Rationalizing Parliament:

Rationalizing Parliament John D. Huber, 1996-08-28 Rationalizing Parliament examines how institutional arrangements in the French Constitution shape the bargaining strategies of political parties Professor Huber investigates the decision by French elites to include in the Constitution legislative procedures intended to rationalize the policy making role of parliament and analyzes the impact of these procedures on policy outcomes cabinet stability and political accountability Through its use of theories developed in the American politics literature the study reveals important similarities between legislative politics in the United States and in parliamentary systems and the shortcomings in conventional interpretations of French institutional arrangements

Cohesion and Discipline in Legislatures Reuven Y. Hazan, 2006 This book previously published as a special issue of the Journal of Legislative Studies asks why legislative unity is one of the distinguishing features of modern political parties

Parliaments and Coalitions Lanny W. Martin, Georg Vanberg, 2011-07-28 Argues that in coalition governments the norm in most parliamentary democracies strong legislative institutions play a critical role in allowing parties to deal with the electoral competition and the necessity of delegating authority to ministers affiliated with specific parties which threaten compromise agreements

Executive Leadership and Legislative Assemblies Nicholas D. J. Baldwin, 2014-01-02 The relationship between a head of government head of the executive branch and a nation's parliament or legislative assembly the legislative branch has long been the focus for comment and analysis for example has the prime minister in the United Kingdom come to a position of dominance at the expense of the power of parliament Does the American president stand head and shoulders above Congress Is a French president master of the system Need the Russian president pay attention to the Duma What of the position in other parliamentary and presidential systems In this book Baldwin seeks to provide answers and does so by drawing upon the knowledge and expertise of an international group of scholars whose essays advance our knowledge of the subject This book was previously published as a special issue of the Journal of Legislative Studies

The Equilibrium of Parliamentary Law-making Viktor Kazai, 2024-08-01 This book is a response to the dangers posed to constitutional democracy by the continuous growth of executive power and the simultaneous decline of parliaments role in policy formation These phenomena are often manifested in the manipulation and even the violation of the rules of parliamentary law making called irregularities If left without consequences these irregularities can ultimately lead to the elimination of the procedural constraints imposed on the ruling political forces to prevent their arbitrary exercise of power This work investigates the constitutional significance of the irregularities of parliamentary law making and explores the role that courts play in the remedy of these flaws The analysis is premised on the concept of equilibrium This explanatory concept denotes an ideal state in which parliamentary law making complies with the requirements of constitutionalism and judicial review is conceptualized as a mechanism suitable to achieve this aim The volume places the judicial review of the regulation and the practice of parliamentary law making at its center and discusses

all the relevant legal concepts institutions and doctrines It combines theoretical analysis with case law centered comparative research covering a large number of decisions delivered by apex courts operating in various jurisdictions Due to this methodological choice the book aims to simultaneously contribute to the scholarly discourse and provide useful information to practicing lawyers and policymakers working in the areas of constitutional law and politics and comparative law

Parliaments in Time Michael Koß, 2018-11-22 Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecpr.net/eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston How can we explain the evolution of legislatures in Western Europe This book analyses ninety procedural reforms which restructured control over the plenary agenda and committee power in Britain France Sweden and Germany between 1866 and 2015 Legislatures evolve towards one of two procedural ideal types talking where governments control the agenda or working legislatures with powerful committees All else being equal legislators demand for mega seats on legislative committees triggers the evolution of working legislatures If however legislators fail to centralize agenda control in response to anti system obstruction legislative procedures break down Rather than a decline of legislatures talking legislatures accordingly indicate the resilience of legislative democracy In conclusion the book shows the causal nexus between procedural reforms and legislative democracy

Handbook of Parliamentary Studies Cyril Benoît, Olivier Rozenberg, 2020-11-27 This comprehensive Handbook takes a multidisciplinary approach to the study of parliaments offering novel insights into the key aspects of legislatures legislative institutions and legislative politics Connecting rich and diverse fields of inquiry it illuminates how the study of parliaments has shaped a wider understanding surrounding politics and society over the past decades

Parliaments and Government Formation Bjørn Erik Rasch, Shane Martin, José Antonio Cheibub, 2015-11-12 Parliaments and Government Formation explores the role of national legislatures in shaping government formation in parliamentary regimes Under parliamentarism the government comes from and remains responsible to the national parliament Yet although legislatures and the politics of government formation are two of the most studied phenomenon in comparative politics relatively little attention has focused on the degree to which parliamentary rules and procedures impact government formation For instance exactly what does come from parliament mean in the context of government formation To answer this question the volume seeks to unpack the parliamentary investiture vote Investiture consists of a vote in parliament to demonstrate that an already formed or about to be formed government has legislative support The volume analyses investiture along six dimensions 1 the number of chambers involved in government formation 2

the exact topic of any investiture vote for example whether the votes focuses on one or more of the prime ministership the cabinet and or the government s policy program 3 the sequencing and timing of the vote in the overall game of government formation 4 the decision rule for example absolute majority simple or some form of negative parliamentarism 5 the number of rounds provided for and 6 what happens in the event of a failure to invest a government Each of the 16 case studies written by leading scholars of legislative politics in their respective polities seeks to describe the institutional rules and practices and analyse their origins and consequences These case studies are supplemented with two comparative chapters Presidents, Parliaments, and Policy Stephan Haggard, Matthew D. McCubbins, 2001-01-15 Advocates of parliamentary rule have been highly critical of presidentialism for dividing powers and providing the opportunity for gridlock between branches Fixed executive terms can saddle publics with ineffectual leaders who are not easily removed Yet the great theorists of presidential rule beginning with the Federalists saw very different qualities in the same institutions a desirable combination of strong leadership with checks on executive discretion These diverse assessments arise because we have surprisingly little comparative work on how presidential democracies function The introductory essays in this volume lay the theoretical groundwork for such comparative analysis Drawing on detailed cases of economic policymaking in Asia Latin America and Central Europe this book shows the diversity of presidential systems and isolates the effects of presidentialism from other factors that influence public policy such as party systems In doing so it casts doubt on the critics of presidential rule and underscores the continuing vitality of this particular form of democratic rule *The Russian Parliament* Thomas F. Remington, 2008-10-01 From the first free elections in post Soviet Russia in 1989 to the end of the Yeltsin period in 1999 Russia s parliament was the site of great political upheavals Conflicts between communists and reformers generated constant turmoil and twice parliamentary institutions broke down in violence This book offers the first full account of the inaugural decade of Russia s parliament Thomas F Remington a leading scholar of Russian politics describes in unique detail the Gorbachev era parliament of 1989 91 the interim parliament of 1990 93 and the current Federal Assembly Focusing particularly on the emergence of parliamentary parties and bicameralism Remington explores how the organization of the Russian parliament changed why some changes failed while others were accepted and why the current parliament is more effective and viable than its predecessors He links the story of parliamentary evolution in Russia to contemporary theories of institutional development and concludes that notwithstanding the turbulence of Russia s first postcommunist decade parliament has served as a stabilizing influence in Russian political life *Comparative European Politics* Rory Costello, Neil Robinson, 2024 This essential guide to comparative European politics provides the broadest range of coverage on Europe illustrated via the widest range of examples applied to contemporary events In *Comparative European Politics* the team of expert authors explore the politics of a range of European countries providing insight into everything you need to know on the subject from the fundamentals of democratic politics institutions and practices of government to key contemporary

challenges Key Features A broad introduction to contemporary European politics providing an accessible introduction to the fundamental elements of European democracies institutions and practices of government A unique emphasis on contemporary political issues sees a whole part dedicated to common challenges which explores issues such as immigration European integration the financial crisis and the COVID 19 pandemic Includes up to date examples such as growing instability in Europe Brexit recent migration policies the threat of international terrorism and the rise of anti establishment parties to help students understand the real world context of European politics Developed with engaging learning features such as end of chapter discussion questions thinking comparatively sections and over to you boxes to help students understand why and how to compare European countries and their political systems Provides comprehensive coverage of the 27 member states of the European Union additionally drawing on examples from the UK Switzerland Norway Iceland Serbia and Bosnia Herzegovina Written by leading scholars in the field who provide clear analysis on complex subjects intricate relationships and controversial issues Also available as an e book with functionality navigation features and links that offer extra learning support New to this Edition Three new chapters cover topics around climate politics and policy national governments in the European Union s political system and populism and its challenges to democracy A reorganized table of contents adds clarity Updated tables and figures and the addition of photos offer an engaging learning experience Digital formats and resources Comparative European Politics is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with self test multiple choice questions functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks <https://global.oup.com/ukhe/ebooks> The digital version available on Politics Trove is also accompanied by online resources These include For students Over thirty European country profiles from Austria to the UK with useful data for comparison including population size gender equality political parties and electoral systems Helpful links to relevant online tools with instructions for use including voting advice applications from European countries For lecturers Save time preparing for seminars with activities created to help engage students PowerPoint slides with a deck for each chapter to help build lecture materials

Parliaments and Government Termination Reuven Y. Hazan, Bjørn Erik Rasch, 2023-09-12 This book assesses the larger influences that government termination by parliaments has on executive legislative relations claiming that the way in which the governments may be challenged or dismissed has far greater impact than previously understood The core feature of a parliamentary system is not that governments tend to emerge from the legislatures in some way or another but their political responsibility to this body While in only some parliamentary systems the government needs formal support of parliament to take office in all parliamentary systems no government can survive against the will of parliament The academic literature related to the rules for how governments form is vast Strikingly scholars have paid far less time to unpack the core institution of parliamentary systems of government the confidence

relationship and the various no confidence procedures The chapters explore the institutions by which parliaments hold governments accountable and how they balance elected parliaments and appointed governments in parliamentary systems Contributions move beyond the standard focus on government formation and instead analyse government termination by parliament evaluating its consequences in a detailed and comprehensive manner This book will be of interest to students and academics in the field of political science governance and political theory The chapters in this book were originally published in *West European Politics* *The Politics of Legislative Debates* Hanna Back, Marc Debus, Jorge M. Fernandes, 2021-10-07

Legislative debates make democracy and representation work Political actors engage in legislative debates to make their voice heard to voters Parties use debates to shore up their brand This book makes the most comprehensive study of legislative debates thus far looking at the politics of legislative debates in 33 liberal democracies in Europe North America and Latin America Africa Asia and Oceania The book begins with theoretical chapters focused on the key concepts in the study of legislative debates Michael Laver Slapin and Proksch and Taylor examine the politics of legislative debates in parliamentary and presidential democracies Subsequently Goplerud makes a critical review of the methodological challenges in the study of legislative debates Schwalbach and Rauh further discuss the difficulties in the comparative empirical study of debates Country chapters offer a wealth of original material organized around structured sections Each chapter begins with a details discussion of the institutional design focusing on the electoral system legislative organization and party parties to which a section on the formal and informal rules of legislative debates ensues Next each country chapter focuses on analyzing the determinants of floor access with a particular emphasis on the role of gender seniority legislative party positions among others In the concluding chapter the editors explore comparative patterns and point out to multiple research avenues opened by this edited volume The Oxford Politics of Institutions series is designed to provide in depth coverage of research on a specific political institution Each volume includes a mix of theoretical contributions state of the art research review chapters comparative empirical chapters country case study chapters and chapters aimed at practitioners Typically the majority of chapters in each volume comprises of country studies written by country experts Volumes in the series are aimed at political scientists students in political science programmes social scientists more generally and policy practitioners Series editors Shane Martin Anthony King Chair in Comparative Government and Head of the Department of Government University of Essex and Sona N Golder Professor of Politics Department of Political Science Pennsylvania State University

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new

agendas for the next generation of political executive research *Legislative Assemblies* Shane Martin, Kaare Strøm, 2023-10-27 By whatever name they are known Parliaments Legislatures or Assemblies to name but three legislative assemblies in democratic societies face the twin challenges of institutional capacity and accountability to their citizens In addressing these challenges assemblies vary in the extent to which they serve the respective interests of three critical sets of actors their members party leaders and voters In this book Shane Martin and Kaare W Strøm identify three ideal types of democratic assemblies the members assembly the leaders assembly and the voters assembly and analyze national legislative assemblies in the world's 68 most populous democracies from Finland to Papua New Guinea in light of these models Based on extensive new cross national data they trace the implications of the three assembly types for the design internal organization resources and powers of democratic national assemblies develop indices of each assembly type and score each of the 68 legislative assemblies on these indices The analysis of legislative re election rates in these countries reveals that the fate of incumbents depends on member resources as well as on leadership control but is ultimately constrained by voter confidence In conclusion the authors discuss the past and future trajectories of legislative assemblies including their susceptibility to democratic backsliding *Parliamentary Representation in France* Olivier Costa, 2017-07-05 Despite real improvements since the beginning of the last decade legislative studies are still underdeveloped in France compared to other modern democracies This weakness is linked to the characteristics of the political system itself the Constitution of 1958 has created a semi presidential regime the centrality of which has been constantly reinforced since The French parliament is thus supposed to be extremely feeble This lack of interest for legislative studies is also to be found in the specificities of French political sociology which pays little attention to institutions As a result very few papers and books deal with French chambers and MPs Yet they are fascinating cases of study for scholars interested in parliamentary representation professionalization of political life and French politics The French parliament and MPs are deeply paradoxical MPs are very attached to the concept of national sovereignty but remain involved at local level and in surgery work the French National Assembly is supposed to be weak but is quite active and influential citizens are more aware of the role of MPs than it seems and their views and values are closer than predicted This book gathers seven papers from the LEGIPAR research project 2008-2012 The project was designed by the contributors to rejuvenate French legislative studies by collecting systematic data on MPs socio biographical profiles and activities conducting face to face interviews gathering exhaustive data on National Assembly activity and organising focus groups to analyse citizens perceptions of their MPs This book was originally published as a special issue of the Journal of Legislative Studies **Comparing and Classifying Legislatures** David Arter, 2013-09-13 Recent years have witnessed substantial work in the legislative studies field But what do we know about legislatures today and are there clear criteria for comparing and classifying them This is a new review of the state of our knowledge of parliament and tackles key questions Do legislatures matter in legislative terms and if so how much What is the extent of the

legislature s control of the legislative process How can we classify legislatures on the basis of their relative legislative performance Five measures of the policy power of parliaments are applied in the country region chapters This book was previously published as a special issue of the leading Journal of Legislative Studies **Government and Politics - Volume I** Masashi Sekiguchi,2010-08-27 Government and Politics is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Government and Politics in the Encyclopedia of Social Sciences and Humanities deals with the discipline of general and introductory descriptions on a wide range of political phenomena in rather conventional ways It covers the following topics The first two topics Forms and Modes of Government and Structures of Government deal with institutional and structural aspects of political phenomena The third topic Political Aspects of Government is about dynamic political processes The fourth Ideas and Ideologies in Politics investigates political thoughts and ideologies in the modern world The fifth topic International Politics intend to give readers an international perspective since contexts and systems which have international or transnational characters are obviously important background against which a political aspect of building a sustainable society must be considered These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs Patterns of Parliamentary Behavior Herbert Döring,2017-03-02 This volume begins where the first D ring book of 1995 finished by considering what effects the rules had on legislative output during the same period It addresses four distinct yet complementary research topics the connection between a number of veto players and law production in West European parliamentary democracies the impact of closed versus open rules the effects of committee structure and organization on the degree of conflict or consensus on the procedure of passing legislation the importance of agenda setting and agenda control for the prevention of cycling across issues and the distribution of particular benefits of shifting and transient majorities Fundamental to this volume is the ability of the project group to fashion an original data set As a consequence this volume is able to ascertain the extent to which parliamentary procedures contributed to shaping policy output in this field during the 1980s *The Role of Governments in Legislative Agenda Setting* Bjorn Erik Rasch,George Tsebelis,2013-07-04 Setting the agenda for parliament is the most significant institutional weapon for governments to shape policy outcomes because governments with significant agenda setting powers like France or the UK are able to produce the outcomes they prefer while governments that lack agenda setting powers such as the Netherlands and Italy in the beginning of the period examined see their projects significantly altered by their Parliaments With a strong comparative framework this coherent volume examines fourteen countries and provides a detailed investigation into the mechanisms by which governments in different countries determine the agendas of their corresponding parliaments It explores the three different ways that governments can shape legislative outcomes institutional partisan and positional to make an important

contribution to legislative politics It will be of interest to students and scholars of comparative politics legislative studies

Rationalizing Parliament Introduction

Rationalizing Parliament Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Rationalizing Parliament Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Rationalizing Parliament : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Rationalizing Parliament : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Rationalizing Parliament Offers a diverse range of free eBooks across various genres. Rationalizing Parliament Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Rationalizing Parliament Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Rationalizing Parliament, especially related to Rationalizing Parliament, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Rationalizing Parliament, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Rationalizing Parliament books or magazines might include. Look for these in online stores or libraries. Remember that while Rationalizing Parliament, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Rationalizing Parliament eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Rationalizing Parliament full book , it can give you a taste of the

authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rationalizing Parliament eBooks, including some popular titles.

FAQs About Rationalizing Parliament Books

What is a Rationalizing Parliament PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rationalizing Parliament PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rationalizing Parliament PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rationalizing Parliament PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rationalizing Parliament PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
