Time on a Human Scale Julian Wright, Allegra Fryxell, 2021-10-07 *Time on a Human Scale* offers an ambitious new assessment of how modern Europeans understood time and human experience through studies of politics art literature music and culture of Western Europe between the 1860s and 1930s

Avatar and Nature Spirituality Bron Taylor, 2013-09-30 *Avatar and Nature Spirituality* explores the cultural and religious significance of James Cameron's film *Avatar* 2010 one of the most commercially successful motion pictures of all time Its success was due in no small measure to the beauty of the Pandora landscape and the dramatic heart wrenching plight of its nature venerating inhabitants To some

audience members the film was inspirational leading them to express affinity with the film's message of ecological interdependence and animistic spirituality. Some were moved to support the efforts of indigenous peoples who were metaphorically and sympathetically depicted in the film to protect their cultures and environments. To others the film was politically, ethically or spiritually dangerous. Indeed the global reception to the film was intense, contested and often confusing. To illuminate the film and its reception this book draws on an interdisciplinary team of scholars, experts in indigenous traditions, religious studies, anthropology, literature and film and post colonial studies. Readers will learn about the cultural and religious trends that gave rise to the film and the reasons these trends are feared, resisted and criticized, enabling them to wrestle with their own views not only about the film but about the controversy surrounding it. Like the film itself, *Avatar* and *Nature Spirituality* provides an opportunity for considering afresh the ongoing struggle to determine how we should live on our home planet and what sorts of political, economic and spiritual values and practices would best guide us.

Nightmares Alex Lukeman, 2000-10-24 *Nightmares* discusses subjects such as why we have nightmares, the language of dreams, universal symbols and some basic instructions for finding relief from nightmares. *Six Bosnian Marks* John Friesen, 2014-12-31 Life is seemingly only a feeling and nothing more. Unfortunately some have to learn that the hard way. Following the tragic loss of a sister which some hold him accountable for the collapse of his family, the sudden calling off of a wedding, a suicide attempt, some combat in Afghanistan, a bank robbery and a stint in Alcoholics Anonymous, a young and successful architect and aspiring artist clashes with the thoughts that he's always believed kept him safe and protected and with a feel that's constantly confirming to him that his life has become worse than death itself. After deciding to leave his home country of Canada and to withdraw from his career and secure way of life, he heads off to France which ultimately turns into an unexpected journey that takes him throughout Europe and into Asia where he stumbles across numerous characters including a South American pet monkey, an ex soldier, transport truck fanatic from Bhutan who all lead by example and inadvertently teach him how to acquire the feel that could finally make his dreams come true. Yet before that happens he gets mixed up with an unpredictable on stress leave madman, banker from Doha, Qatar who takes him and even the monkey hostage and drags them to Bosnia and beyond. During the course of this journey the architect realizes that getting as close to death as possible without experiencing it and seeing the world as a mere theatre are the only ways for him to possibly reverse his fortunes and to obtain the feel that's not only capable of painting the portrait of his visions but also strong enough to see his destructive train of thoughts come to a crashing end. *Endless Nightmares* Christian England, 2014-06-06 One night a 14 year old boy called Jamie Mandan has a nightmare that he cannot awaken from, known as the Endless Nightmare. In order to escape Jamie has to defeat The Shadow of the Nightmare, a spiritually insane soul who wants to take over Heaven and Earth with his power. With the help of two friendly spirits, Christian and Anthony Halo, Jamie must find a Spiritual Sword which can be used to get rid of The Shadow. But there isn't much time before The Shadow crosses to earth to engulf Jamie's

hold This mixture of the machine like and the lyrical helps the reader understand the author s world more fully a world where art comes in the form of a welding torch where creativity involves finding new ways to use old machines and where delineating between right brain and left brain thinking isn t so easy **Ripples in Time** Laurie Johnson,2023-07-24 Come and take a real time walk with me thru life as you journey thru the pages of this book Laughter tears and joys all the emotions with memories and thoughts combined You might feel the heartache and tears with the triumph of growth But thru it all moving forward I hope you find some similar to your own inner most thoughts at times Take time to read and reread if you want too the many mood and emotions I have felt as the shadows of my mind unfolded onto these pages But there is always a ray of sunshine with a hope for tomorrow **Greening the Red, White, and Blue** Thomas Jundt,2014-03-12 In popular imagination environmentalism is often linked to Rachel Carson s Silent Spring and the political activism of the 1960s and 70s that moved increasing numbers of Americans to insist on a better quality of life open spaces clean air and water beautification campaigns But these interpretations have obscured the significant origins of environmentalism as a moral and intellectual broadside against the growing power of corporate capitalism both domestically and in the postwar liberal international order the United States was enacting abroad In Greening the Red White and Blue Thomas Jundt shows how many Americans came to view powerful corporations and a federal government bent on economic growth as threats to human health and the environment Fallout from atomic testing air and water pollution the proliferation of pesticides and herbicides all connected to the growing dominance of technology and corporate capitalism in American life led a variety of constituencies to seek solutions in what came to be known as environmentalism In addition to political and legal campaigns to effect change an alternative form of civic participation emerged beginning in the late 1940s as growing numbers of citizens turned to what they deemed environmentally friendly consumption practices The goal of this politically charged consumption was not only to protect themselves and their families from harm but also to achieve social change at a time when many believed the government was placing the desires of business before the needs of its citizens Politicians responded to the growing environmental concerns of middle class Americans but in the end continual political compromises with corporate power meant weak laws and lax enforcement Many citizens sought refuge in an alternative green marketplace including organic foods natural fiber clothing alternative energy and everyday products designed to have minimal environmental impact In doing so they attempted to create a community for those who shared their concerns and frustrations as well as their vision for a different American Way Thomas Jundt s work highlights the intertwining of consumerism and environmentalism amidst the growing power of corporate capitalism and government in postwar America **Three Mile Island** Grace Halden,2017-06-27 Three Mile Island explains the far reaching consequences of the partial meltdown of Pennsylvania s Three Mile Island power plant on March 28 1979 Though the disaster was ultimately contained the fears it triggered had an immediate and lasting impact on public attitudes towards nuclear energy in the United States In this
