Genji into a widely read classic reframing our understanding of its significance and influence and of the processes that have canonized the text Emmerich begins with an analysis of the lavishly produced best seller Nise Murasaki inaka Genji A Fraudulent Murasaki s Bumpkin Genji 1829 1842 an adaptation of Genji written and designed by Ryutei Tanehiko with pictures by the great print artist Utagawa Kunisada He argues that this work introduced Genji to a popular Japanese audience and created a new mode of reading He then considers movable type editions of Inaka Genji from 1888 to 1928 connecting trends in print technology and publishing to larger developments in national literature and showing how the one time best seller became obsolete The study subsequently traces Genji s reemergence as a classic on a global scale following its acceptance into the canon of world literature before the text gained popularity in Japan It concludes with Genji s becoming a national classic during World War II and reviews an important postwar challenge to reading the work after it attained this status Through his sustained critique Emmerich upends scholarship on Japan s preeminent classic while remaking theories of world literature continuity and community
