Tomlinson,2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There s just something about the way the Canon EOS 1N feels in my hands when I m shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go Zirlinson Publishing: 35 Years 1983-2018: A History in Cover Art Shawn M. Tomlinson,2018-12-16 It has been a long strange road and probably has no end clearly in sight Many more books are in the works as I write this in early December 2018 For example I have published nine novels to date and am writing nine more with plans for some beyond that The Shawn M Tomlinson s Guide to Photography series has 29 titles in print with another five or six nearly complete and plans for 30 to 40 more I m also trying to rework and rearrange those books into omnibus editions by chronology and by theme I never will get every book done I want to do but it keeps me busy I always planned on putting out a catalog of all the Zirlinson Books but kept getting waylaid for one reason or another until now This catalog is available as a print book in color The color print book will be cost prohibitive for many people so there likely will be a black and white version available too **Vol. 29: Medium-Format Photography III: Mamiya C3 & C330**

Shawn M. Tomlinson,2018-12-22 There s something odd about twin lens reflex TLR film cameras but very appealing I can t really explain it TLR cameras are bulky awkward to use and well kind of weird Still I love picking one up and taking it out to shoot Mamiya TLRs comprise a rare line of TLR cameras in that they were the only pro TLR cameras that had interchangeable lenses other than Contaflex That fact alone made me long for one a long time When I bought my Yashica Mat EM there were Mamiya TLR cameras available but usually at two to three times the cost Like the other medium format MF cameras Hasselblad Bronica Pentax etc the Mamiyas were far out of reach That is until around 2003 when photographers were ditching their film cameras and selling them cheap They may not be as cheap now but they re still worth the prices As I said shooting with a TLR is an odd experience but one definitely worth experiencing **Popular Photography** ,2006-01
