THINK LIKE A WINNER Norman Vincent Peale, 2017-01-01 Treasury Of Joy And Enthusiasm Norman Vincent Peale, 2006-10 Joy and enthusiasm Peale points out are eminently cultivable qualities and they are the basic ingredients of a good life These qualities have changed the lives of countless people and now they can and will change yours **Climbing the Beanstalk** Roshmi Roy, 2019-08-27 Whatever you want to achieve in life whatever you want to become the power to do so lies within you You must be willing to seize the opportunities that come your way and take the risks involved Climbing the Beanstalk is the path you need to take to reach the top This book outlines the changes you need to make to your personality and the skills you have to enhance Soft skills is a major area to focus on for your career development You will find here a practical guideline not only on how to develop your personality but also on the soft skills required to make your way in the professional world **A Ten-Part Book to Maximizing Your Potential** Danny Ray Christian, 2015-10-30 Two things you should know about this book are the fact that if you have ever wanted an answer to breaking out of your poverty low self esteem or addiction you will find it here I have drawn on my experience of spending many years dealing with these issues for solutions as to how they can be successfully conquered I am a living testimony that where the mind and spirit leads the body will follow and that we can always do better than we know Secondly when I decided to publish this book I made up my mind that I wasn t going to try and sell it to anyone who isn t tired of being sick and tired and who hasn t reached the point that

they can't go on doing the same old thing expecting different results I know that when people get sick enough of meeting with failure and disappointment you won't have to go looking for them with a cure they will come looking for you I am convinced that as bad as things are for many of us that our suffering is working to drive us to God and the solutions He has enabled concerned people to develop This book is for those who want to do something different than they have always done to get something different than they have always had It may hurt the sale of this book but I don't encourage you to buy it if you are not ready to do some serious work on the problem areas of your life and are tired of making excuses for your life not getting better if you are not doing anything to make it better This book is not for your shelf it is to be used in fixing anything broken in your life mind or spirit
