improve soil quality However new research shows that permanent pastures were rarely if ever cleared of stones 19th century farmers had a solid understanding of why their pastures were being degraded and the solutions they needed to fix them None of those solutions involved stone removal This book draws together in a single volume over a decade of intensive research into an obscure but critically important topic in historic archaeology Agricultural field clearing features are not considered archaeological significant Ceremonial landscapes traditional cultural properties are considered culturally sensitive sites Distinguishing between the two is an important task *Cultural Landscape Report for Fort Hill* Lynn Kneedler-Schad, Katharine Lacy, Larry Lowenthal, 1996 *What Forever Means After the Death of a Child* Kay Talbot, 2013-05-13 List of Tables List of Figures Series Editor s Foreword Preface Prologue Acknowledgements What It Means to Be a Parent After a Child Had Died The Mothers Now Childless Study Research Design and Findings When a Child Dies Does Grieving Ever End One Death A Thousand Strands of Pain Finding the Meaning of Suffering Bereaved Parents Search for Understanding The Paradox of Healing Confronting a Spiritual Crisis Where is God When Bad Things Happen Confronting an Existential Crisis Can Life Have Purpose Again Deciding to Survive Reaching Bottom Climbing Up Remembering With Love Bereaved Parents as Biographer Reaching Out to Help Others Wounded Healers Reinventing the Self Parents Ask Who Are We Now The Legacy of Loss References Resources Appendices Index *Congressional Record* United States.
