Raunion Fascination:

Separation and Reunion in Modern China Charles Stafford, 2000-11-09 In this original and readable book Charles Stafford describes the Chinese fascination with separation and reunion Drawing on his field studies in Taiwan and mainland China he gives a vivid account of raucous festivals of reunion elaborate rituals for the sending off of gods and daughters poetic moments of leave takings between friends and bitter political rhetoric about Chinese national unity The idioms and practices of separation and reunion which are woven into the fabric of daily life help people to explain the passions aroused by the possibility of national division In this book the discussion of everyday rituals leads into a unique and accessible general introduction to Chinese and Taiwanese society and culture After Pomp and Circumstance Vered

Vinitzky-Seroussi, 1998-06-08 Menacing nerve racking uncomfortably intrusive the high school reunion has become a dreaded encounter with past and present for many Americans It is a moment of both heightened self awareness and public presentation insisting that we account for ourselves not merely to our own satisfaction but to the satisfaction of others as well For sociologist Vinitzky Seroussi the high school reunion presents an ideal forum in which to explore the ongoing construction of identity in American society and perhaps to ascertain just how we have managed to make sense of our lives from then to now As autobiographical occasions reunions prompt us to examine our own life narratives the stories we tell ourselves about who we are and how we have come to be that person But at the same time they can threaten the integrity of those very stories subjecting them to the scrutiny of others whose memories of the past and ourselves may be altogether different from our own Reunions then engender a fragile community held together by the resources of a shared past yet imperiled by the tensions of competing histories Inevitably for both those who attend and those who choose not to the reunion forces a kind of biographical confrontation an unavoidable and often pivotal engagement between a carefully constructed personal identity and the socially prevalent standards of success and accomplishment Though many see in today's culture the gradual demise of personal identity Vinitzky Seroussi's carefully researched study reveals something quite different After Pomp and Circumstance explores a struggle we all experience the desire to resolve the tension between public conceptions and internal understandings to maintain a sense of continuity between past and present lives and to lay claim to both an integrated self and a unified life history Losses in Later Life, Second Edition R.
