in the USA has been sent to prison The organization is in turmoil across the nation and bosses in different cities are acting on their own The young Turks want to take over the organization and the Columbian Jamaican and Russian mobs are moving into the mafia business and there is no one among them to lead There is a meeting at Mulberry Street birthplace of the American mafia There was confusion in the meeting until Tony from Chicago mentioned the name of Tony Defeo There was silence in the room and they agreed he was the man but where was he Joe Pagano answered and let them know he was alive and he can contact him but they must all agree they will back him 100 percent if he returns no going back They all agreed he was the man to restore the power of the mafia again In the USA because he was born to be the mafia don of the USA Now began the greatest chess game that Tony had played in his life Just like in chess you have to anticipate your opponents every move and the minimum is six So Tony must anticipate the moves of the young Turks in their rebellion as well as the Columbian Jamaican and the Russian mobs because they will not let go what they have without a fight just like he will fight to get back what belongs to them But last but not least to Tony there is the FBI who have been wanting to know where he has been for the last twenty five years but that is the least of his worries
