Ravished By The Spirit Religious Revivals Baptists And Henry Alline:

Ravished by the Spirit George A. Rawlyk, 1984-11-01 Rawlyk sees the Baptists of Nova Scotia and New Brunswick as reaching their zenith during the latter half of the nineteenth century. He makes some controversial comments on the differences between New Brunswick and Nova Scotia Baptists of both the present and past century. *Ravished by the Spirit* does not deal merely with a distant historical past but raises some fundamental and disconcerting questions about the vulnerability of the Baptist denomination in contemporary Nova Scotia and New Brunswick. **The Great Awakening** Thomas S. Kidd, 2008-10-01 In the mid eighteenth century Americans experienced an outbreak of religious revivals that shook colonial society. This book provides a definitive view of these revivals now known as the First Great Awakening and their dramatic effects on American culture. Historian Thomas S. Kidd tells the absorbing story of early American evangelical Christianity through the lives of seminal figures like Jonathan Edwards and George Whitefield as well as many previously unknown preachers, prophets, and penitents. The Great Awakening helped create the evangelical movement which heavily emphasized the individual's experience of salvation and the Holy Spirit's work in revivals. By giving many evangelicals radical notions of the spiritual equality of all people, the revivals helped breed the democratic style that would come to characterize the American republic. Kidd carefully separates the positions of moderate supporters of the revivals from those of radical supporters and he delineates the objections of those who completely deplored the revivals and their wildly egalitarian consequences. The battles among these three camps, the author shows, transformed colonial America and ultimately defined the nature of the evangelical movement. **Henry Alline - "more Than a Riddle-speaking Prophet"** William G. Godfrey, 1985 **Victorian Religious Revivals** David Bebbington, 2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions. In this book, the phenomenon of revival is set in its broad historical and historiographical context. David Bebbington provides detailed case studies of awakenings that took place between 1841 and 1880 in Britain, North America, and Australia, showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations. These revivals occurred in many places across the globe but revealed the shared characteristics of evangelical Protestantism. Bebbington explores the preconditions of revival, giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants. No single cause can be assigned to the awakenings, but one of the chief factors behind them was occupational structure, and striking instances of death were often a precipitant. Ideas were far more involved in these events than historians have normally supposed, so that the case studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period. Laymen and women played a disproportionate part in their promotion, and converts were usually drawn in large numbers from the young. There was a trend over time away from traditional spontaneity towards more organized methods, sometimes entailing interdenominational co-operation. **Training Disciplined Soldiers for Christ** Tim W. Callaway, 2013 A retrospective look

at Alberta's Prairie Bible Institute and the influence of American fundamentalism on the school's teachings *The Other Side of Truth* Paul Kimball, 2013-04-02 In *The Other Side of Truth* filmmaker Paul Kimball crosses the Rubicon of the imagination to explore the idea that what we call the paranormal is actually a form of artistic expression created by an advanced non-human intelligence to inspire us to think about who we are where we have been and where we are going Using his own journey of discovery as the starting point Kimball presents the other side of truth the world not as we have been told it is but as we are being encouraged to imagine that it could become **Inventing the "Great Awakening"** Frank Lambert, 2021-01-12 This book is a history of an astounding transatlantic phenomenon a popular evangelical revival known in America as the first Great Awakening 1735-1745 Beginning in the mid-1730s supporters and opponents of the revival commented on the extraordinary nature of what one observer called the great ado with its extemporaneous outdoor preaching newspaper publicity and rallies of up to 20,000 participants Frank Lambert biographer of Great Awakening leader George Whitefield offers an overview of this important episode and proposes a new explanation of its origins The Great Awakening however dramatic was nevertheless unnamed until after its occurrence and its leaders created no doctrine nor organizational structure that would result in a historical record That lack of documentation has allowed recent scholars to suggest that the movement was invented by nineteenth-century historians Some specialists even think that it was wholly constructed by succeeding generations who retroactively linked sporadic happenings to fabricate an alleged historic development Challenging these interpretations Lambert nevertheless demonstrates that the Great Awakening was invented not by historians but by eighteenth-century evangelicals who were skillful and enthusiastic religious promoters Reporting a dramatic meeting in one location in order to encourage gatherings in other places these men used commercial strategies and newly popular print media to build a revival one that they also believed to be an extraordinary work of God They saw a special meaning in contemporary events looking for a transatlantic pattern of revival and finding a motive for spiritual rebirth in what they viewed as a moral decline in colonial America and abroad By examining the texts that these preachers skillfully put together Lambert shows how they told and retold their revival account to themselves their followers and their opponents His inquiries depict revivals as cultural productions and yield fresh understandings of how believers spread the word with whatever technical and social methods seem the most effective *Canada's Religions* Robert Choquette, 2004 Each Canadian Census reveals Canada to be an overwhelmingly religious country With nine out of ten Canadians claiming a religious affiliation of some kind Aboriginal Catholic Protestant Jewish Islamic Hindu or one of dozens of new religions faith has necessarily had an influence on citizens' personal and social lives In *Canada's Religions* Robert Choquette offers a history of religion in Canada and examines the ongoing tug-of-war between modernity and conservatism within the religious traditions themselves Given that religion affects so many areas of daily life including politics education community standards and general behaviour *Canada's Religions* provides academics students and educated readers with an excellent overview of

in Canada wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley Edward Irving and Charles Spurgeon How did his Reformed theological perspective impact his historiography How does his work fit into larger historiographical debates concerning the nature of Christian history While other books look at Christian historiography using abstract and methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian It does so by placing Dallimore in the context of being a minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere It also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of Christianity and slavery and the question of charismatic religious experience His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian

Possible Pasts
Robert Blair St. George, 2018-05-31 Possible Pasts represents a landmark in early American studies bringing to that field the theoretical richness and innovative potential of the scholarship on colonial discourse and postcolonial theory Drawing on the methods and interpretive insights of history anthropology history of art folklore and textual analysis its authors explore the cultural processes by which individuals and societies become colonial Rather than define early America in terms of conventional geographical chronological or subdisciplinary boundaries their essays span landscapes from New England to Peru time periods from the sixteenth to the mid nineteenth century and topics from religion to race and novels to nationalism In his introduction Robert Blair St George offers an overview of the genealogy of ideas and key terms appearing in the book Part I Interrogating America then challenges readers to rethink the meaning of early America and its relation to postcolonial theory In Part II Translation and Transculturation essays explore how both Europeans and native peoples viewed such concepts as dissent witchcraft family piety and race The construction of individual identity and agency in Philadelphia is the focus of Part III Shaping Subjectivities Finally Part IV Oral Performance and Personal Power considers the ways in which political authority and gendered resistance were established in early America

At the Ocean's Edge Margaret Conrad, 2020-06-16 At the Ocean's Edge offers a vibrant account of Nova Scotia's colonial history situating it in an early and dramatic chapter in the expansion of Europe Between 1450 and 1850 various processes sometimes violent often judicial rarely conclusive transferred power first from Indigenous societies to the French and British empires and then to European settlers and their descendants who claimed the land as their own This book not only brings Nova Scotia's struggles into sharp focus but also unpacks the intellectual and social values that took root in the region By the time that Nova Scotia became a province of the Dominion of Canada in 1867 its multicultural peoples including Mi kmaq Acadian African and British had come to a grudging unequal and often contested accommodation among themselves Written in accessible and spirited prose the narrative follows larger trends through the experiences of colourful individuals who grappled with expulsion genocide and war to establish the institutions relationships and values that still shape Nova Scotia's identity

The Gospel of John Marrant Alphonso F. Saville IV, 2024-07-26 The Reverend John Marrant 1755-91 was North America's first Black ordained minister and one of America's earliest Black authors and preachers. In *The Gospel of John Marrant*, Alphonso F. Saville IV examines how Protestantism and West African indigenous religious practices deeply informed his life and ministry. Saville follows Marrant from his time evangelizing the Cherokee in Georgia to meeting with Black Freemasons in Boston to engaging with diasporic communities along the Eastern Seaboard and in England. Using the Black folk magic tradition of conjure as a lens for understanding Marrant's religious imagination, Saville outlines the importance of African religious and cultural themes, symbols, and cosmologies in the biblical interpretation and ritual culture of early Black North American Christian communities. Marrant's life and work, Saville contends, reveal the diverse religious cultures that contributed to the formation of African American Christianity and its evolution into a prominent institution during the colonial and early history of the United States. In so doing, he demonstrates the need to recenter both religion and Africa in the study of African American cultural and intellectual history.

The Millenarian World of Early Mormonism Grant Underwood, 1999-01-15 The most detailed study yet of early Mormon thought about the end times. *The Millenarian World of Early Mormonism* shows how Mormon views of Christ's imminent second coming exerted a profound influence on Mormonism between 1830 and 1846. By exploring how early LDS interpretation of the Bible and the Book of Mormon affected and was affected by Mormon millennial doctrines, Grant Underwood provides the first comprehensive linkage of the history of early Mormonism and millennial thought. He also probes LDS perceptions of the institutions and values prevalent before the Civil War, reassessing Mormonism's relationship to the dominant culture and placing Mormon millennial thought in the broader context of Judeo-Christian ideas about the end of the world.

The Democratization of American Christianity Nathan O. Hatch, 1991-01-23 A provocative reassessment of religion and culture in the early days of the American republic. The so-called Second Great Awakening was the shaping epoch of American Protestantism, and this book is the most important study of it ever published. James Turner, *Journal of Interdisciplinary History* Winner of the John Hope Franklin Publication Prize, the Society for Historians of the Early American Republic book prize, and the Albert C. Outler Prize. In this provocative reassessment of religion and culture in the early days of the American republic, Nathan O. Hatch argues that during this period American Christianity was democratized and common people became powerful actors on the religious scene. Hatch examines five distinct traditions or mass movements that emerged early in the nineteenth century: the Christian movement, Methodism, the Baptist movement, the black churches, and the Mormons, showing how all offered compelling visions of individual potential and collective aspiration to the unschooled and unsophisticated.

Canada Fire George A. Rawlyk, 1994 George A. Rawlyk examines the remarkable growth and

evolution of radical evangelicalism in British North America from the American Revolution to the War of 1812 He argues that radical evangelicalism was the leading edge of Protestantism and was more democratic and populist than contemporary evangelicalism in the United States **Revivalists** Kevin Kee,2006-06-26 In Canada the latter half of the nineteenth century marked a profound break with the settler past and the beginning of an age of commercialization Kevin Kee shows how Protestant evangelists used theatre film and jazz to make religion personally relevant to their audiences
