Division**

## Re Reading Wagner Monatshefte Occasional Volumes:

**Re-reading Wagner** Reinhold Grimm, Jost Hermand, 1993 This multidisciplinary collection of readings offers suggestive new interpretations of Richard Wagner's ideological position in German history. The issues discussed range from the biographical, the reasons for Wagner's travels, his spotted political life, to the aesthetic and ideological regarding his re-creation of medieval Nuremberg, his representations of gender and nationality, his vocal iconography, his anti-Semitism and his vegetarian arguments, and finally his musical heirs. The essays are written by Tamara S. Evans, Edward R. Haymes, Peter Uwe Hohendahl, Peter Morris Keitel, Alexa Larson Thorisch, Audrius Dundzila, Marc A. Weiner, Jost Hermand, Frank Trommler, and Hans Rudolf Vaget. Avoiding journalistic or iconoclastic approaches to Wagner, these writers depart from the usual uncritical admiration of earlier scholars to develop a stimulating and ultimately cohesive collection of new perspectives.
