Because the species is endangered, the exact locations of established dens in this area are a closely guarded secret. Insider naturalist and author Jon Furman has devoted years to the study of the snake's past and present range, its habitat and biology, the period in Vermont and upstate New York history during which timber rattlesnakes were ruthlessly hunted for a bounty, and the outlook for this severely threatened species in both states. Soundly anchored in the latest scientific data, Furman proffers an accessible and engaging account of contemporary fieldwork and first person interviews with herpetologists and old time bounty hunters. For expert and lay readers interested in snakes and reptiles, northeastern fauna and natural history, conservation and endangered species, this volume clearly explicates the timber rattlesnake's biology as well as what happens and what to do when one bites. It also explores the troubling decline of the northeastern population caused by bounty hunting between the 1890s and the early 1970s, other past and present threats to the species' survival and what measures are being taken and additional ones that must be taken to ensure that timber rattlesnakes survive and thrive in the northeast. Historical and contemporary illustrations bring these reptiles and their world to life. *Timber Rattlesnakes in Vermont New York* shines a new light on a maligned and misunderstood species. **Rattlesnakes** Laurence Monroe Klauber, 1972 **What The Lord Said About Labs** Jim Walkington, 2013-04-29 A lighthearted look into how one man trains the fuzzy to avoid the buzzy, he trains dogs to avoid rattlesnakes. This remarkable book will show everyone that dogs are much smarter than we could ever imagine and that rattlesnakes are completely different than they've been portrayed. *Making Sense* Juli Kendall, Outey Khuon, 2005 Reading is all about understanding and many English language learners simply do not understand what they are reading. Juli Kendall and Outey Khuon believe that small group comprehension lessons have a key role to play in advancing students' comprehension of texts. *Making Sense* outlines fifty-two lessons that teach students how to make connections, ask questions, visualize, make mental images, infer, determine importance, and synthesize. The book's five main sections are geared to the stages of **Additions to the National Wilderness Preservation System** United States. Congress. House. Committee on Interior and Insular Affairs. Subcommittee on Public Lands, 1980 *Blonde Rattlesnake* Julia Bricklin, 2019-06-01 Nineteen-year-old Burmah Adams, a hairdresser and former Santa Ana High School student, spent her honeymoon on a crime spree. She and her husband, of less than one week, White, an ex-con, robbed at least twenty people in and around downtown L.A. at gunpoint over an eight-week period. But the worst of their crimes was the shooting of a popular elementary school teacher, Cora Withington, and a former publisher, Crombie Allen, who was teaching her how to drive his new car. A few days later, a watchful pair of patrolmen in a Westlake neighborhood called their detective colleagues at the Los Angeles Police Department; they had spotted a car that looked like one the duo had stolen days before. Two of these detectives, dressed as

mechanics and kept an eye on the apartment building until Burmah and Thomas appeared one afternoon As police swarmed the building Burmah tried to hurl herself out of a third story window while Thomas shot at officers and was immediately gunned down and killed Blond Rattlesnake reveals the events that brought Adams and White together and details the crime spree they committed in the sweltering hot days and nights of Los Angeles in the height of the Great Depression It describes the terror of citizens in their path and the outrage they directed at the female half of the duo Politicians exploited Burmah s incarceration and trial for their own purposes as the press battled for scoops about the Blonde Rattlesnake and created sensation while trying to make sense of her crimes Texas Rattlesnake Roundups Clark E.
