## **Re Drawing Boundaries Work Households And Gend Studies On China:**

**Re-Drawing Boundaries** Barbara Entwisle, Gail Henderson, 2000-11-07 The essays in this volume explore various aspects of work in China including the nature of work gender inequalities in work gender and work in the context of migration and the reciprocal influences of households and work organization , **Transforming the Gendered Organisation of Labour and Leisure** Yuqin Huang, 2020-08-28 This book explores how the labour and leisure lives of people in contemporary rural China have been structured and transformed discussing the changing dynamics of power relations both between and within genders and in local village and family household and remote the state and market contexts It combines perspectives from sociology gender studies social history and demography to investigate the changes and continuities in the lives of women and men in Lianhe a rural village in central China examining the period from 1926 to 2013 through the lens of labour and leisure Employing methods from the field of ethnography the research focuses on the life stories of three generations including 57 women in Lianhe The book develops a double comparison analytical framework to compare the organisation of labour and leisure in the three respective generations proceeding on the one hand diachronically along the historical time that is the pre collective era collective era and reform era and synchronically along the women s life stages on the other In so doing the book links women s shifting role in changing family household forms with broader socio economic political demographic and cultural changes Moreover it employs a holistic perspective to reflect changing patterns in women s labour and leisure by disrupting the remunerated unremunerated home labour within outside household and labour leisure dichotomies and exploring the interrelations between them Based on this the book then identifies the determinants of rural women s labour and leisure and reveals the women s experiences of their changing identities particularly concerning their relationships with their parents in law sisters in law husbands and children Particularly highlighting the interdependence and inequality among women it also reveals their own perception of their identities and relationships and their understanding of husband wife fairness and gender equality Lastly it demonstrates that the prevalent androcentrism in the remote world does not match the increasing husband wife fairness in the local world and argues that this mismatch has caused the complex and paradoxical experiences and subjectivities of these women Given its scope the book is of interest to scholars students and researchers in the fields of sociology anthropology gender and development as well as a general audience looking to explore contemporary rural China **Chinese Women - Living and Working** Anne McLaren, 2005-08-05 Experts in gender politics media studies and anthropology discuss the impact of economic reform and globalization on Chinese women in family businesses management the professions the prostitution industry and domestic service **The Routledge Companion to Modernity, Space and Gender** Alexandra Staub, 2018-03-09 The Routledge Companion to Modernity Space and Gender reframes the discussion of modernity space and gender by examining how modernity has been defined in various cultural contexts of the twentieth and twenty first centuries how this definition has

been expressed spatially and architecturally and what effect this has had on women in their everyday lives In doing so this volume presents theories and methods for understanding space and gender as they relate to the development of cities urban space and individual building types such as housing work spaces or commercial spaces in both the creation of and resistance to social transformations and modern global capitalism The book contains a diverse range of case studies from the US Europe the UK and Asian countries such as China and India which bring together a multiplicity of approaches to a continuing and common issue and reinforces the need for alternatives to the existing theoretical canon **Out to Work** Arianne M. Gaetano, 2015-04-24 Out to Work is a fresh engaging account of the lives of a group of rural Chinese women who while still in their teens moved from villages to Beijing to take up work as maids office cleaners hotel chambermaids and schoolteachers By pursuing new opportunities afforded by migration and strategically applying accumulated knowledge and resources these women were able to forge better lives for themselves and their families But as this book also makes clear broader social inequalities persist to make these women's futures precarious This book's unique approach offers readers an intimate look at the impact of labor migration on young women over a ten year period We follow Gaetano's informants as they adapt to Beijing visit their home villages and move on to new jobs and postmarital homes Gaetano does an excellent job showing how these young female migrants navigate constraints and challenges enhancing their own and their family's social and economic status Hong Kong Colby College This fresh highly readable book demonstrates vividly how gender norms and rural urban inequalities not only shaped women's identities and aspirations but also had palpable physical and material consequences for them Yet despite the discrimination and hardship they experienced they were able to build better lives for themselves Gaetano's book convincingly shows that labor migration has increased many rural women's possibilities for exercising agency Rachel Murphy University of Oxford **Women, Family and the Chinese Socialist State, 1950-2010** Xiaofei Kang, 2019-11-11 This volume includes 14 articles translated from the leading academic history journal in China Historical Studies of Contemporary China Dangdai Zhongguo shi yanjiu It offers a rare window for the English speaking world to learn how scholars in China have understood and interpreted central issues pertaining to women and family from the founding of the PRC to the reform era Chapters cover a wide range of topics from women's liberation women's movement and women's education to the impact of marriage laws and marriage reform and changing practices of conjugal love sexuality family life and family planning The volume invites further comparative inquiries into the gendered nature of the socialist state and the meanings of socialist feminism in the global context **Gender and Agrarian Reforms** Susie Jacobs, 2013-05-13 The redistribution of land has profound implications for women and for gender relations however gender issues have been marginalised from both theoretical and policy discussions of agrarian reform This book presents an overview of gender and agrarian reform experiences globally Jacobs highlights case studies from Latin America Asia Africa and eastern Europe and also compares agrarian and land reforms organised along collective lines as well as along individual household lines This
